INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Houston Distributing Company, Inc.
Tax Advantage Retirement Savings Plan

We have audited the accompanying financial statements of the Houston Distributing Company, Inc. Tax Advantage Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Houston Distributing Company, Inc. Tax Advantage Retirement Savings Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule on page 11, together referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Houston Distributing Company, Inc.
Tax Advantage Retirement Savings Plan

We have audited the accompanying financial statements of the Houston Distributing Company, Inc. Tax Advantage Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Houston Distributing Company, Inc. Tax Advantage Retirement Savings Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule on page 11, together referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

TAX ADVANTAGE RETIREMENT SAVINGS PLAN
Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Houston Distributing Company, Inc. Tax Advantage Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General. The Plan is a defined contribution, contributory plan covering all full time employees who have one year of service and are age 21 and older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Employer Supplemental Contributions. Employer Supplemental Contributions may be made by Houston Distributing Company, Inc. (the Company) from its current or accumulated earnings and profits at the option of the Company's Board of Directors. The contributions are allocated to participants based on the percentage of their compensation to the total compensation paid to participants during the plan year.

C. Employee Savings Contributions. Each participant in the Plan may elect to make Savings Contributions at a rate of not more than 100 percent of their compensation. These contributions are made through before-tax payroll deductions and are deposited into the participant's savings contribution account within the funds established by the Plan.

D. Employer Matching Contributions. The Company shall make Matching Contributions equal to fifty (50) percent of the Employee Savings Contributions, up to 6% of compensation of each participant.

E. Employee Rollover Contributions. Any participants, with the approval of the Company, may rollover an amount to the Plan from another qualified plan. The rollover contributions are deposited into the participant's rollover contribution account within the funds established by the Plan.

F. Participant Accounts. Each participant shall have four regular accounts, an Employer Supplemental Contribution Account, an Employee Savings Account, an Employee Voluntary Contribution Account and an Employer Matching Account. If applicable, a participant may also have a Rollover Account. Each account for each participant is credited with the Company or participant contribution applicable to each account and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts. Forfeitures of terminated participants' nonvested accounts are allocated to reduce the Company's contributions in the following year. Any remaining forfeiture amounts are then used to reduce the employer matching contributions for the Plan year immediately following the Plan year in which the forfeiture occurs.

G. Vesting. Vesting is based on the participant's years of continuous service. A participant is one hundred (100) percent vested after five (5) years of credited service.

H. Payment of Benefits. On termination of service, a participant may receive a lump-sum amount equal to the value of their account, or the value of their account may be distributed to them using another method as approved by the Plan's Administrative Committee.

I. Notes Receivable from Participants. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.25%. Principal and interest is paid ratably through payroll deductions.

J. Forfeited Accounts. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $6,781 and $2,117, respectively. These accounts will be used to pay plan expenses or reduce employer contributions. Also, in 2013, plan expenses were reduced by $2,117 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

B. Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Benefit Payments. Benefits are recorded when paid.

E. Subsequent Events. Subsequent events have been evaluated through September 23, 2014, which is the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred (100) percent vested in their accounts.

4. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 13, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2010.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common/Collective Trusts – The fair value is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2013 and 2012, respectively.

December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$616,061	n/a	Daily	30 days

December 31, 2012	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$916,643	n/a	Daily	30 days

6. INVESTMENTS

The Plan's investments are held in various mutual funds and common or collective trusts. Plan participants are given the option to invest all or a portion of their account balances in these various mutual fund or common or collective trust accounts. The various mutual fund or common or collective trust accounts differ in the types of investments they hold, with varying maturities and risks. The fair value of the investments held for investment purposes at December 31, 2013, is presented as supplementary information attached to these financial statements on page 15. All investments are stated at fair value as determined by quoted market prices. The following table presents the fair value of those investments. Investments that represent 5% or more of the Plan's net assets are separately identified.

	Fair Value of Investments			
	December 31, 2013		December 31, 2012	
	Number of Shares or Principal Amount	Fair Value	Number of Shares or Principal Amount	Fair Value

Other		107,573		150,633
		$ 20,912,891		$ 16,974,522

During 2013 and 2012, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by $2,911,432 and $1,165,418, respectively, as follows:

	Net Appreciation (Depreciation) in Fair Value	
	Year Ended December 31, 2013	Year Ended December 31, 2012
Investments at Fair Value as Determined by Quoted Market Price		
Common / Collective Trusts	$ 2,025	$ 4,317
Mutual Funds	2,909,432	1,161,101
Net Appreciation (Depreciation) in Fair Value	$ 2,911,418	$1,165,418

7. GURARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2013 and 2012, the Plan was entered into benefit-responsive guaranteed investment contracts with the Union Bond & Trust Company Morley Stable Value Fund. The fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Stable Value Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012, was $616,061 and $916,643, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. A number of factors can influence future crediting rates, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees. The gross crediting rate formula is also subject to re-negotiation by the contract issuer and /or the contract holder. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants is probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for the years ended December 31, 2013 and 2012 are as follows:

	2013	2012
Blended Net Crediting Rate	1.17%	1.42%
Market Yield	1.25%	.087%

8. NOTES RECEIVABLE - PARTICIPANTS

The Plan may make loans to its participants who meet certain eligibility requirements. Among the eligibility requirements are the following:

A) Total loans to a participant may not exceed the lesser of (a) $50,000 or (b) one-half of their vested account balances.

B) The term of the loans shall not exceed five (5) years, except for mortgage loans as outlined in the Plan. Interest is charged at prevailing bank rates.

C) In the event of the termination of a participant, their principal and interest becomes due and payable and the loans will be satisfied before their vested interest is distributed.

At December 31, 2013, the Plan had loans to 124 participants with a combined principal balance of $1,060,735. At December 31, 2012, the Plan had loans to 117 participants with a combined principal balance of $1,013,085.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RELATED PARTY TRANSACTIONS

The plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the plan, including the company. These transactions qualify as parties-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.
