The Mosser Group Employee Savings Plan and Trust

We have audited the accompanying financial statements of The Mosser Group Employee Savings Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements
Years Ended December 31, 2013 and 2012

Note 1 – Description of the Plan

The following description of The Mosser Group Employee Savings Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, as amended and restated effective January 1, 2012, is a defined contribution plan covering substantially all nonunion full-time employees of WMOG, Inc. (the Plan Sponsor and administrator) and its participating subsidiaries (collectively, the Company). Eligible employees are permitted to make contributions to the Plan on the first day of the first calendar quarter following their employment date. A participant, who is employed by the Company on the last day of the Plan year, is entitled to share in the allocation of Company discretionary matching and participant forfeitures for that Plan year in which the participant is credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Participant accounts are credited with their elective contribution, as defined in the Plan, and an allocation of Company discretionary and matching contributions and Plan earnings (losses). Allocation of Plan earnings (losses) is based on the participant earnings or account balances, as defined. Participants direct the investment of their accounts among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance in the participant's account.

Contributions

Company discretionary and matching contributions are at the sole discretion of and are determined annually by the Board of Directors of the participating subsidiaries. Company contributions, if any, may be made in cash or Company stock. If the Company contributions are made in Company stock, such contributions are made to and held in The Mosser Group Employee Stock Ownership Plan and Trust (ESOP) in accordance with the terms of that Plan. Company contributions in cash may be designated by the Plan Sponsor whether such contributions are to be made to and held by the ESOP, or whether such contributions will be made to this Plan. The Company matching contributions amounted to 100% of the first 4% deferred by the participants for the 2013 and 2012 Plan years. The Company matching contributions of \$244,182 in 2013 and \$246,290 in 2012 were contributed to the ESOP. Company discretionary contributions are allocated to eligible participant accounts based on the relative compensation (not to exceed \$255,000 in 2013 and \$250,000 in 2012) of the participants or at an equal dollar amount per participant. In 2013 and 2012, the Company made discretionary cash contributions of \$893,217 and \$1,141,106, respectively, to the ESOP.

EMPLOYEE SAVINGS PLAN AND TRUST

Notes to Financial Statements
Years Ended December 31, 2013 and 2012

Note 1 – Description of the Plan (continued)

Contributions (continued)

Each year, employees may choose to have a percentage of their compensation contributed to the Plan on their behalf. Participants may also contribute amounts representing distributions from other qualified plans. In general, the annual additions to an individual participant's account in a plan year cannot exceed the lesser of 100% of the participant's compensation or \$51,000 and \$50,000, respectively, in 2013 and in 2012.

Payment of Benefits

Upon retirement, disability, or death the Plan provides for distributions to be made in a single distribution at an elected date.

Benefits payable to terminated participants are based on the participant's vested account balance and are payable after five consecutive one-year breaks in service, except where as defined in the ESOP document, using substantially the same methods, as outlined above. Any participant contributions or rollover contributions are eligible to be distributed to the terminated participant as soon as administratively feasible.

Vesting

Participant balances representing Company discretionary contributions are fully vested after three years of credited service, or upon retirement, disability or death. Participant elective contributions and rollover contributions are immediately fully vested, as are Company safe harbor matching contributions.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are reallocated to the remaining participants. The reallocation, as added to the Company contribution, is based on the relative compensation of the remaining participants of the Company contributing during the year of the forfeiture, and is performed in the Plan year following the year in which the forfeiture occurs.

EMPLOYEE SAVINGS PLAN AND TRUST

Notes to Financial Statements
Years Ended December 31, 2013 and 2012

Note 1 – Description of the Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts become fully vested.

Administrative Expenses

The Company has the option to pay certain expenses necessary to operate and administer the Plan. Investment manager fees for the Plan years ended December 31, 2013 and 2012 have been deducted from Plan assets. Fees are paid by the Company for audit and other administrative expenses.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's money market and other mutual funds are held at American Funds (the Custodian).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Money market mutual funds are valued using penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

Life insurance contracts with Provident Life and Accident Insurance Company are valued at cash surrender value.

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 – Investments

Investments that represent 5% or more of the fair value of the Plan's net assets available for benefits are as follows:

Note 4 - Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of December 31, 2013 and 2012. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Note 5 – Restrictions on Net Assets

Certain mutual fund companies have implemented market timing restrictions designed to protect the long-term investors in the mutual fund. These restrictions limit the number of exchanges an investor can initiate within a given period of time and certain funds may charge a redemption fee.

Note 6 – Income Tax Status

As of the financial statement date, the Plan has applied for a favorable determination letter from the Internal Revenue Service to confirm its tax-exempt status for the Plan as amended and restated effective January 1, 2012. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The related trust, therefore, is not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Subsequent Events

Management has evaluated subsequent events through September 17, 2014, the date the financial statements were available to be issued, and determined that no events have occurred that require additional disclosure.
