INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Capsugel Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Capsugel Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Note A – Description of the Plan

The following description of the Capsugel Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and was established on August 1, 2011. The Plan was established by the Plan sponsor, Capsugel Holdings US, Inc. (the “Company”). Employers that are owned by Capsugel Holdings US, Inc. are also participating employers in the Plan, which includes Capsugel Manufacturing, Inc.; Capsugel US, LLC; and Capsugel, Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee and recordkeeper of the Plan is the Fidelity Management Trust Company.

Contributions

Participants may contribute up to 20% of pre-tax annual eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 20% of after-tax compensation, as defined by the Plan. However participants are limited to contributing a combined total of pre-tax and after-tax contributions of 20%. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Pursuant to an automatic enrollment provision, a participant’s earnings are automatically reduced and contributed to the Plan as of the enrollment date by 6% per year (unless the participant makes a different election or opts out).

The Company matches 100% of the first 3% of eligible compensation and 50% of the next 3% of eligible compensation contributed to the Plan, as defined in the Plan. Additional discretionary profit-sharing contributions may be made at the option of the Company’s board of directors. Participants direct the investment of participant and employer contributions.

The Plan also provides for a Company discretionary profit-sharing contribution. Participants must be employed on the last day of the year to be eligible for this contribution. In 2013, the Company funded the 2012 contribution of \$3,794,637. The Plan recorded a receivable of \$3,890,976 at December 31, 2013 related to this contribution for 2013 which was subsequently funded in the first quarter of 2014.

Eligibility

Employees are eligible to participate in the Plan upon hire. No date of service or age attainment is required. Excluded employees are those (1) that are included in a unit of employees covered by a collective bargaining agreement (“CBA”) who are excluded from the Plan per the CBA, (2) leased employees, (3) temporary employees of a participating employer, (4) residents of Puerto Rico, and (5) non-resident aliens with no income from a U.S. source.

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements
December 31, 2013 and 2012

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants also immediately vest in the Company's matching contributions. Participants vest in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, upon attaining three years of service.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have two outstanding loans at any given time. Loan terms range from one to five years; however, terms may exceed five years, but cannot be longer than ten years, for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loans range from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document.

Payment of benefits

On termination of service due to death, disability, retirement or for termination of service for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

A participant can make hardship withdrawals of participant pre-tax contributions, which will preclude the participant from making additional participant pre-tax contributions to the Plan for a six-month period.

Forfeitures

Forfeited non-vested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2013, forfeitures of \$19,644 were used to reduce employer contributions. Forfeited non-vested accounts available at December 31, 2013 and 2012 were \$73,372 and \$25,917, respectively.

Note B – Summary of Significant Accounting Policies

Basis of accounting

The financial statements are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

The Plan invests in investment contracts through a common collective trust. The statements of net assets available for benefits present the fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract held in common collective trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Subsequent events

The Company has evaluated subsequent events through September 30, 2014, the date the financial statements were available to be issued.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Substantially all plan expenses incurred in connection with the administration of the Plan are paid by the Company.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note C – Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and the related activity in the accompanying statement of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013.

Unrealized depreciation of other assets		(2,577)
Net investment gain from common/collective trusts		26,671
Net investment gain from registered investment companies		5,355,335
Net realized/unrealized appreciation	\$	<u>5,381,266</u>

Note E – Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Collective trust fund – The Wells Fargo Stable Value Fund M (the "Stable Value Fund") is a collective trust fund, with Wells Fargo Bank (the "Bank"), serving as trustee, custodian, and administrator. It is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. At December 31, 2013 the fund had all of its assets invested in the Wells Fargo Stable Return Fund G, a collective trust fund sponsored by the Bank. Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The WFSVF-M reserves the right to require a 12-month notice for withdrawal of assets from the Fund initiated by the Plan Sponsor or Trustee. Withdrawals initiated by participants of the Fund will be honored when received unless payments are being delayed to all Fund unit holders as provided in the Declaration of the Trust. In such an event, the Bank will work with the Plan Sponsor or Trustee to arrive at a mutually agreeable payout. The Stable Value Fund also contains a "90 day equity wash" provision. This provision restricts participants from transferring accumulations directly from products such as the Stable Value Fund to certain other plan investment options designated as "Competing Funds". Competing Funds are plan investment options that generally exhibit a pattern of performance consistent with stability. Competing Funds include money market funds, short-term bond funds, self-directed brokerage windows and certain other guaranteed / stable options. Amounts transferred from the Stable Value Fund to Non-Competing Funds may not be subsequently transferred to Competing Funds for 90 days.

Registered investment companies – Valued at the net asset value (NAV) of shares held by the Plan at year-end. These registered investment companies held by the Plan are deemed to be actively traded.

Common stocks – valued at the closing price reported on the active market on which the individual securities are traded.

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2013 and 2012:

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Change in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers in or out of Levels 1, 2, or 3.

Note F – Tax Status

During August 2011, the Plan adopted a Fidelity Management Trust Company prototype plan that received an opinion letter from the Internal Revenue Service on March 31, 2008. The plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (“IRC”) and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP generally requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2010.

Note G – Party-in-Interest Transactions

Certain investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan were \$20,016 for the year ended December 31, 2013. Notes receivable from participants also qualify as party-in-interest transactions.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets’ volatility may significantly impact the subsequent valuation of the Plan’s investments. Accordingly, the valuation of investments at December 31, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

CAPSUGEL SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Note I – Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

Note J – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note K – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and net increase in net assets available for benefits per the financial statements to the Form 5500:

We were engaged to audit the accompanying financial statements of Capsugel Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
