RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 1 - Description of Plan and Summary of Accounting Policies -

Description of Plan

The following description of Durr Heavy Construction, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan adopted January 1, 1999. It covers all eligible employees of Durr Heavy Construction, LLC and Circle E Contracting, LLC (collectively, the Company) who are at least 20 years of age and have one year of service as defined in the Plan adoption agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their annual compensation, not exceeding the dollar limit set by law. The employer will make a Safe harbor non-elective contribution to the account of each eligible employee in the amount of 3% of the employee's eligible compensation plus 50% of the amount of the employee's deferrals exceeding 3%, not to exceed 5%. At its discretion, the Company may also elect to make discretionary contributions; however, the Company did not make any discretionary contributions in 2013 and 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, and an allocated portion of the Plan's earnings. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

Forfeited non-vested accounts are used to reduce future employer contributions and to pay administrative expenses. The balance of forfeited non-vested accounts at December 31, 2013 and 2012 was \$1,855 and \$-0-, respectively.

Payment of Benefits

Upon termination of service, a participant whose vested account balance does not exceed \$1,000 valued at the time of the distribution will receive an immediate lump-sum payment. A participant whose vested account exceeds \$1,000 valued at the time of distribution may elect, upon termination of service, to receive a lump-sum distribution or rollover to a qualified plan equal to the value of his or her account.

Vesting

Participants are immediately vested in their voluntary contributions and the Employer Safe-Harbor matching contributions. Vesting in the Company's discretionary contributions is based on the following vesting schedule.

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or More	100%

Accounting Policies

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. All assets are participant directed and are valued at current fair value as quoted by the custodians of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net Investment Gain (Loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year.

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses of maintaining the Plan are paid by the Plan and included in the financial statements. Investment related expenses are included in net investment gain from investments.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the Statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes of Net Assets Available for Benefits is prepared on a contract value basis. As of December 31, 2013 and 2012 the Plan had no fully benefit-responsive investment contracts.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The plan invests in various mutual funds. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these accounts, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events

The Plan evaluated subsequent events and transactions through September 22, 2014, which is the date the financial statements were available to be issued.

Note 2 - Plan Termination -

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 3 - Investments -

The following investments at December 31, 2013 and 2012 represent 5% or more of the Plan's net assets.

** Balance did not exceed 5% of the plan's net assets for the respective year.

Note 4 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2013 and 2012:

Mutual Funds - The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

Note 5 - Tax Status -

The Company has adopted a prototype plan which received a favorable determination from the Internal Revenue Service. The Plan itself has not separately applied for recognition of tax-exempt status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Lincoln Trust Company, the Plan's custodian for the year ended December 31, 2013, and Lincoln Trust Company and Hartford Life Insurance Company, the Plan's custodians for the year ended December 31, 2012.
