Plan Administrator and Management
H&K Retirement Savings Plan

We have conducted a DOL limited-scope audit of the financial statements of H&K Retirement Savings Plan ("the Plan") for the year ended December 31, 2013 and have issued our report thereon dated August 20, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 4, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were management's valuation methods and the fair value disclosures related to investments. We evaluated the key factors and assumptions used to develop the these accounting estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were those related to fair value measurements included in Notes 2 and 4 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Significant Audit Findings (Continued)

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. *(see attached Exhibit A).*

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 20, 2014 *(see attached Exhibit B).*

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Observation: During our testing of distributions, we noted when participants request a hardship withdrawal, no supporting documentation is being obtained from the participant before being approved, as required by the hardship request form.

Recommendation: We recommend that management obtain the required supporting documents, as required by the hardship request forms, to support the withdrawal and to prevent participants circumventing the system.

Observation: In our testing of employee salary deferral remittances in 2013, we noted several delayed remittances during the year to the custodian.

Recommendation: Under the DOL guidelines, employee contributions should be remitted to the custodian as soon as reasonably possible. A remittance is considered late if it falls outside the normal remittance period, or more than 15 days after the contributions have been withheld. For example, DOL officials have stated that a prohibited transaction would occur if an employer normally remits the participant contributions to the plan within five days of being withheld (demonstrating the time the contributions can be reasonably segregated), but one time during the year remits the contributions 15 days after being withheld. DOL officials continue to stress that the 15 day maximum period for remittance is not a safe harbor. In other words, plan sponsors should not assume contributions are in compliance with the regulations so long as they are remitted prior to the 15 day limit.

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

****

This information is intended solely for the use of the Plan Administrator and Management of H&K Retirement Savings Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Lane Gorman Trubitt, PLLC

Lane Gorman Trubitt, PLLC
2626 Howell, The Seventh Floor
Dallas, Texas 75204

This representation letter is provided in connection with your audit of the financial statements and supplemental schedule of the H&K Retirement Savings Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Bank of America, N.A.,(the "Custodian"), in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, the following representations made to you during your audit.

Financial Statements

- We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated August 4, 2014, including our responsibility for the preparation and fair presentation of the financial statements.
- We have determined that the Plan's custodian, Bank of America, N.A., qualifies to issue a certification of the Plan's investment activity under Section 2520.103-8 of the United States Department of Labor's Rules and Regulations.
- The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedule referred to above is fairly presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- Administrative expenses paid by the Plan Sponsor on behalf of the Plan will not be reimbursed by the Plan.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.

Financial Statements (Continued)

- Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP and ERISA Section 3(14) and regulations thereunder.
- All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.
- Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, that may jeopardize the tax status) that legal counsel have advised us that must be disclosed have been properly disclosed.
- Material concentrations have been properly disclosed in accordance with U.S. GAAP.
- Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
- Guarantees, whether written or oral, under which the Plan is contingently liable, have been properly recorded or disclosed in accordance with U.S. GAAP.
- The supplemental schedules or financial statements disclose the following:
    - A description of the Plan.
    - All significant estimates and material concentrations know to management that is to be disclosed in accordance with FASB Accounting Standards Codification 275, *Risks and Uncertainties*. We understand that the significant estimates covered by this disclosure are estimates at the date of the statement of net assets that are reasonably possible of changing materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.
    - Assets held for investment.
    - Exempt party-in-interest transactions.
    - Amendments to the Plan instrument, if any.
- We are responsible for making the accounting estimates included in the financial statements. Those estimates reflect our judgment based on our knowledge and experience about past and current events and our assumptions about conditions that we expect to exist and courses of action we expect to take.
- We have reviewed the disclosure checklist and noted no other items that would need to be disclosed.
- As part of your audit, you have drafted the financial statements and related notes and supplemental information. We have designated a competent management-level individual to oversee your services and have made all management decisions and performed all management functions. We have reviewed, approved, and accepted responsibility for those financial statements and related notes and supplementary information.
- Employee contributions receivable were $30,173 and $23,878 at December 31, 2013 and 2012, respectively. Employer contributions to the Plan totaled $430,578 and $399,215 for the years ended December 31, 2013 and 2012, respectively. Employer contributions receivable were $36,833 and $27,107 at December 31, 2013 and 2012, respectively.
- Receivables recorded in the financial statements represent valid claims against debtors for transactions arising on or before the statement of net assets available for benefits and have been appropriately reduced to their estimated net realizable value.
- We are in agreement with the adjusting journal entries you have recommended.

Information Provided

- We have provided you with:
    - Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
    - Additional information that you have requested from us for the purpose of the audit.
    - Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.
    - Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.
    - All minutes of the meetings of the Investment Committee for the period from January 1, 2013 through the date of this letter, or summaries of actions of recent meetings for which minutes have not yet been prepared.
    - Correspondence, filings, reports and determinations with the Internal Revenue Service ("IRS") and DOL related to the Plan's compliance with ERISA and the maintenance of its tax-exempt status.
    - Financial records and related data. In that regard, the payroll information we provided you covered all employees that were eligible to participate in the Plan.
- There are no:
    - Violations or possible violations of laws or regulations (including ERISA, DOL, and Internal Revenue Service regulations) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
    - Unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with FASB Accounting Standards Codification 450).
    - Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB Accounting Standards Codification 450, *Contingencies*.
    - Non-exempt party-in-interest transactions (as defined in ERISA Section 3(14) and regulations under the section) that were not disclosed in the supplemental schedules or financial statements.
    - Investments or loans in default or considered to be uncollectible that were not disclosed in the supplemental schedules.
    - Reportable transactions (as defined in ERISA Section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedules.
    - Delinquent filing requirements with any federal, state, local, or foreign authorities.
- All material transactions have been recorded in the accounting records and are reflected in the financial statements.
- We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:
    - Management,
    - Employees who have significant roles in internal control, or
    - Others where the fraud could have a material effect on the financial statements.
- We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
- We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.
- We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.

Information Provided (Continued)

- We have disclosed to you the identity of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions of which we are aware.
- The Plan has satisfactory title to all owned assets, which are recorded at fair value, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.
- We have no—
    - Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
    - Intentions to terminate the Plan.
- Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
- The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- The methods and significant assumptions used to estimate fair values of financial instruments are based on market values as of December 31, 2013 and 2012. There are no nonreadily marketable securities that need to be valued. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes. We specifically represent that we have analyzed the fair value of investments and agree that both the fair value of investments and the input levels used to determine fair value of investments has been appropriately determined and disclosed in the notes to the financial statements.
- All required filings of Plan documents with the appropriate agencies have been made.
- The Plan is qualified under the appropriate section of the Internal Revenue Code and we intend to continue it as a qualified plan. The Plan Sponsor has operated the Plan in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
- The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.
- The Plan has complied with the fidelity bonding requirements of ERISA.
- We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
- We have reviewed the user control considerations and the Report of Independent Service Auditor's Report on the Description of Merrill Lynch, Pierce, Fenner & Smith, Inc.'s 401(k) Plan Recordkeeping and Trust Services Internal Control System and on the Suitability of the Design and Operating Effectiveness of Controls as of September 30, 2013 and for the period October 1, 2012 through September 30, 2013, and we believe all applicable controls are in place.
- We believe the form and content of the Schedule of Assets (Held at End of Year) is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- We have made the required fee disclosures under ERISA Section 404(a) regulations.

During the course of your audit, you may have accumulated records containing data, which should be reflected in our books and records. All such data have been so reflected. Accordingly, copies of such records in your possession are no longer needed by us.

H&K Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the H&K Retirement Savings Plan, (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Bank of America, N.A, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the H&K Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by H&K International, Inc. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company who have completed one year of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. Bank of America, N.A. (the "Custodian") is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 50 percent of pre-tax annual compensation and 15 percent of after-tax compensation, as defined in the Plan. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan is a "Safe Harbor" Plan. The Company matches 100 percent of the first five percent of each participant's compensation contributed as pre-tax contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income, appreciation (depreciation), and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. For participants enrolling in the Plan on or after January 1, 2005, employer contributions made to participants' accounts are fully vested immediately. For participants enrolled in the Plan prior to January 1, 2005, vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100 percent vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance incurred by the participant during the one-year period ending on the day before the date on which the loan was made or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 10.75 percent. Loans must be repaid within five years except for loans used to acquire the participant's principal residence in which case the term may be extended. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to (1) leave their account in the Plan, (2) receive a single lump-sum distribution which may be directly transferred to another qualified retirement plan or (3) receive installment payments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum distribution. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are first used to offset Plan expenses. Any remaining forfeitures are used to reduce the Company's contributions. Finally, any remaining forfeitures are allocated to participants in the ratio in which their compensation for the Plan year bears to total compensation for the Plan year of all participants. Forfeiture account balances at December 31, 2013 and 2012 were approximately $3,500 and $11,600, respectively. Plan administrative expenses of $2,334 and $501 were paid from forfeited non-vested accounts during 2013 and 2012, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest-bearing cash (money market funds) is valued at cost, which approximates fair value. Interest and other income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Invesco Stable Value Retirement Fund (the "Fund") is a collective trust established and maintained by Invesco National Trust Company, which invests the majority of its assets in the Invesco Stable Value Trust (the "Stable Value Trust") and synthetic guaranteed investment contracts ("SICs"). The Stable Value Trust invests principally in guaranteed interest contracts ("GICs") issued by insurance companies, investment contracts issued by banks, SICs issued by banks, insurance companies, and other issuers, and securities supporting such SICs, and other similar instruments which are intended to maintain a constant net asset value. The primary investment objectives of the Fund are to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Fund attempts to maintain a stable unit value of $1.00, however, there is no assurance that the value of the units in the Fund will not fluctuate. The Fund is considered to be fully benefit-responsive, and the investment contracts in the Fund assure that payments will be made for participant directed withdrawals at contract value. In determining the net assets available for benefits, the Fund is included in the accompanying financial statement at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. For the years ended December 31, 2013 and December 31, 2012, the average yield was 1.3% and 1.5% respectively, and the average yield credited to participants in the Trust was 1.3% and 1.7% respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

The Fund has purchased wrapper contracts from the insurance companies. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments; typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero.

Certain events limit the ability of the Fund to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Plan elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events, described above that could result in the payment of benefits at market value rather than contract value, are not probable of occurring in the foreseeable future.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. Most Plan expenses are offset by forfeitures or are paid by the Company. The portion of expenses paid by the Plan is reflected in the accompanying financial statements and the portion paid by the Company is not reflected in the accompanying financial statements.

3. INVESTMENTS

The fair values of investments that represent 5% or more of the Plan's net assets are as follows:

	December 31,	
	2013	2012
Common/collective trusts:		
Invesco Stable Value Retirement Fund	$ 3,684,046	$ 3,501,655
Mutual funds:		
American Funds Europacific Growth Fund	1,077,169	821,213
American Century Diversified Bond Fund	891,633	725,139
American Century Government Bond Fund	1,393,618	1,241,539
BlackRock Fundamental Growth Fund *	-	701,528
BlackRock Global Allocation Fund *	2,032,435	1,787,296
BlackRock S&P 500 Index Fund *	-	1,303,777
BlackRock S&P 500 Stock Fund*	1,726,667	-

The net appreciation in the fair value of Plan investments of $1,284,026 and $664,236 for the years ended December 31, 2013 and 2012, respectively, is attributable to the investment in mutual funds.

* - Party-in-interest

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2013 and 2012, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Interest bearing cash: Valued at the NAV of units held by the Plan at year end.

Common / collective trusts: Valued based on information using the audited financial statements of the collective trust at year end, based on the fair value of the underlying investments. This investment is valued using the net asset value provided by the administrator of the collective trust. The net asset value is classified within level 2 of the valuation hierarchy because the net asset value price is quoted on an inactive private market although the underlying investments are traded on an active market. The net asset value is used as a practical expedient to determine fair value. The collective trust provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2013:

Description	Level 1	Level 2	Level 3	Total
Mutual funds:				
Large blend funds	$ 5,751,336	$ -	$ -	$ 5,751,336

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2013	December 31, 2012
Investments at fair value:		
Mutual funds	$ 11,279,618	$ 9,152,789
Common/collective trusts	3,684,046	3,501,655
Interest-bearing cash	-	109
Cash	100	100
Notes receivable from participants	566,567	638,904
	$ 15,530,331	$ 13,293,557

	Years Ended December 31, 2013	Years Ended December 31, 2012
Investment income:		
Net appreciation in fair value of investments	$ 1,284,026	$ 664,236
Interest and dividends	565,951	320,728
Total investment income	$ 1,849,977	$ 984,964

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2013 and 2012, there were no reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common/collective trusts managed by affiliates of the Custodian and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. TAX STATUS

The Company has adopted the Merrill Lynch Non-Standardized Prototype Defined Contribution Plan. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 stating that the prototype plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.
