Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the plan. Their report dated October 2, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DIVERSITECH CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note A

Description of Plan

The following description of DiversiTech Corporation 401(k) Profit Sharing Plan (the company) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General:

The plan is a defined contribution plan covering all employees who have attained age 21. Employees are eligible to participate on the first day of the quarter following their date of hire. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the plan. The investment committee determines the appropriateness of the plan's investment offerings, monitors investment performance, and reports to the plan's Board of Trustees.

Contributions:

Each year, participants may elect to contribute between 1 - 90 percent of eligible compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. Contributions are subject to certain Internal Revenue Service limitations.

Each year, the sponsor may make matching contributions equal to a discretionary percentage, to be determined by the sponsor, of the participant's salary deferral. For 2013, the employer matched 35 percent up to the first 6 percent of base compensation that a participant contributed to the plan.

Participant Accounts:

Each participant's account is credited with the participant's contribution and company matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note A

Description of Plan (Continued)

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the vested balance of the participant's account. The loan interest rate is selected by the administrator. The rates of interest range from 4.25 percent to 7.25 percent for 2013 and 2012. The loans are to be paid over five years through level monthly installments unless the notes were used to purchase a primary residence in which case the note terms may not exceed thirty years.

Payments of Benefits:

On termination of service due to death, disability, or retirement, a participant or designated beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a 10-year period. If a participant continues to work after the age of 65, he or she may defer the distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or a rollover into another qualified plan or IRA.

Forfeited Accounts:

Forfeited accounts are used to reduce future employer contributions. During the year ended December 31, 2013, \$25,463 was used to reduce matching contributions. The balance of forfeited accounts was \$4,182 and \$10,226 at December 31, 2013 and 2012, respectively.

Note B

Summary of Accounting Policies

Basis of Accounting:

The financial statements of the plan are prepared using the accrual basis of accounting.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DIVERSITECH CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note B

Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's investment committee determines the plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is reflected.

Corrective Distributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding distribution. The plan distributed a portion of the 2013 excess contributions to the applicable participants prior to March 15, 2014.

Risks and Uncertainties:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits:

Benefits are recorded when paid.

Note B

Summary of Accounting Policies (Continued)

Expenses:

Certain expenses of maintaining the plan are paid directly by the company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, participant fees, short term investment fees, and overnight distribution fees are charged directly to the participants' accounts and are included in administrative expenses. Investment related to expenses are included in net appreciation of fair value of investments.

Note C

Investments

The following presents investments that represent five percent or more of the plan's net assets:

	December 31,	
	<u>2013</u>	<u>2012</u>
Fidelity Balanced	\$ 1,129,566	\$ 0
Fidelity Retirement Money Market Portfolio	717,048	671,456

Oakmark Equity & Income Class I	0	814,741
Wells Fargo Advantage Growth Fund Administrator Class	560,812	413,804
Assets representing less than five percent	<u>4,848,132</u>	<u>3,425,389</u>
	<u>\$ 8,335,101</u>	<u>\$ 6,444,443</u>

During 2013, the plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$928,733.

Note D

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

DIVERSITECH CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note D

Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Money market fund: The money market fund is valued using the amortized cost of penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In the event of plan termination, participants will become 100 percent vested in their employer contributions.

DIVERSITECH CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note F

Tax Status

The plan is a prototype plan that has received a determination letter from the Internal Revenue Service, dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's counsel believe that the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2010.

Related-Party and Party In Interest Transactions

Certain plan investments are shares of a money market fund or mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee to the plan and, therefore these transactions qualify as party in interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

Administrative expenses for transaction fees, including loan set up fees, participant fees, and distribution overnight fees, of \$7,912 were paid by the plan during the year ended December 31, 2013 to Fidelity Investments Institutional. Fees incurred by the plan for the investment management services are included in net appreciation in for value of the investment, rather than a direct payment. The plan sponsor pays directly any other fees related to plan operations.
