INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee
Hazard Construction Company Retirement Plan
San Diego, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hazard Construction Company Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedule

The supplemental schedule as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF THE PLAN

The following is a description of the Hazard Construction Company Retirement Plan (the "Plan"), which is a defined contribution plan established on July 1, 1998. The Plan is sponsored by Hazard Construction Company (the "Company") to allow eligible employees of the Company to enroll in a regular program of savings for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

Eligibility and Participant Contributions

The Plan covers all full-time non-union employees of the Company who are 18 years of age or older and have completed one month of employment. Union employees and nonresident aliens are ineligible to participate in the Plan. Participants may contribute up to 100% of pretax annual compensation, as defined, subject to limitations imposed by the Internal Revenue Code ("IRC"). In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan. Participants may further contribute amounts from other qualified sources.

Employer Contributions

The Company may make discretionary matching contributions. Effective November 1, 2009, the Company indefinitely discontinued its discretionary matching contributions. The Company also makes contributions to comply with prevailing wage requirements under the Davis-Bacon Act or state prevailing wage statutes, which are classified as employer profit sharing contributions in the accompanying statement of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, any employer contributions, allocations of Plan earnings and losses, and is charged with loan and distribution fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions and the employer contributions for prevailing wage requirements, plus actual earnings thereon. Vesting in any employer discretionary matching contributions is equal to 20% for each Plan year that an employee is credited with at least 1,000 hours of service, as defined by the Plan. Participants are 100% vested in employer discretionary matching contributions after five years of credited service.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and employer contributions into any of the available investment options. Subsequently, participants may change their allocations and transfer account balances between the investment options in accordance with Plan provisions.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the vested balance in the participant's account and bear interest at rates that range from 3.25% to 5.00% (as of December 31, 2013), which are commensurate with market rates as determined by the Plan administrator. The repayment terms provide for note payments to be made through payroll deductions and for notes receivable to be amortized over a reasonable period of time not to exceed five years, with the exception of notes for a principal residence, which can be repaid over a maximum of ten years. In accordance with Plan provisions, participants may have only one note receivable outstanding at any time, except for a second note used for a principal residence.

Payment of Benefits

Upon termination of service due to retirement, death or disability, attaining age 59½ and/or hardship, participants are entitled to receive a distribution of their account in a lump sum, or defer distribution if the account exceeds $5,000. Distributions are required to begin no later than the year following the year in which a participant reaches age 70½ or retires. The Plan sponsor may roll over a participant's vested account balance greater than $1,000 and less than $5,000 into an individual retirement account ("IRA") selected by the Plan sponsor if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. The Plan sponsor may also, at its discretion, elect to distribute vested account balances of less than $1,000.

Forfeitures

In the event of termination of employment, the portion of the participant's account that is not vested is forfeited. Forfeitures of employer contributions are generally used to reduce employer matching contributions or pay Plan expenses. During 2013, $3,549 was added to the forfeiture account by means of contributions or investment earnings, and $50 was used to pay Plan expenses. As of December 31, 2013 and 2012, the forfeiture account balance was $3,499 and $0, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. Under this method, contributions and interest income are recognized when received, rather than when earned, and disbursements and expenses are recorded when paid, not when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2013, the contract value of the Plan's investment contract (guaranteed interest account) approximates its fair value. As of December 31, 2012, the statement of net assets available for benefits presents the fair value of the investment contract (guaranteed interest account) as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates and Assumptions

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. Net realized and unrealized appreciation in fair value of pooled separate accounts includes the Plan's gains and losses on pooled separate accounts bought and sold during the year as well as held at the end of the year.

Administrative Expenses

Administrative expenses are generally paid by the Company. Upon termination, employees may elect to keep their vested balance in the Plan. Administrative fees resulting from these accounts may be charged to the accounts of the terminated employees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses, charged to participant accounts and expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is written off and recorded as a benefit payment.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INVESTMENTS

The Plan's investments were held by Standard Insurance Company ("Standard"), the custodian of the Plan. All investments are participant-directed. The following investments represent 5% or more of the Plan's net assets as of December 31:

	2013	2012
Pooled separate accounts:		
Vanguard 500 Index Signal	$ 1,562,185	$ 1,251,992
Vanguard Lifestrategy Moderate	1,207,386	1,127,935
Dodge & Cox Income	941,791	892,187
T. Rowe Price Equity Income	930,140	754,392
T. Rowe Price Growth Stock	767,792	637,773
T. Rowe Price Mid Cap Growth	659,760	*
Guaranteed Interest Account, at contract value (fair value of $4,743,272 and $5,376,194, respectively)	4,743,272	4,849,535

* Investment is less than 5% of Plan net assets as of the date indicated.

NOTE 4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1998, the Plan entered into a benefit-responsive guaranteed interest investment contract with Standard. The contract has been included in the statements of net assets available for benefits at contract value, which approximates its fair value at December 31, 2013 and includes an adjustment from fair value to contract value at December 31, 2012, as the contract has been determined to be fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants are allowed to direct the withdrawal and/or transfer of all or a portion of their investment at contract value.

As of December 31, 2013 and 2012, the investment contract had no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates for the guaranteed interest account were both 3.64% for the year ended December 31, 2013. There is no guaranteed rate of return on investments upon future resets; however, the retirement plan committee reviews the investments on a quarterly basis for the fund's performance.

Certain events may limit the ability of the Plan to transact at contract value with Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply.

NOTE 5. FAIR VALUE MEASUREMENTS

Investments recorded at fair value in the accompanying financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels directly related to the amount of subjectivity associated with the inputs to fair valuation of these investments are as follows:

Level 1 – Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – Inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2013 and 2012:

Pooled separate accounts: Valued at the separate accounts unit value of shares held by the Plan at year-end. Pooled separate accounts are stated at fair value as reported by Standard. Reported fair value is based on the market values of the underlying securities in each account and deducting an applicable expense charge for each pooled separate account investment.

Guaranteed interest account: The guaranteed interest account is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 4). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the insurance company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth the Plan's investments by level and investment objective within the fair value hierarchy as of December 31, 2013 and 2012:

Total investments at fair value	$ -	$ 6,362,549	$ 5,376,194	$ 11,738,743

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2013:

	Guaranteed Interest Account
Balance at December 31, 2012	$ 5,376,194
Change in net unrealized gain, included in statement of changes in net assets available for benefits	(526,659)
Interest income	172,295
Purchases	214,740
Sales	(603,716)
Transfers in	1,004,787
Transfers out	(894,369)
Balance at December 31, 2013	$ 4,743,272

The above net unrealized gain relating to the guaranteed interest account is on the fair value basis, while the statement of changes in net assets available for benefits is prepared on the contract value basis.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 7. INFORMATION CERTIFIED BY THE CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2013 and 2012, and net realized and unrealized appreciation in fair value of pooled separate accounts and interest income on notes receivable and guaranteed interest account for the year ended December 31, 2013, was obtained from information provided to the Plan sponsor and certified as complete and accurate by Standard, the custodian of the Plan.

NOTE 8. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter plan's opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The volume submitter plan has been amended since receiving the opinion letter; however, the Plan sponsor believes that the Plan is still designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The modified cash basis of accounting requires Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9. RELATED PARTY TRANSACTIONS

The Company provides administrative services for the Plan at no cost to the Plan. Substantially all of the Plan's operating expenses are paid by the Company. Certain investments are managed by Standard, the custodian of the Plan. These transactions qualify as party-in-interest transactions.

NOTE 10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.
