Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2013 and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated August 28, 2013 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Coaxis, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan maintained for the benefit of all eligible employees of Viewpoint, Inc. (the Company or Viewpoint), formerly Coaxis, Inc. The Plan's investment committee manages the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan. The Plan Sponsor and Plan Administrator is Viewpoint. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

Employees who are 21 years of age are eligible to participate in the Plan following three months of service. Eligible employees exclude (1) union employees, (2) certain nonresident aliens, (3) leased employees, and (4) temporary employees.

(c) Contributions

Contributions consist of employee elective deferrals and discretionary employer matching and profit sharing contributions. Participants may voluntarily contribute up to 50% of their compensation to the Plan, limited to $17,500 and $17,000 in 2013 and 2012, respectively, subject to limitation under the Internal Revenue Code (IRC). Participants age 50 and older may elect to make additional catch-up contributions up to the maximum annual amount of $5,500 in 2013 and 2012. Additionally, participants have the ability to rollover amounts from other qualified plans. In 2013 and 2012, the Company made discretionary matching contributions in the amount of 50% of the first 6% of compensation contributed. In addition, the Company may make a profit sharing contribution determined annually at the Company's discretion. The Company did not make profit sharing contributions during 2013 or 2012. Contributions are subject to other limits under the IRC.

Participants are automatically enrolled at a 3% deferral rate unless they elect otherwise.

(d) Participant Accounts

A participant account is valued daily and maintained for each participant, which is credited with the participant's contributions, the Company's contributions, and an allocation of plan earnings and expenses. Allocation of plan earnings and expenses is based upon participant account balances. The benefit to which a participant is entitled is the vested amount in their individual account.

(e) Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus

actual earnings thereon is based on years of continuous service. A participant is 25% vested after two years of credited service and 25% each year thereafter until fully vested.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum of $50,000 not to exceed 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rate was 4.25% as of December 31, 2013 and the loans mature through 2018. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence.

(g) Expenses

The Plan's expenses are substantially paid by Viewpoint or the Plan, as provided by the Plan document. For the years ended December 31, 2013 and 2012, direct expenses of $4,611 and $2,206, respectively, were paid by the Plan. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantifiable.

(h) Payment of Benefits

A participant with an account balance greater than $5,000 may elect to receive a lump-sum distribution or installments, following termination or attainment of age 59½. On termination of service, a participant with a vested account balance over $1,000 but no more than $5,000 will have their account transferred to an individual retirement account (IRA) selected by the Plan Administrator, unless directed by the participant. If the vested account balance is no more than $1,000, unless elected by the participant, the entire account will be paid to the participant in a single lump-sum payment as soon as administratively possible following retirement or termination of employment.

In addition, hardship withdrawals are permitted if certain criteria are met. Participants with hardship withdrawals are prohibited from making contributions to the Plan for six months after receipt of the hardship distribution.

(i) Forfeited Accounts

The balances of terminated participants' nonvested accounts are used to pay Plan expenses or to reduce future employer contributions. During December 31, 2013 and 2012, forfeitures of approximately $1,000 and $7,500, respectively, were available to pay Plan expenses or reduce future employer contributions. During 2013 and 2012, approximately $46,000 and $37,000, respectively, of forfeitures were used to reduce employer contributions.

(j) Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various mutual funds offered by the Plan and investments available through the Fidelity Brokerage Link accounts. The Brokerage Link allows participants to invest in a wide variety of securities including common stocks, bonds, government securities, certificates of deposit and mutual funds. Participants may change their investment options and transfer amounts between funds at any time.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized gains and losses on those investments from one period to the next.

(c) Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Benefits Payments

Benefits are recorded when paid.

(e) Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest.

(3) Investments

The Plan's investments are held by Fidelity. Upon enrollment in the Plan, participants may direct investment of contributions among a variety of investments including a money market fund, mutual funds and a brokerage link option. Participants may change their investment options daily.

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

		2013	2012
Mutual funds:			
Fidelity Contrafund	$	2,083,413	1,565,555
Fidelity Money Market Trust Retirement		1,581,906	1,346,234
Fidelity Freedom 2030		1,089,532	*

Fidelity Freedom 2020		1,235,719	1,062,862
Harbor International Fund		*	818,048

"*" Investment was less than 5% of net assets available for benefits for the year denoted.

During the years ended December 31, 2013 and 2012, the Plan's investments appreciated (depreciated) as follows:

		2013	2012
Mutual funds	$	2,147,010	1,243,983
Brokerage link		(3,462)	-
	$	2,143,548	1,243,983

(4) Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds, common stock and money market funds: Valued at the net asset value as reported on national securities exchanges at the end of each business day.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2013:

		Level 1	Level 2	Level 3	Total

Total investments at fair value	$	15,714,885	-	-	15,714,885

(5) Risks and Uncertainties

The Plan provides for investments that are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances.

(6) Information Certified by the Trustee of the Plan

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Plan's trustee, Fidelity, as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Interest received on notes receivable from participants
- Investment income
- Investments (Note 3)
- Schedule of assets (held at end of year)

(7) Exempt Party-in-Interest Transactions

Certain investments of the Plan are mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these investments represent exempt party-in-interest transactions. Fees for investment management services charged by the trustee are netted against plan earnings.

Additionally, the Plan sponsor, Viewpoint, Inc. is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan which are exempt transactions.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their employer contributions.

(9) Income Tax Status

The Plan uses a prototype plan document provided by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which states that the prototype document as then designed satisfied the applicable provisions of the IRC. The Plan has been amended since the date of the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(10) Plan Merger

On April 30, 2012, the Company acquired Corporate Computer Systems, a document management technology company. Effective August 1, 2012, the Corporate Computer Systems 401(k) Plan was merged into the Plan. As a result of this merger, net assets of $1,162,340 were transferred to the Plan, including $74,431 of outstanding notes receivable from participants.

(11) Subsequent Events

Effective January 31, 2014, the Plan changed its name to Viewpoint, Inc. 401(k) Plan.

On February 6, 2014, the Company acquired Maxwell Systems, Inc. The Maxwell Systems, Inc. 401(k) Plan was merged into the Plan effective May 1, 2014.

The Plan evaluated subsequent events through September 18, 2014, the date these financial statements were available to be issued.
