NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note 1 **Description of Plan**

The following description of the McAlpin Industries, Inc. Employees' Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of McAlpin Industries, Inc. (the Company) who are 21 years of age and who have completed three months of service during the Plan year. Participants are allowed to enter the Plan on the first day of the next calendar quarter following completion of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each participant may contribute up to 25 percent of their pretax annual compensation, as defined in the Plan Agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 35 percent of the first 5 percent of compensation that a participant contributed to the Plan. Additional annual profit sharing amounts may be contributed at the discretion of the Company's board of directors. Participants direct the investment of all employee and employer contributions into various investment options. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution (if any), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon. Vesting in employer discretionary employer profit sharing contributions are based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Note 1 **Description of Plan - Continued**

Notes Receivable From Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) 50% of the vested account balance or (ii) $50,000, reduced by the highest outstanding loan balance during the prior 12-month period.

The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, ranging from 4.25% to 9.25% at December 31, 2013 and have maturity dates between 2014 and 2018. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, hardship, retirement, termination or other reason, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account balance.

In December, 2013, a terminated participant requested a distribution of his account balance of $420,575. The distribution was processed subsequent to the year ending December 31, 2013. In accordance with filing instructions to the Form 5500, this is included as a benefit claim payable; however, accounting principles generally accepted in the United States of America require that this be excluded from the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Refer to Note 9.

Forfeited Accounts
At December 31, 2013 and 2012, forfeited non-vested accounts totaled $8,166 and $12,898, respectively. These accounts may be used to reduce future employer contributions or pay Plan expenses. In 2013, $12,308 was used to reduce employer contributions and $-0- was used to pay Plan expenses. In 2012, $19,244 was used to reduce employer contributions and $-0- was used to pay Plan expenses.

Note 2 **Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 **Significant Accounting Policies - Continued**

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustees. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants
Notes Receivable From Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contribution Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15 of the subsequent Plan year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid for by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition and disclosure through August 15, 2014, the date the financial statements were available to be issued.

Note 3 **Certified Information**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by TD Ameritrade Trust Company, the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012 and the related investment income and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2013. Additionally, the trustee has certified the information in the schedule of assets (held at end of year) as of December 31, 2013.

The following table presents the fair value of investments that exceed five percent of the Plan's net assets as of December 31, 2013 and 2012:

		2013		2012
Manning & Napier Pro-Blend Moderate Term	$	**3,286,396**	$	2,942,114
Manning & Napier Pro-Blend Maximum Term	$	**2,100,113**	$	2,349,711
TD Ameritrade Money Market Fund	$	**1,019,878**	$	609,153
Vanguard Group 500 Index Fund	$	**451,401**	$	N/A
Manning & Napier Pro Blend Extended Term Fund	$	**N/A**	$	372,431
Pimco Total Return Fund	$	**N/A**	$	378,341

During 2013, the Plan's investments in registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $973,726.

Note 4 **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money Market Funds: Valued at cost, which approximates fair value.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 **Fair Value Measurements - Continued**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013			
	Level 1	*Level 2*	*Level 3*	*Total*
Money Market Funds	$ 1,019,878	$ -	$ -	$1,019,878
Investments in Registered Investment Companies:				
Growth Funds	6,185,376	-	-	6,185,376
Income Funds	392,096	-	-	392,096
Index Funds	451,401	-	-	451,401
Total Assets at Fair Value	**$ 8,048,751**	**$ -**	**$ -**	**$8,048,751**

	Assets at Fair Value as of December 31, 2012			
	Level 1	*Level 2*	*Level 3*	*Total*
Money Market Funds	$ 609,153	$ -	$ -	$ 609,153
Investments in Registered Investment Companies:

Income Funds	378,341	-	-	378,341
Index Funds	330,164	-	-	330,164
Total Assets at Fair Value	$7,069,949	$ -	$ -	$7,069,949

Note 5 **Related Party Transactions and Party-In-Interest Transactions**

Certain Plan investments are money market funds managed by the TD Ameritrade Trust Company. TD Ameritrade Trust Company is the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Note 6 **Tax Status**

The Plan adopted a non-standardized form of a prototype plan sponsored by EBS-RMSCO, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service, dated July 1, 2009, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the prototype plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balance.

Note 8 **Risk and Uncertainties**

The Plan provides for investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 **Reconciliation to Form 5500**
