Carpet Weavers, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of the Carpet Weavers, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering all full-time employees of Carpet Weavers, Inc. (Company) who have at least six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Through January 31, 2012, Principal Life Insurance Company was the trustee of the Plan. Effective February 1, 2012, Country Trust Bank is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary reduction deferral election to have the Company make annual contributions of up to 20% of pretax and/or after-tax annual compensation. Employee rollover and employee Roth contributions are permitted. Contributions are subject to certain limitations. Additional contributions may be made at the discretion of the Company's Board of Directors.

Participant Investment Account Options

Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the plan. The Plan currently offers nineteen mutual fund accounts and one money market fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after 6 years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are allocated among active participants based upon compensation.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his account or a joint and survivor annuity. At December 31, 2013 and 2012, there were no plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2012, forfeited nonvested accounts totaled $316. These accounts were reallocated to participants based upon compensation. There were no forfeited nonvested accounts as of December 31, 2013.

Participant Loans

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with local prevailing rates at loan inception as determined by the plan administrator. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. The money market fund is stated at cost which estimates fair value. Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Country Trust Bank. This prototype plan document has been filed with the appropriate agency. The Plan prototype obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype and related trust, as then designated, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since the prototype received the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2010.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Investments

The Plan's investments are held by Country Trust Bank. The fair value of the Plan's investments at the end of the year is as follows:

Note 4: Information Certified by the Trustees

As of February 1, 2012, the Plan changed trustees from Principal Life Insurance Company to Country Trust Bank. Principal Life Insurance Company has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedule and accompanying notes for the period of January 1, 2012 through January 31, 2012. Country Trust Bank has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedule and accompanying notes for the period of February 1, 2012 through December 31, 2013. Accordingly, this information was not audited. The following is a summary of information, which the trustees furnished:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits at December 31, 2013 and 2012.
- Investment income and interest income on notes receivable from participants as reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012.
- Investments and notes receivable from participants as reported in the supplemental Schedule of Assets Held at End of Year at December 31, 2013.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50 percent or more of such an employer or relatives of such persons.

Certain plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company, which is the trustee of the Plan. Fees paid by the Plan for administrative services amounted to $33,721 and $23,544 for the years ended December 31, 2013 and 2012, respectively.

The Plan incurs expenses related to general administrative and record keeping. The Company pays these expenses and certain accounting and auditing fees relating to the Plan.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2013 and 2012:

	2013 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds				
Equity	$ 4,736,193	$ 4,736,193	$ -	$ -
Fixed Income	816,505	816,505	-	-
Balanced	827,665	827,665	-	-
Money Market Fund	1	1	-	-
	$ 6,380,364	$ 6,380,364	$ -	$ -

	2012 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds				
Equity	$ 3,653,126	$ 3,653,126	$ -	$ -
Fixed Income	1,068,532	1,068,532	-	-
Balanced	1,325,958	1,325,958	-	-
Money Market Fund	1,703	1,703	-	-
	$ 6,049,319	$ 6,049,319	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such instruments pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Investment Contract With Insurance Company
Balance, January 1, 2012	$ 2,896
Interest credited	-
Sales	(2,896)
Balance, December 31, 2012	-
Interest credited	-
Sales	-
Balance, December 31, 2013	$ -

Note 7: Investment Contract With Insurance Company

The Company entered into five insurance contracts with Principal Life Insurance Company (Insurer) under which the Plan can make deposits. The Insurer maintained the Plan's deposits in a fund, to which it added interest at 4.02%. The interest rates were guaranteed for periods of five years. New rates were established each January 1 and, when changed, applied only to the funds deposited from the date of change. At the discretion of the Plan's Administrator, a portion of the fund could have been used to purchase units in The Insurance Company General Account. The Account's portfolio is primarily invested in high-grade corporate bonds and notes. The Insurer did not guarantee the monies invested in the Account as to principal or income. The insurance contracts were sold in 2012.

Note 8: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include reporting management fees on the cash basis in Form 5500.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
