Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 (in liquidation) and 2012, and the changes in net assets available for benefits for the years ended December 31, 2013 (in liquidation) and 2012 in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As further discussed in Note B to the financial statements, the Plan was amended to terminate the Plan effective October 1, 2013. In accordance with U.S. generally accepted accounting principles, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2012 financial statements to the liquidation basis used in presenting the 2013 financial statements. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held as of December 31, 2013, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

KAISER PERMANENTE SUPPLEMENTAL SAVINGS AND RETIREMENT PLAN FOR OHIO PERMANENTE MEDICAL GROUP
NOTES TO FINANCIAL STATEMENTS
DECEMBER 2013 AND 2012

NOTE A - Description of the Terminating Plan

The following description of the **Kaiser Permanente Supplemental Savings and Retirement Plan For Ohio Permanente Medical Group** (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a money purchase pension plan which is intended to comply with the provisions of Section 401(a) and other applicable provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The purpose of the Plan is to provide additional retirement benefits for salaried employees who meet specified requirements.

Trustees and Custodian
Vanguard Fiduciary Trust Company (Vanguard) serves as the trustee for the mutual funds and the VFTC Interest Income Fund. Global Trust Company and State Street Bank and Trust Company (State Street) serve as the trustee and custodian, respectively, of the KP Growth Equity Fund held under the Kaiser Permanente Collective Investment Trust.

Participant Accounts
Each participant's account is credited with the participant's contributions, as well as any relevant Employer's contributions plus allocated Plan earnings and losses, and charged with administrative expenses. Allocations are based on participant account balances, as defined. The expenses incurred in operating the Plan, including the fees paid to accountants, legal professionals, investment professionals, and other Plan service providers, may be charged against the accounts of Plan participants at the discretion of the Administrative Committee or the Investment Committee (the Committees) as defined in the Plan document. The Committees may use such discretion to charge these administrative expenses to participant accounts. Any actual administrative expenses charged to a participant's account shall be reflected in the participant's quarterly account statement. The benefit to which a participant is entitled is based on the participant's vested account balance.

Plan Freeze
All Plan benefits are frozen effective July 31, 2013 (the Plan Freeze).

Contributions
Effective for the period after the Plan Freeze, no participant or employer contributions are allowed under the Plan. Prior to the Plan Freeze, a participant may elect to contribute by payroll deductions, from 1% to 10% of his or her compensation on an after-tax basis. The Employer contributed 5% of the participants' compensation after 2 years of employment. All contributions were subject to applicable limitations set by the Internal Revenue Service (IRS) prior to the Plan Freeze.

NOTE A - Description of the Terminating Plan (Continued)

Vesting
Each participant is immediately and 100% vested in his or her accounts.

Payment of Benefit
A participant shall be entitled to receive all or a portion of his or her account upon occurrence of the earlier of the participant's retirement, death, disability, termination of employment, as defined by the Plan document. A participant may take a distribution of any after-tax contribution and applicable earnings at any time.

NOTE B - Significant Accounting Policies

Basis of Accounting and Plan Termination
The Plan was amended to terminate the Plan effective October 1, 2013. As a result, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2012 financial statements to the liquidation basis used in presenting the 2013 financial statements. This change in basis of accounting did not result in a change in the net assets available for benefits during 2013.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note D - Fair Value Measurements).

Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade date basis. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - Significant Accounting Policies (Continued)

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain investment funds charge transaction fees. These fees are deducted from participant accounts and are reflected in the accompanying financial statements as administrative expenses.

Subsequent Event
The Plan's financial statements have been evaluated for subsequent events or transactions for potential recognition through September 15, 2014, the date the financial statements are available to be issued. Plan management determined that there are no subsequent events or transactions that require disclosure to or adjustment in the financial statements.

Collective investment funds	142,782	66,639
Net appreciation in fair value of investments	$ 784,708	$ 429,356

NOTE D - Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

- Mutual funds are valued at the net asset value of shares held by the Plan at year end.
- Collective investment funds are stated at fair value as determined by the issuers based on the unit values of the funds. Unit values are determined by dividing the funds' net assets, which represent the unadjusted prices in active markets of the underlying investments, by the number of units outstanding at the valuation date. While not publicly traded, the funds are comprised primarily of underlying securities represented by a variety of asset classes that are publicly traded on exchanges or over-the-counter, and price quotes for the assets held by the funds are readily observable and available.

There have been no changes in the methodologies used as of December 31, 2013 and 2012.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

	Investments at Fair Value as of December 31, 2013

Transfers Between Levels

The Plan recognizes any transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2013 and 2012.

NOTE E - Tax Status

The Plan received a determination letter from the IRS dated June 19, 2014 stating that the termination of the Plan does not affect its tax qualification status. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan administrator believes the Plan is being operated and terminated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would not meet the more likely than not standard and be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE F - Party-in-Interest Transactions

Certain Plan investments are managed by Vanguard and State Street. Vanguard and State Street are the trustee and custodian, respectively, of the Plan. Vanguard also serves as the recordkeeper. Transactions with the trustee, custodian, and recordkeeper qualify as party-in-interest transactions.

NOTE G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - Plan Obligations

In accordance with GAAP, benefits due to terminated participants are included in net assets available for benefits. There were no benefits due to terminated participants as of December 31, 2013 and 2012.
