INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Intelligrated, Inc. 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Intelligrated, Inc. 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN:

The following description of the Intelligrated, Inc. 401(k) Savings Plan (the 'Plan') provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2002 covering substantially all full-time employees of Intelligrated, Inc. (the 'Company'). To be eligible to participate in the Plan, an employee must have completed 90 days of service and have attained the age of 18. Employees considered temporary become eligible upon completing one year of service and upon attaining age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ('ERISA') and the Internal Revenue Code of 1986, as amended (the 'Code').

Contributions

Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code) and Roth contributions on a post-tax basis. Participants are also permitted to deposit into the Plan rollover distributions from other qualified plans. The Plan provides for employee salary 401(k) contributions up to a maximum of 75 percent of the annual eligible compensation subject to maximum tax-deferred limitations established by the Code. Employees are automatically enrolled in the Plan at a contribution rate of 4% unless they choose not to defer or choose a different percentage.

The Company matches 100% of the first four percent of participants' eligible deferred compensation. The Company may also make additional discretionary profit sharing contributions. The Company made no discretionary profit sharing contribution for 2013.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings and (c) forfeited non-vested amounts. Allocations are based upon participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately 100% vested in their 401(k) contributions, catch-up contributions and rollover contributions, as adjusted for earnings and losses thereon. For Company contributions prior to 2013, participants vest in Company contributions in accordance with the terms of the Plan and are fully vested after four years of credited service with the Company. Effective January 1, 2013, the Plan adopted a safe harbor amendment, participants are 100% vested in those contributions immediately.

Forfeited accounts

In the event a participant terminates employment prior to 100% vesting, the portion of the employer contributions which have not vested are forfeited at that time. Forfeitures of non-vested balances are applied first to reduce expenses related to the administration of the Plan and then to reduce any employer contributions. At December 31, 2013 and 2012 forfeited non-vested accounts totaled \$27,436 and \$78,975 respectively. In 2013, the Plan used \$105,886 to pay employer matching contributions, and \$48,058 to pay administrative expenses, from forfeited non-vested accounts. The Plan used to \$18,086 in 2012, to pay administrative expenses from forfeited non-vested accounts.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Distributions may generally be made to a participant upon the participant's retirement, death, or termination of employment with the Company. Upon termination, participants whose accounts have never exceeded \$5,000 will receive a single lump sum distribution. Those with balances greater than \$5,000 may elect to leave their funds in the Plan or choose other options. Participants are entitled to benefits beginning at normal retirement age (65).

In-service distributions are permissible from the Plan for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment.

In conditions of "financial hardship", a participant may apply to the plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan is invested in an investment contract through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustments of the investment in the collective trust from fair value to contract value relating to the investment contract. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded at December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant-directed investment programs for investments. Investments of employee contributions and employer contributions can be made into various funds in accordance with each participant's election.

On December 31, 2013, the Plan transferred all of its assets from Principal Trust Company, the trustee of the Plan to T. Rowe Price, the new trustee of the plan. The total amount of assets transferred was \$181,131,170, which includes \$3,548,128 in participant notes receivable, and was received by T. Rowe Price January 2, 2014. Due to the timing of the transfer, \$177,583,042 of the Plan's investments transferred is recorded as cash and \$3,548,128 is recorded as participant notes receivable at December 31, 2013.

Investments whose fair value represents 5% or more of the Plan's net assets at December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
PIMCO Total Return	**	13,109,186
BlackRock Capital Appreciation	**	8,761,364
American Funds EuroPacific Growth	**	7,459,097
MFS Value R4 Fund	**	10,235,885
Principal Large Cap Stock Index	**	15,752,117
Principal Small Cap S&P 600 Index	**	9,707,204
Union Bond and Trust Company		
Stable Value Preferred Fund (at contract value)	**	22,702,935

** Less than 5% of net assets

During the year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Mutual funds	\$ 17,608,065
Pooled separate accounts	10,788,265
Common/collective trust	<u>251,855</u>
	<u>\$ 28,648,185</u>

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair value of the pooled separate investment accounts is based on the fair value of the underlying investments within the fund, which represent the net asset value of the units held by the Plan at year end. The investment objective is the preservation of capital and growth of investments based on different levels of risk. There are no unfunded commitments related to the pooled separate investment accounts and units are redeemable at net asset value.

Common/collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Guaranteed interest account: Guaranteed interest accounts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

<u>Investments at Fair Value as of December 31, 2012</u>

5. GUARANTEED INTEREST ACCOUNT WITH PRINCIPAL LIFE INSURANCE COMPANY:

The Plan has fully benefit-responsive guaranteed interest account with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The guaranteed interest account is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment at December 31, 2013 and 2012 was \$-0- and \$304,822, respectively. The crediting rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact a contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed insurance account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The investment was sold 1/4/2013, resulting in an insignificant amount of interest that period. The average yield based on actual earnings was 3.76% and the average yield based on interest credited to participant accounts was 3.88% for the year December 31, 2012.

6. RELATED PARTY TRANSACTIONS:

Certain Plan investments are pooled separate accounts, a common/collective trust, and a guaranteed interest account managed by Principal Trust Company, trustee of the Plan; therefore these transactions and related earnings qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated September 13, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in accordance with applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. RISK AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. INFORMATION CERTIFIED BY TRUSTEE:

The following information provided by Principal Trust Company was certified to be accurate and complete with respect to the following:

- (a) The assets held by the Principal Trust Company at December 31, 2013 and 2012 as well as the transactions involving these assets from January 1, 2013 to December 31, 2013.
- (b) The amount of investment income for the period from January 1, 2013 to December 31, 2013.
- (c) The Schedule of Assets Held at End of Year at December 31, 2013.

11. RECONCILIATION TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

	<u>2013</u>	<u>2012</u>

Total investment income per Form 5500	\$ <u>29,440,594</u>

12. SUBSEQUENT EVENT:

All assets of the Plan were transferred from Principal Trust Company, the trustees of the Plan on December 31, 2013 to T. Rowe Price. The assets were received by T. Rowe Price on January 2, 2014.
