We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the Custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the Custodians is complete and accurate.

NOTE 1. PLAN DESCRIPTION

The following description of the SCOI 401(k) Plan and Trust (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who have been employed for at least three months by Southern California Orthopedic Institute and participating employers (collectively, the "Company" and the "Plan Sponsor"), have worked at least 250 hours and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of their pre-tax compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Company made discretionary matching contributions of 50 percent of the participant's deferral up to four percent of compensation, not to exceed $750 each quarter. The Company discretionary matching contribution was $238,060 for the year ended December 31, 2013. The Company may also make discretionary profit sharing contributions. Participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to be eligible for Company discretionary profit sharing contributions. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2013.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 25 percent after two years of service and an additional 25 percent each year thereafter until 100 percent vested upon five years of service. While still employed by the Company, if a participant becomes disables, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce future Company contributions. During the year ended December 31, 2013, no forfeitures were utilized. As of December 31, 2013, there were $12,558 of forfeitures available for future use.

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in accordance with the Plan.

NOTE 1. PLAN DESCRIPTION (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively the "Custodians" and "Great West").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Custodians and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by Great West using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Guaranteed Interest Contract – Valued at contract value based upon participant contributions made in the fund, plus interest credited to the fund, less withdrawals and fees, which approximates fair value and therefore classified as Level 2 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Great West and affiliates received $57,473 for loan administration and transaction fees that were paid by participants through the Plan and receives indirect compensation based on a formula. Additionally, the Plan's broker received indirect compensation of $32,693 for services rendered.

NOTE 4. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

NOTE 4. INVESTMENTS (Continued)

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2013	2012
American Funds 2025 Target Date Fund	$ 1,177,342	$ 938,801
American Funds 2035 Target Date Fund	1,250,893	983,554

Vanguard Index Trust Total Stock Market Fund	954,809	740,993

* Fund was not an option in the Plan as of December 31.

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was $2,127,237.

Plan investment options include the Guaranteed Portfolio Fund. The crediting interest rates as of December 31, 2013 and 2012 on the Guaranteed Portfolio Fund were 1.26 percent and 1.45 percent, respectively. The crediting interest rate on the Guaranteed Portfolio Fund is reset on a quarterly basis.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 11, 2009. The Company routinely self reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodians and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits of $14,595,745 and $241,612, respectively, as of December 31, 2013 and $11,895,857 and $237,017, respectively, as of December 31, 2012.

b. Net appreciation of investments of $2,127,237, interest and dividend income on investments of $2,003 and $610,283, respectively, and interest income on notes receivable from participants of $9,713 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 4.25 percent. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 24, 2014, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as described below.

Effective January 21, 2014, the majority of the Plan's assets were transferred from Great West to ADP Retirement Services. The Guaranteed Portfolio Fund will remain with Great West until the expiration of a one year holding provision.
