THE EXPO GROUP EMPLOYER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Expo Group Employer 401(k) Plan (the Plan) provides only general information. The Plan is sponsored by The Expo Group, LP (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2000, as amended from time to time, covering substantially all employees of the Company. Employees are eligible to participate in the Plan after completing 1 month of service. Employees are eligible to receive employer matching contributions on the first day after completing 1,000 hours of consecutive service in each 12 month eligibility computation period after having opted to contribute to the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

Contributions

Participants may make tax-deferred and after-tax contributions to the Plan of up to 90 percent of the participant's compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may contribute to the Plan by making a matching contribution equal to a uniform percentage of salary deferrals, which percentage will be determined each year at the option of the Company's board of directors. The Company may also make an additional contribution equal to a percentage of participant compensation. Forfeitures may be used to reduce the employer's matching contribution to the Plan or to pay administrative costs. At December 31, 2013 and 2012, unallocated forfeitures totaled $26 and $201, respectively. These amounts are included in cash on the accompanying statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the allocable share of employer contributions, if any, and Plan earnings or losses on the assets of their self-directed investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, by or on behalf of the participant, to any one or more of the investment funds provided by the custodian of the Plan's assets. A participant may at any time change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Vesting

Participants are immediately vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions and profit sharing contributions, if any, of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon retirement, permanent disability, death or reaching retirement age while employed by the Company. If a participant separates from the employment of the Company, a participant shall be vested based upon the following schedule:

Years of Vesting Service	Percentage Vested
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The notes, in the form of promissory notes (Note 2), are secured by the balances in the participant's account and bear interest at the prime rate plus two percent. Only one note per participant may be outstanding at any one time. Principal and interest on participant notes receivable are repaid through payroll deductions and are generally repaid within five years.

Payment of Benefits

All distributions from the Plan will be made in one lump-sum payment in cash equal to the value of the participant's vested interest in his or her account balance. If a participant's vested benefit in the Plan exceeds $1,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $1,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

Plan Expenses

It is the philosophy of the Company to absorb and pay most Plan administrative expenses such as audit fees and other administrative costs so as not to decrease plan assets. Any fee or expense paid directly or indirectly by the Company is not considered a contribution to the Plan, provided the fee or the expense relates to the ordinary and necessary administration of the Plan. During the year ended December 31, 2013, the Company paid approximately $7,000 of such Plan administrative expenses.

In addition, during the year ended December 31, 2013, the Plan incurred $14,359 of contract and administrative expenses with its third party administrator and custodian (Note 8). These charges are reflected in the accompanying statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting (Note 10).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which generally is the quoted market price, representing the net asset value (NAV) of shares held by the Plan at its year end. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date. Net appreciation includes the gains and losses on its investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing the financial statements, the Plan Administrator and Trustees have reviewed, as they have determined necessary, events that have occurred after December 31, 2013, up until the issuance of the financial statements, which occurred on September 26, 2014.

Recent Accounting Pronouncements

During the year ended December 31, 2013 and through September 26, 2014, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

3. INVESTMENTS HELD BY THE PLAN AND INCOME RECEIVED

All contributions and rollovers made to the Plan, and earnings thereon, are invested in various mutual funds through the custodian of the Plan's assets, John Hancock Life Insurance Company (U.S.A.). The custodian determines the fair market value of all investments of the Plan on the basis referred to in Note 9.

Individual investments with market values greater than 5% of net assets available for benefits at December 31, 2013 and 2012 are as follows:

Investment	2013	2012
JH Lifestyle Fund – Balanced Portfolio	$ 958,517	$ 802,603
JH Lifestyle Fund – Growth Portfolio	638,151	564,019
JH Lifestyle Fund – Aggressive Portfolio	267,457	197,341
JH Money Market Fund	193,500	184,087
	2,057,625	1,748,050
Other investments individually not more than 5% of net assets available for benefits	1,010,778	957,870
	$ 3,068,403	$ 2,705,920

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by approximately $481,000.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan terminating, participants will become 100 percent vested in their account balances.

5. REPORTABLE TRANSACTIONS

There were no reportable transactions, participant notes receivable in default or uncollectible, non-exempt transactions with parties-in-interest or any other prohibited transactions which would require supplemental presentation under Department of Labor regulations.

6. TAX STATUS

The Plan as originally drafted is a Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service has determined and informed the Sponsor of the prototype plan by a letter dated July 1, 2009, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. However a determination letter from the Internal Revenue Service has not yet been requested by the Company to determine if the Plan as amended was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

7. RISK AND UNCERTAINTIES

The Plan invests in a variety of mutual funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY TRANSACTIONS

All investments held by the Plan are shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.) which is also the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $7,273 for the year ended December 31, 2013.

At December 31, 2012, a trustee of the Plan had a participant note receivable outstanding of $1,249. The note was secured by the balance in the participant's account and bore interest at a market rate equal to the prime rate plus two percent. During the year ended December 31, 2013, the outstanding note balance was repaid in full by the trustee.

9. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds: Valued at the quoted NAV of the shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013		
	Level 1	Level 2	Level 3
Mutual funds	$ 3,068,403	$ -	$ -

	Assets at Fair Value as of December 31, 2012		
	Level 1	Level 2	Level 3
Mutual funds	$ 2,705,920	$ -	$ -

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Although the accompanying financial statements are prepared on the accrual method of accounting (Note 2), the Plan prepares its Form 5500 using the cash basis method of accounting. Accordingly, the following is a reconciliation of net assets available for benefits and the net increase in net assets available for benefits as reflected in the accompanying financial statements and the Plan's 2013 and 2012 Form 5500.

	2013	2012
Net assets available for benefits per financial statements	$ 3,145,532	$ 2,790,923
Excess contributions liability	5,262	18,443
Net assets available for benefits per Form 5500	$ 3,150,794	$ 2,809,366

The following is a reconciliation of total deductions from net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2013:

Total deductions from net assets available for benefits	$ 389,255
Plus: Corrective distributions payable at December 31, 2012 and paid during the year ended December 31, 2013	18,443
Less: Corrective distributions payable at December 31, 2013	(5,262)
Total deductions from net assets available for benefits per Form 5500	$ 402,436
