REPORT OF INDEPENDENT AUDITORS

To the Retirement Committee
Capital Accumulation Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Capital Accumulation Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) - Schedule of assets (held at end of year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering employees of Air Transport Services Group, Inc. and certain subsidiaries (collectively, the Company) who are not part of a collective bargaining agreement. Employees may participate in the Plan after completing 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participant contributions - The Plan allows both tax-deferred salary reductions under a traditional 401(k) option and contributions under a Roth 401(k) option. A participant may elect to defer any whole percentage of compensation up to 75% of their annual salary, subject to Internal Revenue Service (IRS) limitations.

Employer Contributions - The Company makes a retirement contribution of 5% of eligible compensation to the accounts of employees of participating subsidiaries, except employees of Airborne Maintenance and Engineering Services, Inc. (AMES), who have completed one year of service with the Company and are employed on December 31. The Company may also make discretionary matching and performance contributions. There were no discretionary contributions made to the Plan for the year ended December 31, 2013.

For participants employed by AMES, the Company makes a matching contribution equal to 100% of the first 3% of each participant's compensation deferred to the Plan and 50% of the next 2% deferred to the Plan.

Investment Options - The Plan provides that participant and employer contributions to the Plan are allocated to investment options at the discretion of the participant. Investment options consist of shares purchased in mutual funds and units purchased in a collective trust.

Vesting - Participants are always fully vested in their salary deferrals and rollovers, plus earnings thereon. Participants vest in the Company's matching contributions and related earnings in increments of 20% per year of service until fully vested after five years. Vesting in the Company's retirement contributions and related earnings are fully vested after completing three years of service.

Participant Accounts - Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and an allocation of earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested individual account.

CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued)

Forfeitures - Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to reduce future employer contributions. As of December 31, 2013 and 2012, forfeited nonvested accounts totaled \$57,467 and \$173,943, respectively. During 2014, forfeitures totaling \$37,767 were used to reduce employer contributions for the year ended December 31, 2013. During 2013, forfeitures totaling \$150,248 were used to reduce employer contributions for the year ended December 31, 2012.

Benefit Payments - Upon termination of service, the value of a participant's individual account is payable, at each participant's or beneficiary's option, in either a single lump sum payment or as a partial payment of the participant's vested account balance.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's deferral account. Loan terms range from one to five years. Outstanding loans are secured by the balance in the participant's account. As of December 31, 2013, interest rates on outstanding loans ranged from 4.25% to 8.25% with various maturities through December 2018.

Termination of the Plan - Although there is no current intention to do so, the Plan may be terminated at the option of the Board of Directors of the Company. In the event of Plan termination, all assets become fully vested and are paid or transferred to the participants.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation - Investments are stated at fair value. The Plan's trustee, Fidelity Management Trust Company (the Trustee), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan shares in management fee revenues generated within certain mutual fund investments. The shared revenues are maintained in a separate revenue credit account and may be used to pay qualified plan expenses or get allocated to the accounts of participants who hold the mutual funds that generate revenue sharing as offsets to allocated expenses.

As of December 31, 2013 and 2012, revenue credit account balances totaled \$30,312 and \$0, respectively. During the year ended December 31, 2013, shared revenues totaling \$33,853 were received by the Plan and are reported as other income. The Plan paid investment and administrative expenses, including professional services provided by the Trustee, totaling \$4,301 from shared revenues.

Subsequent Events - The Plan has evaluated subsequent events through October 1, 2014, which is the date the financial statements were available to be issued.

Fidelity Diversified International Fund	\$ 7,501,667	\$ 6,133,752

* Contract value has been presented for the collective trust, as it is the relevant measurement for financial statement purposes.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds - Shares of mutual funds held by the Plan are valued at the net asset value (NAV) based on the closing price reported on the active market on which the individual securities are traded.

Collective trust - Units held in collective trusts are valued using the NAV of the collective trust as reported by the fund manager. The NAV is based on the fair value of the underlying assets owned by the collective trust, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective trust is calculated based on a compilation of primarily observable market information.

The Plan has investments in the Fidelity Managed Income Portfolio II (the Portfolio) which is a collective investment trust that invests mainly in fixed income securities (e.g. government securities, private and public mortgage-backed securities, other asset-backed securities and investment grade corporate obligations). The Portfolio is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Portfolio seeks to earn a high level of income consistent with those objectives.

The following tables disclose by level the fair value hierarchy as of December 31:

Note 5 - Tax Status

The IRS has determined and informed the Company by a letter dated October 11, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator has obtained a certification from the Trustee that the following information is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits at December 31, 2013 and 2012.
- Investment income and interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Investments and participant loans included in the schedule of assets (held at end of year).

Note 8 - Party-In-Interest Transactions

Plan investments include shares of mutual funds and units of a collective trust managed by Fidelity Investments. The Trustee is an affiliate of Fidelity Investments and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.
