Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds investment options for participants. Additional profit-sharing amounts may be contributed at the option of each Company's board of directors and are invested according to the participant's direction. Contributions are subject to certain limitations. Participant contributions may be matched by their respective employer if such Company has elected a matching provision.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) the Plan's earnings. NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 1: DESCRIPTION OF PLAN (continued)

D. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants become vested in matching and discretionary contributions according to provisions defined by each member Company.

E. Notes Receivable from Participants

A participant may receive a loan based on a loan program set forth by the Plan. The minimum loan is \$1,000 and the maximum is \$50,000, not to exceed 50% of the participant's vested account balance. Loans are repaid through payroll deductions over a maximum of five years. A participant can have only one loan outstanding. Current loans bear interest at a rate of 4.25%.

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. Forfeited Accounts

During 2013, \$2,296 of forfeitures was used to offset employer contributions and pay for plan expenses. At December 31, 2013 and 2012, forfeited and non-vested accounts totaled \$1,388 and \$3,684, respectively. These accounts may be used to reduce future employer contributions or pay plan expenses.

H. Excess Contributions

Amounts payable to participants totaling \$41,456 for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included in benefits paid to participants. Also included in benefits paid to participants is \$40,961 for contributions in excess of amount allowed by the IRS relating to the 2012. The Plan distributed the 2013 and 2012 excess contributions to the applicable participants prior to March 15, 2014 and 2013, respectively.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

A. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

MULTIPLE-EMPLOYER 401(k) PROFIT-SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (continued)

B. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Payment of Benefits

Benefits are recorded when paid.

D. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

E. Subsequent Events

For the year ended December 31, 2013, the Company has evaluated subsequent events for potential recognition and disclosure through August 26, 2014, the date of financial statement issuance.

NOTE 3: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include –

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COBALT ASTRA INC.
MULTIPLE-EMPLOYER 401(k) PROFIT-SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds

Fair value of the shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

Guaranteed Investment Contract

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as the reporting date.

At December 31, 2013, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated June 16, 2009, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. Management believes there are no such positions as of December 31, 2013, and, accordingly, no liability has been accrued. However, tax years through December 31, 2013, remain subject to examination.

NOTE 7: RELATED-PARTY TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in interest transactions.
