NOTE 1 – PLAN DESCRIPTION

The following description of the Gulf Coast Primary Home Care, Inc. 401(K) Plan & Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan covering all employees of the Gulf Coast Primary Home Care Inc., IPH Healthcare Services, Inc., Roman & Associates, LLC and IPH Hospice Care Inc., (the Companies), who have worked 1,000 hours, completed one year of service and attained the age of 21. The Plan became effective January 1, 2005 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee oversees governance of the Plan by determining the appropriateness of the Plan's investment offerings and monitoring performance.

Contributions

The Company contributes, on behalf of each participant through the Safe Harbor Cash or Deferred Arrangement provision, an amount elected by the participant in his or her salary modification agreement. Each participant provides his own investment direction through the selection of investment options as offered by the Plan. Participants can elect to contribute a percentage of their compensation to the Plan, subject to limitations contained in Internal Revenue Code Section 415, which generally apply to highly compensated employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual fund accounts and a money market account fund, which are further disaggregated at Note 3. The Plan also provides for discretionary employer contributions. The Company made Safe Harbor cash contributions of $71,756 and $79,247 in 2013 and 2012, respectively.

Participant Accounts

Each participant's account is credited with participant's contributions and an allocation of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations of Plan earnings are based upon the ratio of each participant's average account balance to the total of all participants' average account balances.

Notes Receivable from Participants

Participants may borrow from their available account balance. The loans are secured by the balance in the participant's account and commensurate with prevailing rates upon issuance of loan. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – PLAN DESCRIPTION (Continued)

Payment of Benefits

Benefits, normally paid in a lump sum, are distributed upon termination, retirement and hardship. In-service distributions can be made once the participant reaches the age of fifty-nine and one-half (59½). Normal retirement age under the Plan is age sixty-five (65).

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's contributions is immediately set at 100 percent.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through September 30, 2014, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America "GAAP" requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and disclosure. Accordingly, actual results could differ from those estimates.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Companies.

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which salaries are earned. Employer discretionary contributions are recognized as revenues in the period in which determined. Benefits payable are recognized when due and payable in accordance with terms of the plan.

Investments Valuations and Income Recognition

Investments are stated at fair value based on quoted market prices (level one) in an active market. The fair value of investments in investment company funds is based upon quoted market values. See Note 3 for the discussion of fair value measurements. Participant loans are valued at their outstanding balance, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefits are recorded when payable or when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are directly or indirectly unobservable and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs and Level 3 inputs were not used.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements
These are significant inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liability (for example interest rates, volatilities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market date by correlation or other means.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Fair values of assets and liabilities measured on a recurring basis at December 31, 2013 and 2012 are as follows:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices In Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2013				
Mutual Fund Accounts:				
Target Date Funds	$ 821,225	$ 821,225	$ --	$ --
Equity Funds	277,898	277,898	--	--
Growth and Income Funds	134,671	134,671	--	--
Stock Funds	87,434	87,434	--	--
Bond Funds	31,231	31,231	--	--
Cash Equivalents Fund	25,554	25,554	--	--
Total	$ 1,378,013	$ 1,378,013	$ --	$ --
December 31, 2012				
Mutual Fund Accounts:				
Target Date Funds	$ 608,650	$ 608,650	$ --	$ --
Equity Funds	164,375	164,375	--	--
Growth and Income Funds	84,299	84,299	--	--
Stock Funds	58,023	58,023	--	--
Bond Funds	37,976	37,976	--	--
Cash Equivalents Fund	22,823	22,823	--	--
Total	$ 976,146	$ 976,146	$ --	$ --

To estimate their fair value, the Plan uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities, in other words the market approach. The Plan did not have any significant transfers between levels 1 and 2 for the years ended December 31, 2013 and 2012.

NOTE 4 – INFORMATION CERTIFIED BY INVESTMENT CUSTODIAN

Investment assets of the Plan are mainly held by Mid Atlantic Trust Company (Mid Atlantic) in registered investment companies (mutual funds). Those investments, included in these financial statements, have been certified by Mid Atlantic as to their completeness and accuracy, including the respective changes in net assets available for plan benefits. Certain reclassifications and adjustments representing accruals for receivables and payables have been made to the certified amounts to conform to generally accepted accounting principles in the United States. Amounts included in these financial statements, which have been certified are $1,377,412 and $975,608 at December 31, 2013 and 2012, respectively.

NOTE 5 – INVESTMENTS

The following table presents the estimated fair values of investments. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

	2013	2012
American Funds Target Date Ret 2030 R1	$ 515,424	$ 358,393
American Funds Target Date Ret 2020 R1	165,383	129,719
American Funds Fundamental Invs R5	134,385	90,922

Other Pooled Funds less than 5% of Net Assets	356,645	257,819
Total Investments	$ 1,378,013	$ 976,146

The Plan's investments appreciated in value by $206,910 and $83,338 in 2013 and 2012, respectively. This included gains and losses on investments bought and sold, as well as held during the year.

NOTE 6 – PLAN TERMINATION

The Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated November 26, 2001, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in process. The Plan administrator believes it is no longer subject to income examinations for years prior to 2010.

NOTE 8 – TERMINATED EMPLOYEES

The Plan has a "cash out" provision whereby the Plan can distribute the vested account balance for terminated participants with account balances of $5,000 or less. The Plan had three and ten terminated participants with account balances of $5,000 or less at December 31, 2013 and 2012, respectively. Vested balances for the terminated participants totaled $8,271 and $40,920 at December 31, 2013 and 2012, respectively.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS
