INDEPENDENT AUDITOR'S REPORT

To the Trustees
Auto Trust 401(k) Plan
Woodside, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Auto Trust 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information as summarized in Note 6, which was certified by the John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of the year ended December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Auto Trust 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a cash or deferred arrangement as described in Section 401(k) of the IRC covering all full-time employees of Paragon Motors of Woodside, Inc. and related companies ("Company"), who have completed three months of service and attained age 21. The Company includes Civic Center Motors, Ltd. and Worldwide Motors Ltd. Exclusions apply to those employees who are members of a collective bargaining unit and whose retirement benefits are the subject of a collective bargaining agreement that is in full force and effect.

b. Contributions

Each year, participants may contribute the maximum amount of their pretax annual compensation, as defined in the Plan, and as determined by the Federal Government. For 2013, that amount is $17,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

At the election of the Company, matching contributions and discretionary contributions may be made to an employee's account. The amount of the discretionary contribution is determined annually. Employees are not required to make elective deferrals in order to receive a discretionary contribution. Discretionary and matching contributions are allocated in accordance with provisions as outlined in the plan document.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are 100% vested at all times in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. Description of Plan (continued)

e. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other form of payment permitted under the Plan. If the vested account balance is less than $5,000, the vested benefit will be automatically rolled over to an IRA provider selected by the plan administrator unless the participant consents to a distribution of the vested account balance.

f. Notes Receivable from Plan Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate charged by a local commercial lender plus 1 percent. Rates currently are 4.25%. Principal and interest is paid ratably through payroll deductions.

g. Forfeited Accounts

At December 31, 2013 and 2012, the forfeited non-vested account balance was $201 and $541, respectively. During 2013, there were no reductions in administrative expenses or employer contributions from forfeited non-vested accounts. Forfeitures are used first to reduce administrative expenses of the Plan and any remaining balances are used to reduce company contributions.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. The contract as a whole is not deemed to be benefit-responsive, therefore, contract value is not a relevant measurement attribute for this contract. The statements of net assets available for benefits present the fair value of the investment contract.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (continued)

d. Payment of Benefits

Benefits are recorded when paid.

e. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

f. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

g. Subsequent Events

The plan administrator has evaluated subsequent events through September 29, 2014 the date the financial statements were available to be issued.

3. Investments

The following investments represent 5% or more of the Plan's net assets.

	December 31, 2013	December 31, 2012
500 Index Fund	$ 746,124	$ 523,718
Retirement Choices at 2010	323,405	350,323
Retirement Choices at 2015	-	230,594
Retirement Choices at 2020	-	218,826
Retirement Choices at 2025	883,955	766,529
Retirement Choices at 2030	404,490	341,081
Retirement Choices at 2035	-	250,350
Retirement Choices at 2040	406,776	316,533
Retirement Choices at 2045	322,482	257,825
Royce Opportunity	309,561	-
T. Rowe Price Health Science	473,821	383,566
	$ 3,870,614	$ 3,639,345

During 2013 the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by $774,203 as follows:

Pooled separate accounts	$ 774,203

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Investment contract with insurance company: Investing in a variable annuity contract of John Hancock Life Insurance Company of New York ("Hancock"). The contract consists of pooled separate accounts and are presented at fair value utilizing a combination of unit value formulas and the daily crediting of dividends on certain underlying investments within each pooled separate account. The unit values of the pooled separate accounts are determined by the insurance company using the net asset value ("NAV") of the underlying funds and any dividends and capital gains declared. Although the NAV is not publicly quoted, ASC 820 allows the NAV per share to serve as a practical expedient to estimate the fair value of pooled separate accounts as long as certain requirements are met.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 5,076,202	$ -	$ 5,076,202

4. **Fair Value Measurements (continued)**

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 4,176,468	$ -	$ 4,176,468

5. **Investment Contract with Insurance Company**

In 2012, the Plan entered into an investment annuity contract with Hancock. This contract consists of pooled separate accounts ("PSA"). The PSA contain various investment options selected by participants. Sub-accounts may also exist with various investment objectives.

Because the investment annuity contract is not fully benefit-responsive, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this contract. The investment annuity contract is presented on the face of the statements of net assets available for benefits at fair value.

6. **Information Certified by the Custodian**

The plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Hancock, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule of assets held at end of year.

Investments, at fair value:

	2013	2012
Pooled separate accounts	$ 5,076,202	$ 4,176,468

The custodian also certified to the completeness and accuracy of the net investment earnings as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013. The certification also includes all investment related information in the accompanying supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2013.

7. Party-in-Interest Transactions and Related-Party Transactions

Paragon Motors of Woodside, Inc. provides certain accounting and administrative services to the Plan for which no fees are charged and is a related party.

Plan investments include shares of pooled separate accounts held within the investment contract with Hancock. Hancock also provides custodial and certain record-keeping functions. AXA Network, LLC is the investment advisor and receives broker commissions from the Plan in the form of transaction based fees. Associated Pension Consultants, Inc. is the third party administrator and is paid by the plan sponsor.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Tax Status

The Plan adopted a mass-submitter prototype standardized profit-sharing plan with a cash or deferred arrangement. The plan sponsor has obtained an opinion letter from the Internal Revenue Service, dated March 16, 2010 that the Plan and related Trust were designed in accordance with applicable sections under the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been subsequently amended and restated. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

11. Accrued Corrective Distributions

The Plan failed one of the discrimination tests for the year ended December 31, 2013. Corrective distributions amounting to $114,093 are recorded as a liability in the accompanying statements of net assets available for benefits. These corrective distributions were reimbursed to the affected participants in 2014.
