The plan administrator has obtained a certification from the trustee as of December 31, 2013, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

COAST SIGN, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN

The following description of the Coast Sign, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement as well as any plan amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Coast Sign, Inc (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 21 years of age are eligible to participate in the Plan on the first day of the month coinciding with or following the completion of 3 months of service.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 80% of eligible pre-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching or profit sharing contributions as determined annually by the Board of Directors. For the year ended December 31, 2013, the Company made no discretionary matching or profit sharing contributions.

The Plan was amended on January 1, 2014, to include Company matching contributions of 100% of participants' deferrals, up to the first 3% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary matching or profit sharing contributions, if any, (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN - (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate will generally be the prime interest rate charged by banks, as published by the *Wall Street Journal*, plus 2%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding $1,000, but not exceeding $5,000, may be immediately rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump sum payment. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and/or profit sharing contributions, plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or pay Plan expenses. As of December 31, 2013 and 2012, the amount of available forfeitures totaled $2,011 and $1,823, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Plan Expenses and Administrative Fees

Plan expenses and administrative fees are generally paid by the Plan, unless paid by the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditors' report, which is the date the accompanying financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule of assets (held at end of year) as of December 31, 2013 and 2012, and for the year ended December 31, 2013.

	2013	2012
Registered investment companies	$ 1,810,239	$ 1,666,679
Common/collective trusts	139,777	131,251
Notes receivable from participants	80,165	103,740
Net appreciation in fair value of investments	181,203	n/a
Interest and dividends	113,151	n/a
Other income	3,134	n/a
Interest income on notes receivable from participants	3,388	n/a

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

5. FAIR VALUE MEASUREMENTS - (Continued)

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common/collective trusts: These investments are primarily valued at the NAV of shares held by the Plan at year end. The NAV of these common/collective trusts is based upon the market value of the underlying investments and observable level 1 or level 2 pricing inputs. One of the common/collective trusts contains synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS - (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Description	Total	Level 1	Level 2	Level 3

Total investments at fair value	$ 1,797,930	$ 1,666,679	$ 131,251	$ -

5. FAIR VALUE MEASUREMENTS - (Continued)

In regards to the classification of investment options offered by the plan, there were no reclassifications between levels 1, 2 or 3 during the year ended December 31, 2013. The nature, risks and investment objectives of the Level 2 investment category described above, for which fair value is estimated at NAV, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2013, there were no unfunded commitments associated with any of these investments.

6. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012:

	2013
Alger Capital Appreciation Institutional	$ 143,588
JPMorgan Core Bond Fund	120,886
Lord Abbett Developing Growth	193,799
Putnam Equity Income Fund	271,766
SSGA Cash Series US Government Fund	103,294
T. Rowe Price Retirement 2025	132,911

	2012

T. Rowe Price Retirement 2025	102,132
T. Rowe Price Retirement 2030	143,970
SSGA Cash Series U.S Government Fund	127,426

For the year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $181,203 as follows:

Registered investment companies	$ 176,303
Common/collective trusts	4,900
	$ 181,203

7. TAX STATUS

The Company adopted a Standardized Prototype 401(k) and Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS), on March 31, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by State Street Bank and Trust Company, the trustee of the Plan. The Plan paid $5,079 in contract administration fees to third party service providers during 2013. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2013:
