Boston Beer Company 401(k) Plan

Notes to Financial Statements

December 31, 2013

1. Description of the Plan

The following description of the Boston Beer Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code (the Code), for all eligible employees who are at least 21 years of age, and who have at least six months of service, as defined in the Plan, to participate in the company match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During 2012, Fidelity Management Trust Company and Fidelity Workplace Services (Fidelity) served as the trustee and recordkeeper of the Plan, respectively. Effective December 31, 2012, the Plan transferred participant accounts and investments from Fidelity to Putnam Fiduciary Trust Company (Putnam) as the new plan recordkeeper and trustee.

Effective January 1, 2013, the net assets of the Samuel Adams Pennsylvania Brewery Company 401(k) Plan merged into the Plan, resulting in transfers in to the Plan of approximately $8.5 million.

Contributions

Participants may make contributions from 1% to 60% of their compensation, subject to certain limitations of the Code, as defined in the Plan. Employees over age 50 may contribute an additional $5,500 in catch-up contributions for 2013.

The Plan provides for automatic enrollment, whereby an eligible employee is enrolled in the Plan thirty days after he or she satisfies the Plan's eligibility requirements. This feature automatically enrolls each participant into the Plan at a default rate of 3% of his or her eligible compensation on a pre-tax basis. Contributions are allocated to the Qualified Default Investment Alternative if the participant has not made an affirmative investment election. Participants receive advance notice of their right to elect out of the automatic enrollment feature, and are permitted to stop or change this feature at any time.

1. Description of the Plan (continued)

The Company contributes 100% of the first 6% of eligible compensation that a participant contributes to the Plan, up to a maximum of $1,000, plus 50% of employee contributions that are in excess of $1,000, up to 6% of the participant's compensation. The company match is discretionary. The Company may also make a discretionary profit-sharing contribution annually, which is approved by the Board of Directors. The Company made no profit-sharing contribution in 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of plan earnings, and is charged with an allocation of applicable expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately vested in their voluntary contributions and any rollover contributions, plus actual earnings thereon.

Participants employed by Samuel Adams Pennsylvania Brewery Company as of December 31, 2012 become vested in Company contributions according to the following schedule:

Years of Service for Vesting	Vested Percentage
1 but less than 2	20%
2 or more	100

1. Description of the Plan (continued)

All other participants become vested in Company contributions according to the following schedule:

Years of Service for Vesting	Vested Percentage
1 but less than 2	20%
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Upon termination, participants forfeit their nonvested balances. Forfeitures are used to reduce subsequent Company contributions and/or administrative expenses required under the Plan. Forfeitures utilized to reduce the Company's matching contribution and administrative expenses for the year ended December 31, 2013 were $68,192 and $56,400, respectively. Unallocated forfeited balances available at December 31, 2013 and 2012 were $23,387 and $54,468, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence, not to exceed ten years. The $50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the vested balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through regular payroll deductions. . If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months.

1. Description of the Plan (continued)

Benefits

Employees are permitted to withdraw funds from their accounts upon attaining the age of 59 1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may receive a lump-sum cash payment or installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

Substantially all administrative expenses are paid by the Company. Expenses relating to notes receivable from participants and investment fees are deducted directly from participant accounts, or charged to the particular fund to which the expenses relate.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of the ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion and disclosures related to fair value measurements.

2. Summary of Significant Accounting Policies (continued)

Investments in mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

For the year ended December 31, 2012, the Plan invested in the Fidelity Managed Income Portfolio Fund which invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (Note 5); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan's management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

3. Plan Merger

Effective January 1, 2013, the Samuel Adams Pennsylvania Brewery Company 401(k) Plan was merged into the Plan. Employees of the Samuel Adams Pennsylvania Brewery Company began participating in the Plan effective January 1, 2013. The net assets transferred to the Plan are reflected on the statement of changes in net assets available for benefits as a transfer in from another qualified plan.

4. Investments

Other than the fair value of the Fidelity Managed Income Portfolio Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts included in the Plan at December 31, 2012, certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2013, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Putnam, the trustee of the Plan. The contract value of the Fidelity Managed Income Portfolio Fund at December 31, 2012 was certified as complete and accurate by the trustee.

4. Investments (continued)

The fair value of individual investments that represents 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2013	**2012**
T. Rowe Price Retirement 2030 Fund	**$ 5,658,055**	*
Fidelity Blue Chip Growth Fund	**5,226,392**	$ 3,882,387
Fidelity Contrafund	**4,102,845**	2,654,210
Vanguard 500 Index Signal	**4,008,640**	*
Fidelity OTC Portfolio	**3,968,634**	2,135,057
MFS Research International R4	**3,777,329**	*
T. Rowe Price Retirement 2040 Fund	**3,592,542**	*
T. Rowe Price Retirement 2045 Fund	**3,351,427**	*

*Investment is less than 5% as of the date presented.

5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the valuation methodologies used as of December 31, 2013 and 2012.

Mutual funds	– Valued at the quoted market price of shares held by the plan at year end.
Common/collective trust	– Valued at the NAV. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (continued)

The following tables set forth by fair value hierarchy level the Plan's investments carried at fair value as of December 31, 2013 and 2012:

	Investments at Fair Value as of December 31, 2013			
	Level 1	**Level 2**	**Level 3**	**Total**

[1]Represents funds with a majority of country diversification in the United States

6. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Related-Party Transactions

The Plan holds shares of mutual funds and a common/collective fund managed by Fidelity Management Trust Company, the trustee of the Plan during 2012. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Income Tax Status

The Plan has received a determination letter from the IRS, dated June 2, 2011, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to the Form 5500:

	December 31	
	2013	**2012**
Net assets available for benefits per the financial statements	**$ 64,149,840**	$ 36,600,359
Add: Adjustment from fair value to contract value for fully benefit-responsive investment contracts	**–**	763
Net assets available for benefits per the Form 5500	**$ 64,149,840**	$ 36,601,122

9. Reconciliation of Financial Statements to the Form 5500 (continued)

The accompanying financial statements present fully benefit-responsive investment contracts at contract value. The Form 5500 requires fully benefit-responsive investment contracts to be reported at fair value. Therefore, the adjustment from fair value to contract value for fully benefit-responsive investment contracts represents a reconciling item.

10. Subsequent Events

Management evaluated subsequent events for the Plan through September 25, 2014, the date the financial statements were available to be issued.
