Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Telestream, Inc. 401(k) Employee Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Telestream, Inc. 401(k) Employee Savings Plan
Notes to the Financial Statements
December 31, 2013 and 2012

Note 1: Description of Plan:

The following description of Telestream, Inc. (the Company) 401(k) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of the Company who have attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions:

The Company may choose to make discretionary matching contributions to the Plan as defined in the Plan agreement. For the year ended December 31, 2013, the Company elected to match 50% of the participant's contributions up to 6% of their compensation on a per pay period basis.

Participant Accounts:

The Plan administrator maintains a separate account for each participant and each type of contribution. Each participant may select from a series of investment options designated by the Company and the Plan administrator. Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon and the employer's profit sharing contributions. Vesting in the Company's matching contributions of their accounts plus actual earnings thereon is based on years of continuous service as defined. Participants become 25% vested per year after completing one year of service and are therefore fully vested after four completed years of service. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Note 1: Description of Plan, continued:

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance of the participant's account and bear interest at a reasonable rate determined by the loan administrator by reviewing the rates charged for similar types of notes by other lenders. Interest rates range from 3.25% to 5.00% as of December 31, 2013. Principal and interest are paid ratably through payroll deductions. A $125 fee is charged to the participant's account for each note receivable.

Payment of Benefits:

On termination of service, death, disability, or retirement, a participant will receive either a lump-sum amount or a series of installments over a period of time equal to the value of the participant's vested interest in his or her account. Hardship distributions will be distributed as a lump-sum.

Forfeited Accounts:

At December 31, 2013, forfeited non-vested accounts totaled $8,035. There were no forfeited non-vested accounts at December 31, 2012. Forfeitures may first be used to pay plan expenses and remaining forfeitures will reduce future employer contributions. Forfeitures in the amount of $14,039 were used to reduce the employer match for the year ended December 31, 2013.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies, continued:

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

All administrative expenses may be paid out of the Plan unless paid by the Company. During the year ended December 31, 2013, the Company elected to pay for substantially all of the administrative expenses, except for administrative transaction expenses totaling $1,784.

Subsequent Events:

Management has evaluated subsequent events through August 20, 2014, the date on which the financial statements were available to be issued.

Note 3: Information Prepared and Certified by Custodian:

Note 4: Fair Value Measurement of Investments:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the net asset value of each pooled separate account (PSA) at the reporting date. The PSA net asset value is not a publicly-quoted price in an active market. The net asset value is based on market values of the PSA's underlying investments.

Guaranteed investment contract: Valued at contract value (see Note 5).

The methods described above may produce a fair value calculation that may not be as indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurement of Investments, continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2013:

	Investments at Fair Value as of December 31, 2013

Note 5: Guaranteed Investment Contract With Standard Insurance Company

The Plan entered into a benefit-responsive guaranteed investment contract with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2013 and 2012 was $2,417,989 and $1,974,010, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Standard Insurance Company may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause.

Average yields on the Guaranteed Investment Contract are as follows as of December 31:

Average yields:	**2013**	**2012**
Based on actual earnings	3.00%	3.43%
Based on interest rate credited to participants	3.48%	3.45%

Note 6: Tax Status:

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 7: Transactions with Parties-in-Interest:

Certain Plan investments are shares of a Guaranteed Investment Contract managed by the Plan's custodian. Standard Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 8: Excess Contributions Payable:

The Plan failed discrimination testing for the year ended December 31, 2013. Excess participant contributions totaling $3,177 are recorded as a liability in the accompanying statement of net assets available for benefits. The Plan reimbursed these excess contributions to its participants during 2014.

Note 9: Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 10: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 11: Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2013 and 2012 to Schedule H of Form 5500:

	2013	2012
Net assets available for benefits per the financial statements	$ 14,423,864	$ 10,045,452
