Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unqualified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)?

☒ Yes ☐ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ABBM GROUP, LTD LLP**

(2) EIN: **26-3939613**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.).....

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Resource Corporation of America & Recovery of Texas, Inc. 401K Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Resource Corporation of America & Recovery of Texas, Inc. 401K Plan, which comprise the statements of net assets available for benefits as of December 21, 2012 and December 31, 2011, and the related statements of changes in net assets available for benefits for the period January 1, 2012 through December 21, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information which was certified by John Hancock Insurance Company, summarized in Note 5, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the period ended December 21, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H – Schedule of Assets (Held At End of Period) as of December 21, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of Matter

As discussed in Note 3, the Plan was restated and merged into the DCS 401(k) MEP Solution Plan, a multiple employer plan ("MEP" or "MEP Plan"), and all assets were transferred to the DCS 401(K) MEP Solution Plan on December 21, 2012. As a result, the Resource Corporation of America & Recovery of Texas, Inc. 401K Plan is considered to have ceased to exist as of December 21, 2012. Our opinion is not modified with respect to that matter.

NOTE 1 - Description of the Plan:

The following brief description of Resource Corporation of America & Recovery of Texas, Inc. 401K Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Background – Effective November 1, 2000, Resource Corporation of America & Recovery of Texas, Inc. (the "Company" or "Plan Sponsor") established a 401(k) savings plan, qualifying under section 401(a) of the Internal Revenue Code ("the Plan"), for the benefit of the employees of the Company. Effective January 1, 2009, the Plan was restated by the execution of an Adoption Agreement adopting the Alliance Benefit Group of Houston Prototype Plan. Effective January 1, 2012, the Plan was restated by the execution of an Adoption Agreement adopting the Alliance Benefit Group of Houston Non-Standardized Plan. The Plan was a prototype cash or deferred profit sharing plan sponsored by the Company.

As described in Note 3 below, effective December 1, 2012, the Plan was restated and merged into the DCS 401(k) MEP Solution Plan, a multiple employer plan ("MEP" or "MEP Plan"), and all assets were transferred to the DCS 401(K) MEP Solution Plan on December 21, 2012. As a result, the Resource Corporation of America & Recovery of Texas, Inc. 401K Plan is considered to have ceased to exist as of December 21, 2012.

General - The Plan is a defined contribution plan covering substantially all employees of the Company who are age 21 or older and have completed the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee Agreement - John Hancock Life Insurance Company, as agent for the Trustees, held the Plan's investment assets under a group annuity contract, together with the income there from, and executed investment transactions in accordance with the Plan agreement until December 21, 2012, when the Plan was merged into the MEP Plan. In addition, Alliance Benefit Group of Houston and John Hancock life Insurance Company ("Recordkeepers") were the recordkeepers of the Plan as agent for the Plan's Trustees, Bryan Haye, Frank Dominguez and James Finklea.

Contributions - Each participant could elect to contribute a percentage of annual compensation to the participant's deferral account. The maximum percentage that a participant could elect to contribute was 100% of annual compensation, subject to limitations imposed by the Internal Revenue Code; the maximum contribution was \$17,000 for calendar year 2012 (\$22,500 for employees meeting certain age and "catch up contribution" requirements). Participants could also contribute rollover distributions from other qualified plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan's investments included a guaranteed investment account and pooled separate accounts consisting of more than 35 separate funds. The Company, at its discretion, could make an annual contribution to the Plan. For the period ended December 21, 2012, the Company did not make a contribution to the Plan.

Vesting - Participants were immediately vested in their salary deferrals and rollover contributions and actual earnings thereon. Vesting in any Company contributions was based on years of continuous service. Company contributions are vested at the rate of 20% after two years of service and then 20% per year after each additional year of service, until fully vested after six years of service.

Forfeitures – Non-vested amounts that were forfeited were used to reduce future administrative expenses of the Plan. Forfeitures from non-vested accounts were \$149 for 2012, and \$291 for 2011. At December 21, 2012, all forfeited amounts had been allocated to reduce administrative expenses.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution, or allow the account to remain in the Plan subject to certain restrictions. In addition, the Plan allowed for hardship withdrawals, subject to qualification.

Participant Accounts – Individual accounts were maintained for each Plan participant. Each participant's account received credit for the participant's salary deferral, the Company's contribution, and an allocation of Plan earnings. Each participant's account was charged with withdrawals, an allocation of Plan losses, and administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account. All contributions made to these accounts were directed by the participant into investments offered by John Hancock Life Insurance Company. Allocations between investments, as well as deferral percentages, could be changed by the participant at any time.

Notes Receivable from Participants- Participants were allowed to borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are made on a uniform and nondiscriminatory basis, secured by the balance in the participant's account and bore interest at rates ranging from 4.25% to 6.00%, which was commensurate with local prevailing rates as determined by the Recordkeepers. Principal and interest was repaid through semi-monthly payroll deductions.

NOTE 2 - Summary of Significant Accounting Policies:

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The financial statements of the Plan have been prepared under the accrual basis of accounting from information supplied by the Company and the Recordkeepers.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments were in pooled separate accounts and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment income has been recorded as earned. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded by John Hancock Life Insurance Company on the trade date basis. Net appreciation

(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds have been deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Loans to participants have been reported at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Interest income from loans to participants has been recorded when earned. Any loan balance owed by a participant upon termination of employment with the Company was treated as a distribution to the participant.

Payment of Benefits - Benefits were recorded when paid.

Excess Contributions - Excess deferral contributions were offset in the year returned and refunded to the participants.

Administrative Expenses – Administrative expenses charged by the Recordkeepers relating to participant activities are deducted from the participant's account. Forfeitures have been used by the Plan to pay other administrative expenses. Certain expenses of the Plan, including legal, audit, and administrative expenses, are paid by the Company. Legal, audit, and administrative expenses approximated \$15,000 for 2012, of which the Plan sponsor paid \$6,135, and the Plan paid \$9,798. These expenses are included as plan expenses on the Statement of Changes in Net Assets Available for Benefits.

NOTE 3 - Plan Merger:

Effective December 1, 2012, the Plan was restated and merged into the DCS 401(k) MEP Solution Plan, a multiple employer plan ("MEP" or "MEP Plan"), and all assets were transferred to the DCS 401(K) MEP Solution Plan on December 21, 2012. As a result, the Resource Corporation of America & Recovery of Texas, Inc. 401K Plan is considered to have ceased to exist as of December 21, 2012.

In connection with the merger, the Plan considered the applicability of DOL Advisory Opinion 2012-04a, which pertains to mergers of separate plans into multiple employer plans. The MEP's Sponsor has represented to the Plan that its legal counsel has given an opinion that Advisory Opinion 2012-04a does not apply to the Plan's merger into the MEP, and that therefore the merger did cause this Plan to have ceased to exist as of December 21, 2012. The MEP's Sponsor has agreed to indemnify the Plan for any costs incurred should this position be challenged by the DOL or other regulatory agency.

As a result of the merger and concurrent distribution of assets to the MEP, there were no remaining assets in the Plan, as indicated in the accompanying Statement of Net Assets Available for Benefits as of December 21, 2012. Immediately prior to the distribution on December 21, 2012, the net assets available for plan benefits (and which were distributed to the MEP) were as follows:

	Distributed On December 21, 2012
ASSETS	
Investments at fair value:	
Pooled separate accounts	\$566,876
Unallocated contracts held in insurance company general account	862
Total investments at fair value	<u>567,738</u>
Notes receivable from participants	<u>7,348</u>
Total assets	<u>575,086</u>
LIABILITIES	<u>-</u>
NET ASSETS DISTRIBUTED	<u><u>\$575,086</u></u>

NOTE 4 – Fair Value Measurement Disclosures:

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements – Input to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 21, 2012 and December 31, 2011.

Pooled separate accounts: The fair value of Pooled separate accounts are based on observable inputs (assumptions obtained from independent sources) for the asset, either directly or indirectly (for example, quoted prices used to value similar instruments in active markets such as stocks or bonds). Pooled separate accounts are valued at the unit value (UV) of shares held by the plan at year end. The investments are valued each day that John Hancock Life Insurance Company is open for business by quoted net asset values (NAV) in active markets. A unit value (UV) is derived by John Hancock Life Insurance Company by adjusting the net asset value of the underlying funds for dividend reinvestments and administrative expenses. The unit value derived approximates fair value.

Unallocated contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 21, 2012 and December 31, 2011:

	Fair Value Using Level 2 Inputs
December 21, 2012:	
Pooled separate accounts	\$ -
Unallocated contracts	-
Total	<u>\$ -</u>
December 31, 2011:	
Pooled separate accounts	\$569,651
Unallocated contracts	575
Total	<u><u>\$570,226</u></u>

During the period ended December 21, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$77,591. The full amount of this net change in fair value is attributed to securities held within pooled separate accounts.

NOTE 5 - Investment Information Prepared and Certified by John Hancock Life Insurance Company:

NOTE 6 – Unallocated Contracts Held In Insurance Company General Account:

The Guaranteed Interest Account is a general account product investment contract with John Hancock Life Insurance Company. It guarantees a return of principal and compound interest earned over a defined term of 3, 5, or 10 years, provided all contributions remain in the account until the end of the guarantee period. Guaranteed interest rates are based upon the claims paying ability of John Hancock Life Insurance Company. The assets are primarily invested in federal and other government bonds, corporate bonds and commercial mortgages.

Interest rates are established on the first day of each calendar month and apply to all regular ongoing contributions made to the account in that month. At the end of each reporting year a composite rate of interest is determined. The composite rate is a dollar-weighted average rate of all contributions to that Guaranteed Interest Account during the reporting year. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term.

Because interest rates are adjusted monthly, there were no significant differences between fair value and contract value at December 21, 2012 or December 31, 2011.

NOTE 7 - Income Tax Status:

The Plan sponsor has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the form of the Plan at that time was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended to comply with recent legislation since receiving the opinion letter. During 2011 and the period ended December 21, 2012, certain deferrals were made for employees using earnings amounts that were not in accordance with the definition of eligible earnings in the Plan document. The Company intends to take the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans

Compliance Resolution System (EPCRS), including repayment of lost earnings on these amounts. The Plan Sponsor believes that the Plan has maintained tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management is not aware of any tax positions that would have significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE 8 – Party-in-interest Transactions:

Certain Plan investments are shares of mutual funds managed by the John Hancock Life Insurance Company. John Hancock is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. During the period ended December 21, 2012, the Plan paid direct compensation to John Hancock for the investment management services amount to \$7,848. Additionally, the Plan paid indirect compensation for investment management services and fund expenses to John Hancock as an annual percentage of each fund's assets ranging from .54% to 1.33%.

These transactions qualify as exempt party-in-interest transactions according to ERISA and Department of Labor Regulations.

NOTE 9 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Concentration of credit risk with respect to investments managed by John Hancock Life Insurance Company is reduced as a result of diversity of the underlying investments.

NOTE 10 – Subsequent Events:

Subsequent events were evaluated through the date of the auditors' report, which is the date the financial statements were available to be issued.
