Tax Sheltered Plan

Notes to Financial Statements
December 31, 2013

1. Description of Plan

The following description of the International Bonded Couriers, Inc. Tax Sheltered Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of International Bonded Couriers, Inc. and Jet Mail Services, Inc. (collectively the "Company"). An employee is eligible for participation in the Plan upon completion of one year of service, 1,000 hours of service and attainment of age 20 1/2 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to have a percentage deducted on a pre-tax basis from their compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Company. There is an annual limit as to the amount that can be contributed that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans.

In addition, the Company may make discretionary matching contributions on behalf of each participant in the amount equal to the percentage declared by the Company for the contribution period. For the year ended December 31, 2013, the Company did not make any discretionary matching contributions to the Plan.

Vesting

A participant is 100% vested in their accounts including allocated earnings thereon at all times. A participant vests in the Company matching contributions after completion of five years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 % of their account balance. The maximum number of loans that can be outstanding at any time is one. Participant loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings thereon. Employer contributions are allocated based on a percentage determined by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

1. Description of Plan *(continued)*

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds are valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end. The Plan's interest in the common/collective trust is based on the fair value of the common/collective trust's underlying investments based on information reported to the Plan by the investment advisor using the audited financial statement of the common/collective trust at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2010.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 30, 2014.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

H&W Sm Cap Val Fund	247,400	185,566
Eagle Small Cap Growth	243,261	203,425

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated in value for the year ended December 31, 2013 as follows:

Common/Collective Trust	$ 15,009
Mutual Funds	593,049
	$ 608,058

5. Putnam Stable Value Fund

Participants have the option to invest in a fully benefit-responsive stable value fund called the Putnam Stable Value Fund (the "Fund") which was established and is maintained by Putnam Fiduciary Trust Company. The Fund invests in high-quality guaranteed investment contracts ("GIC's") and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies, and at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds. The Fund is valued on a daily basis by Putnam Fiduciary Trust Company. Contributions and redemptions to the Fund may be made daily at the current net asset value.

Because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is presented on the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by Putnam Fiduciary Trust Company, represents contributions made to the Fund, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value.

The average yield earned by the Fund is calculated by dividing the annualized earnings of all investments in the Fund by the fair value of all investments in the Fund. For the year ended December 31, 2013 and 2012, the average yield was 1.86% and 2.02%.

6. Life Insurance

The Plan maintains life insurance policies on various participants. As of December 31, 2013 and 2012, the premiums on the policies were paid in full. The total cash surrender value as of December 31, 2013 and 2012 was $35,095 and $32,641.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated March 31, 2008 from the Internal Revenue Service ("IRS") stating that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

9. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as party-in-interest transactions. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
