HUNTER INDUSTRIES HOLDING COMPANY, LTD. 401(k) SAVINGS PLAN
Notes to Audited Financial Statements
December 31, 2013 and 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan (the "Plan") are maintained on the accrual basis of accounting.

Recognition of Income: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using the adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments Valuation and Income Recognition: The Plan's investments are stated at fair value using quoted market prices at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Concentrations of Credit Risk: Concentration of credit risk with respect to mutual funds are reduced as a result of the diversity of the underlying investments.

Use of Estimates: The preparation of financial statements in conformity with United States generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

NOTE B - DESCRIPTION OF THE PLAN

The following description of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established March 1, 1996, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all full-time employees of the Plan Sponsors who are 21 or older and have one year of service.

Companies or affiliates of the Plan Sponsor with employees included in the Plan during 2013 and 2012 included the following:

Hunter Industries, Ltd.
Colorado Materials, Ltd.
Weisman Equipment Company, Ltd.

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B - DESCRIPTION OF THE PLAN - (continued)

Contributions: The employer may contribute to the Plan each year a discretionary amount which is allocated to participants. In addition, the employer may match a portion of the employees' contributions. Each year, participants may contribute up to 100% of their pretax annual compensation, subject to certain limitations and as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans.

Participant accounts: Each participant's account is credited with their contribution and allocations of the Plan Sponsor contributions and Plan earnings. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans: Participant loans are not allowed under the Plan.

Vesting: Participants are one hundred percent (100%) vested at all times in their voluntary contributions. A participant's interest in the contributions the employer makes to the Plan becomes 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes vested in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations.

Payment of Benefits: Payment of the vested account balance will begin no later than the sixtieth day after the end of the year during which the participant reaches normal retirement age, dies or terminates employment, whichever is later. If the total vested account balance is less than $5,000, the participant will receive a single lump sum payment. If the vested account balance is equal to or greater than $5,000 various payment options are available and are described more fully in the Plan agreement. Hardship withdrawals are available to the plan participants upon approval by the Plan Committee.

Forfeited Accounts: Forfeited non-vested accounts totaled approximately $3,302 at December 31, 2013 and $3,586 at December 31, 2012. These accounts are used to reduce employer contributions.

NOTE C - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

	2013	2012
Large Cap Stock Index Account	$ –	$ 349,429
Lifetime 2020 Account	759,626	612,700
Lifetime 2030 Account	815,451	633,190
Lifetime 2040 Account	593,666	–
Medium Company Value Account	538,644	451,439
Medium Company Blend Account	778,560	531,727
Small Company Blend Account	754,135	529,983
Stable Value Fund	730,235	502,707
US Property Account	765,717	635,471

NOTE D - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain administrative fees for 2013 and 2012 have been paid for by the Plan Sponsor and are not charged to the Plan's operations.

NOTE E - INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is appropriately designed and is currently being operated in compliance with applicable requirements of the IRC. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax return for the last four years remain open to examination.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts in the statement of net assets available for benefits.

NOTE G - FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1: Quoted prices are available in active markets for identical assets or liabilities;
Level 2: Quoted prices in active markets for similar assets and liabilities that are observable for the asset or liability; or
Level 3: Unobservable pricing inputs that are generally less observable from objective sources, such as discounted cash flow models or valuations.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,128,563	$ 730,235	$ -	$ 7,858,798
