NOTES TO FINANCIAL STATEMENTS

1) Description of Plan

The following description of the Vesta Intermediate Funding, Inc. Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General—

The Plan is a defined contribution plan covering all employees of Vesta Intermediate Funding, Inc. (the "Company") who have three months of service, are age 21 or older, have elected to participate, and who are not members of a collective bargaining unit. The Plan also includes a profit sharing contribution and a participant deferral election. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions—

Participants may elect to make voluntary pre-tax contributions from 1% up to 90% of their compensation into their participant deferral accounts through payroll deductions in accordance with annual dollar limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also accepts Roth elective deferrals. The Company contributes 100% of elective deferrals up to 4% of eligible earnings as a safe harbor employer match contribution. Additional amounts may be contributed at the option of the Company. No discretionary contributions were made during the year ended December 31, 2013.

C. Participant Accounts—

A separate account is maintained for each participant. The participants' deferral accounts are invested in common/collective trusts and registered investment companies. The earnings are credited directly to participants' accounts on a daily basis. The participant and Company contributions are invested based upon participant direction. Participants may elect to change the allocation of their contributions and Company contributions among the available funds at any time. Participants are also able to redistribute accumulated contributions and earnings thereon among these funds.

VESTA INTERMEDIATE FUNDING, INC.
PROFIT SHARING PLAN & TRUST
Notes to Financial Statements

D. Vesting—

Participants are always 100% vested in their deferral contributions and Company safe harbor employer match contributions, plus actual earnings thereon. Participants become vested in their portion of Company discretionary nonelective contributions plus earnings thereon over a six year period based upon years of service (as defined in the Plan). Participants become fully vested in Company discretionary nonelective contributions upon death while in the employ of the Company, disability retirement, reaching normal retirement age, or upon termination of the Plan.

E. Payment of Benefits—

Upon termination of service due to retirement, disability, or death, a participant or designated beneficiary may elect to receive either a lump sum amount or installments equal to the value of the participant's account balance, subject to the vesting provisions of the Plan. The Plan also provides for hardship withdrawals and in-service withdrawals. Participants are eligible for in-service withdrawals after reaching age 59½ and at any age on account of financial hardship.

F. Forfeitures—

Former participants' nonvested balances in their Company discretionary nonelective contribution accounts become forfeitable after distribution of the participants' entire vested account balance or after five consecutive "break in service" years (as defined in the Plan). Forfeitures will be used to pay plan expenses or reduce future Company safe harbor or discretionary nonelective contributions. During 2013, no forfeited nonvested accounts were used to offset Company contributions. As of December 31, 2013 and 2012, there were no unallocated forfeitures.

G. Participant Loans—

Loans are available to participants in amounts up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Loan repayments are required through payroll deductions. Loans bear interest at rates ranging from 4.25% to 8.50% as of December 31, 2013 and 2012. All loans are collateralized by the participant's account balance.

2) Summary of Significant Accounting Policies

A. Basis of Accounting—

The accompanying financial statements have been prepared on the accrual basis of accounting wherein additions to net assets and deductions from net assets are reflected in the period earned or incurred.

B. Estimates—

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments—

The Plan's investments are held and managed by Fidelity Management Trust Company ('Fidelity').

Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value by creating a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). A further description of the inputs used in the valuation of assets and liabilities under the three levels is as follows:

Level 1 – Inputs represent unadjusted quoted prices for identical assets or liabilities exchanged in active markets that the Plan has the ability to access.

Level 2—Inputs include directly or indirectly observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities exchanged in active or inactive markets, quoted prices for identical assets or liabilities exchanged in inactive markets, or other inputs that are considered in fair value determinations of the assets or liabilities.

Level 3—Inputs are unobservable inputs and are significant to the measurement of assets and liabilities.

VESTA INTERMEDIATE FUNDING, INC.
PROFIT SHARING PLAN & TRUST
Notes to Financial Statements

C. Investments, continued—

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's valuation methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Common/collective trusts.* Valued at the closing price reported by the trustee.
- *Registered investment companies.* Valued at the net asset value of shares held by the plan at year-end.

Plan assets measured at fair value in the financial statements as of December 31, 2013 are summarized in the following table by level within the fair value hierarchy:

	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Common/collective trusts	\$ -	\$ 502,454	\$ -	\$ 502,454
Registered investment companies	10,264,526	-	-	10,264,526
Total	<u>\$ 10,264,526</u>	<u>\$ 502,454</u>	<u>\$ -</u>	<u>\$ 10,766,980</u>

VESTA INTERMEDIATE FUNDING, INC.

Notes to Financial Statements

C. Investments, continued—

Plan assets measured at fair value in the financial statements as of December 31, 2012 are summarized in the following table by level within the fair value hierarchy:

	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Common/collective trusts	\$ -	\$ 417,853	\$ -	\$ 417,853
Registered investment companies	8,113,962	-	-	8,113,962
Total	<u>\$ 8,113,962</u>	<u>\$ 417,853</u>	<u>\$ -</u>	<u>\$ 8,531,815</u>

D. Notes Receivable from Participants—

Notes receivable from participants consist of participant loans as described in Note 1.G. and are measured at their unpaid principal balance plus any accrued but unpaid interest.

E. Administrative Expenses—

Substantially all of the professional fees incurred in conjunction with the Plan are paid by the Company. Administrative and other expenses incurred in conjunction with the Plan are paid by the Plan.

F. Net Appreciation in Fair Value of Investments—

Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments. Realized gains and losses recognized on investments are calculated by comparing the sales proceeds to the value of the investment at the beginning of the plan year. If the investment is purchased in the same year as the sale, the gain or loss is calculated by comparing the sales proceeds to the purchase price.

Unrealized gains and losses represent the difference between the investment's fair value at the end of the plan year and the fair value of the investment at the beginning of the plan year, or its cost if purchased during the current period.

VESTA INTERMEDIATE FUNDING, INC.
PROFIT SHARING PLAN & TRUST
Notes to Financial Statements

3) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4) Investment Information Certified by the Trustee

The plan administrator has elected the method of annual compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2013 and 2012, the supplemental Schedule H, Part IV (4i) - Schedule of Assets Held for Investment Purposes as of December 31, 2013, and the related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

The fair values of individual investments that represent 5% or more of the net assets available for plan benefits at December 31, 2013 and 2012 are as follows:

		<u>2013</u>		<u>2012</u>
Allianz NFJ Small - Cap Value Fund	\$	588,734	\$	*
Fidelity Contrafund	\$	757,121	\$	518,843
T. Rowe Price Retirement 2020 Fund	\$	651,467	\$	667,746
T. Rowe Price Retirement 2030 Fund	\$	1,245,772	\$	1,279,898
T. Rowe Price Retirement 2040 Fund	\$	1,401,196	\$	1,074,263
T. Rowe Price Retirement 2050 Fund	\$	713,375	\$	552,057

* Investment represented less than 5% of the Plan's net assets

5) Party-in-Interest

Fidelity, the trustee of the Plan, manages certain plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets held for investment purposes.

VESTA INTERMEDIATE FUNDING, INC.
PROFIT SHARING PLAN & TRUST
Notes to Financial Statements

6) Income Taxes

The Plan adopted the Fidelity Management & Research Company Volume Submitter Profit Sharing Plan with CODA. The Internal Revenue Service has determined and informed Fidelity Management & Research Company that the Prototype Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan follows the provisions of FASB ASC 740-10 *Income Taxes*, which clarifies the accounting for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The provisions of FASB ASC 740-10 do not have an effect on the Plan.

The Plan's federal income tax returns are subject to examination by the Internal Revenue Service, generally for three years after they were filed.

7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial termination of the Plan, participants will become 100% vested in their accounts.

8) Subsequent Events

Plan management has evaluated subsequent events through September 15, 2014, which is the date these financial statements were issued. All subsequent events requiring recognition as of December 31, 2013, have been incorporated into these financial statements herein.

NOTES TO FINANCIAL STATEMENTS

1) Description of Plan

The following description of the Vesta Intermediate Funding, Inc. Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General—

The Plan is a defined contribution plan covering all employees of Vesta Intermediate Funding, Inc. (the "Company") who have three months of service, are age 21 or older, have elected to participate, and who are not members of a collective bargaining unit. The Plan also includes a profit sharing contribution and a participant deferral election. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions—

Participants may elect to make voluntary pre-tax contributions from 1% up to 90% of their compensation into their participant deferral accounts through payroll deductions in accordance with annual dollar limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also accepts Roth elective deferrals. The Company contributes 100% of elective deferrals up to 4% of eligible earnings as a safe harbor employer match contribution. Additional amounts may be contributed at the option of the Company. No discretionary contributions were made during the year ended December 31, 2013.

C. Participant Accounts—

A separate account is maintained for each participant. The participants' deferral accounts are invested in common/collective trusts and registered investment companies. The earnings are credited directly to participants' accounts on a daily basis. The participant and Company contributions are invested based upon participant direction. Participants may elect to change the allocation of their contributions and Company contributions among the available funds at any time. Participants are also able to redistribute accumulated contributions and earnings thereon among these funds.

D. Vesting—

Participants are always 100% vested in their deferral contributions and Company safe harbor employer match contributions, plus actual earnings thereon. Participants become vested in their portion of Company discretionary nonelective contributions plus earnings thereon over a six year period based upon years of service (as defined in the Plan). Participants become fully vested in Company discretionary nonelective contributions upon death while in the employ of the Company, disability retirement, reaching normal retirement age, or upon termination of the Plan.

E. Payment of Benefits—

Upon termination of service due to retirement, disability, or death, a participant or designated beneficiary may elect to receive either a lump sum amount or installments equal to the value of the participant's account balance, subject to the vesting provisions of the Plan. The Plan also provides for hardship withdrawals and in-service withdrawals. Participants are eligible for in-service withdrawals after reaching age 59½ and at any age on account of financial hardship.

F. Forfeitures—

Former participants' nonvested balances in their Company discretionary nonelective contribution accounts become forfeitable after distribution of the participants' entire vested account balance or after five consecutive "break in service" years (as defined in the Plan). Forfeitures will be used to pay plan expenses or reduce future Company safe harbor or discretionary nonelective contributions. During 2013, no forfeited nonvested accounts were used to offset Company contributions. As of December 31, 2013 and 2012, there were no unallocated forfeitures.

G. Participant Loans—

Loans are available to participants in amounts up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Loan repayments are required through payroll deductions. Loans bear interest at rates ranging from 4.25% to 8.50% as of December 31, 2013 and 2012. All loans are collateralized by the participant's account balance.

2) Summary of Significant Accounting Policies

A. Basis of Accounting—

The accompanying financial statements have been prepared on the accrual basis of accounting wherein additions to net assets and deductions from net assets are reflected in the period earned or incurred.

B. Estimates—

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments—

The Plan's investments are held and managed by Fidelity Management Trust Company ('Fidelity').

Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value by creating a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). A further description of the inputs used in the valuation of assets and liabilities under the three levels is as follows:

Level 1 – Inputs represent unadjusted quoted prices for identical assets or liabilities exchanged in active markets that the Plan has the ability to access.

Level 2—Inputs include directly or indirectly observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities exchanged in active or inactive markets, quoted prices for identical assets or liabilities exchanged in inactive markets, or other inputs that are considered in fair value determinations of the assets or liabilities.

Level 3—Inputs are unobservable inputs and are significant to the measurement of assets and liabilities.

Notes to Financial Statements

C. Investments, continued—

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's valuation methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Common/collective trusts.* Valued at the closing price reported by the trustee.
- *Registered investment companies.* Valued at the net asset value of shares held by the plan at year-end.

Plan assets measured at fair value in the financial statements as of December 31, 2013 are summarized in the following table by level within the fair value hierarchy:

	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Common/collective trusts	\$ -	\$ 502,454	\$ -	\$ 502,454
Registered investment companies	10,264,526	-	-	10,264,526
Total	<u>\$ 10,264,526</u>	<u>\$ 502,454</u>	<u>\$ -</u>	<u>\$ 10,766,980</u>

C. Investments, continued—

Plan assets measured at fair value in the financial statements as of December 31, 2012 are summarized in the following table by level within the fair value hierarchy:

	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Common/collective trusts	\$ -	\$ 417,853	\$ -	\$ 417,853
Registered investment companies	8,113,962	-	-	8,113,962
Total	<u>\$ 8,113,962</u>	<u>\$ 417,853</u>	<u>\$ -</u>	<u>\$ 8,531,815</u>

D. Notes Receivable from Participants—

Notes receivable from participants consist of participant loans as described in Note 1.G. and are measured at their unpaid principal balance plus any accrued but unpaid interest.

E. Administrative Expenses—

Substantially all of the professional fees incurred in conjunction with the Plan are paid by the Company. Administrative and other expenses incurred in conjunction with the Plan are paid by the Plan.

F. Net Appreciation in Fair Value of Investments—

Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments. Realized gains and losses recognized on investments are calculated by comparing the sales proceeds to the value of the investment at the beginning of the plan year. If the investment is purchased in the same year as the sale, the gain or loss is calculated by comparing the sales proceeds to the purchase price.

Unrealized gains and losses represent the difference between the investment's fair value at the end of the plan year and the fair value of the investment at the beginning of the plan year, or its cost if purchased during the current period.

3) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4) Investment Information Certified by the Trustee

The plan administrator has elected the method of annual compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2013 and 2012, the supplemental Schedule H, Part IV (4i) - Schedule of Assets Held for Investment Purposes as of December 31, 2013, and the related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

The fair values of individual investments that represent 5% or more of the net assets available for plan benefits at December 31, 2013 and 2012 are as follows:

		<u>2013</u>		<u>2012</u>
Allianz NFJ Small - Cap Value Fund	\$	588,734	\$	*
Fidelity Contrafund	\$	757,121	\$	518,843
T. Rowe Price Retirement 2020 Fund	\$	651,467	\$	667,746
T. Rowe Price Retirement 2030 Fund	\$	1,245,772	\$	1,279,898
T. Rowe Price Retirement 2040 Fund	\$	1,401,196	\$	1,074,263
T. Rowe Price Retirement 2050 Fund	\$	713,375	\$	552,057

* Investment represented less than 5% of the Plan's net assets

5) Party-in-Interest

Fidelity, the trustee of the Plan, manages certain plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets held for investment purposes.

6) Income Taxes

The Plan adopted the Fidelity Management & Research Company Volume Submitter Profit Sharing Plan with CODA. The Internal Revenue Service has determined and informed Fidelity Management & Research Company that the Prototype Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan follows the provisions of FASB ASC 740-10 *Income Taxes*, which clarifies the accounting for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The provisions of FASB ASC 740-10 do not have an effect on the Plan.

The Plan's federal income tax returns are subject to examination by the Internal Revenue Service, generally for three years after they were filed.

7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial termination of the Plan, participants will become 100% vested in their accounts.

8) Subsequent Events

Plan management has evaluated subsequent events through September 15, 2014, which is the date these financial statements were issued. All subsequent events requiring recognition as of December 31, 2013, have been incorporated into these financial statements herein.
