INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Apex Learning 401(k) Plan
Seattle, Washington

We were engaged to audit the accompanying financial statements of Apex Learning 401(k) Plan ("the Plan"), which comprises the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management of the Plan is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not required a part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated August 30, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Apex Learning 401(k) Plan ("the Plan") provides general information only. Participants should refer to the plan document for complete information regarding the Plan's definitions, benefits, eligibility, and other matters.

General

The Plan is a defined contribution plan that was established effective March 1, 1999, for the benefit of employees of Apex Learning, Inc. (the "Employer"). All employees who are at least 21 years of age and have completed three months of service are eligible to participate in the Plan. Employees can enter the Plan beginning the first day of the month following attainment of eligibility requirements.

Contributions

Participants may contribute to the Plan through voluntary deferrals of earned compensation. Eligible employees may contribute up to 80% of their compensation to the Plan, not to exceed annual limitations prescribed by the Internal Revenue Service (IRS). As of June 1, 2013, the Employer has amended the Plan to automatically withhold 5% from the participant's compensation upon reaching eligibility requirements unless the participant elects a different percentage (including zero). The Plan allows catch-up deferral contributions for participants 50 years of age or older as well as rollover contributions from other qualified plans. An additional employer match or nonelective contribution may be made at the sole discretion of the Employer. To be eligible for the discretionary employer match and the nonelective discretionary contribution, an employee must complete 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year. No discretionary contributions were authorized for the 2013 plan year.

Participant Accounts

Each participant's account is credited an allocation of (a) matching contributions and nonelective contributions from the Employer, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant contributions, earnings, or account balances, as defined. Participants' accounts are valued on a daily basis based on quoted market prices.

Participants direct the investment of both their contributions and their allocation of Employer contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary nonelective contributions is based on years of continuous service as follows:

<u>Completed Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Additionally, a participant becomes 100% vested upon death, disability, or retirement.

Forfeitures

Provisions of the Plan provide that upon termination of employment, participants are entitled to receive their vested portion of the net assets of the Plan. Any amounts not vested at the time of termination are forfeited and are to be used for the following: 1) pay Plan administrative expenses; 2) reduce the Employer matching contributions; and 3) reduce the Employer discretionary nonelective contribution for the Plan year in which the forfeiture occurs. There were no significant forfeitures for the year ended December 31, 2013.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts using their vested balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or \$50,000. The minimum amount required to be borrowed is \$1,000. Loan terms range from one to five years unless it is used to acquire a principal residence. The loans bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan administrator (resulting in a rate of 4.25% on all outstanding loans at December 31, 2013). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant, or their beneficiary will receive the value of the participant's account. The distribution may be in the form of a lump-sum payment or in the form of installment payments. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Employer contributions are recorded in the Plan year they are related to.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, is not recorded and would not have a material impact on the Plan's financial statements. Delinquent notes are recorded as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are valued at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Administrative Expenses

Participant loan accounts are assessed a separate fee for the administration of loans and repayments thereof, and are paid by the participant. Certain other administrative costs are paid by the Plan. All other administrative expenses related to the Plan are paid by the Employer.

Cash

Cash consists of an amount held in a non-interest bearing account at December 31, 2013. These funds are in transit from the previous custodian to a new custodian as discussed in Note 8.

Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

An asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for investments at fair value, including a general description of the Plan's investments.

Mutual Funds:

These investments are stated at fair value based on quoted prices in an active market and classified within Level 1 of the fair value hierarchy.

Money Market Fund:

Stated at cost plus accrued interest, which approximates fair value.

Plan investments at December 31, 2012, are summarized as follows (no investments recorded at fair value held at December 31, 2013):

Fair Value Measurements as of December 31, 2012				
	Level 1	Level 2	Level 3	Total
Mutual funds				
Mid-large cap stock	\$ 2,220,259	\$ -	\$ -	\$ 2,220,259
Fixed income	390,210			390,210
International	374,265			374,265
Small cap stock	82,932			82,932
Total mutual funds	3,067,666			3,067,666

	<u>\$ 3,612,548</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,612,548</u>

Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which was the same date as the independent auditors' report.

Note 3. Investments

Investments that represent 5% or more of total Plan net assets as of December 31, 2012, are as follows (no investments held at December 31, 2013):

Mutual funds		
Fidelity Diversified International Fund	\$	332,580
Fidelity Contra Fund		240,950
Fidelity Low Priced Stock Fund		208,257
Fidelity Total Bond		202,279
Spartan Total Market Index Advantage		202,221
Money Market fund		
Fidelity Retirement Money Market Fund		544,882

Note 4. Information Certified by the Trustee

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust company need not be subjected to independent audits.

The Plan's management has obtained a certification from the trustee, Fidelity, that the following information provided by Fidelity and included in the Plan's financial statements and supplementary information is complete and accurate:

- Fair value of investments as of December 31, 2013 and 2012; and
- Investment income earned for the year ended December 31, 2013.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 6. Tax Status

The Plan uses a volume submitter plan document sponsored by Fidelity. Fidelity received an opinion letter dated March 31, 2008, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's form 5500 filings are subject to examination by federal authorities for the last three Plan years.

Note 7. Party-In-Interest Transactions

The cash balance at December 31, 2013, is in an account maintained by Fidelity. Additionally, Plan investments at December 31, 2012, consisted of mutual funds and a money market fund managed by an affiliate of Fidelity. Transactions in such investments qualify as party-in-interest transactions.

Note 8. Subsequent Events
