MARSDEN RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 DESCRIPTION OF PLAN

The following description of Marsden Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective September 1, 2002. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last amended and restated effective January 1, 2012. The Plan is a defined contribution plan covering all eligible employees of Marsden Bldg. Maintenance LLC, American Security, LLC, National Maintenance Contractors, Caretakers Building Maintenance, LLC, Palen/Kimball, LLC, Marsden Holding, LLC, Haynes Building Services, Marsden Services, LLC, Final Touch Services, LLC, NMC Franchising, LLC and Dependable Facility Services, LLC (collectively referred to as the Employer). Employees begin participation upon the completion of one year of service and attaining age twenty-one. However, employees are eligible to participate in the 401(k) deferral portion of the Plan following the completion of three months of service and the attainment of age twenty-one. The Plan excludes employees covered by a collective bargaining agreement unless specified, non-resident aliens, leased employees, reclassified employees and highly compensated employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the Plan.

Contributions

The Plan includes a 401(k) cash or deferred arrangement. Under this arrangement and subject to Plan provisions, participants may elect to make salary deferral contributions to the Plan subject to Plan limitations. The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Employer may elect to make a discretionary matching contribution. The Employer elected to match 20% of the employee deferrals on the first \$500 deferred during 2013 and 2012 for employees of Marsden Bldg. Maintenance, LLC and American Security, LLC and 3% of eligible compensation for employees of National Maintenance Contractors and NMC Franchising, LLC. There was no Employer matching contribution authorized for any other participating Employers during 2013 and 2012. The Employer may also elect to make a discretionary profit sharing contribution to the Plan. Participants must be employed on the last day of the Plan year in order to receive a profit sharing contribution unless their termination was due to death, disability or reaching the normal retirement age of 65. There were no Employer profit sharing contributions for the years ended December 31, 2013 and 2012. Participants direct the investment of contributions into the various investment options offered under the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with an allocation of the Participant's deferrals, Employer's matching or profit sharing contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting

Participants are immediately vested in their 401(k) deferrals, plus actual earnings thereon. Vesting in the Employer contributions portion of their account plus earnings thereon is based on years of continuous employment, as follows:

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

Notwithstanding the above, a participant will become fully vested upon death, disability or reaching normal retirement age of 65. Participants receive service credit for years of service with the predecessor sponsors Marsden Bldg. Maintenance Co., American Security Corporation, Clean Power, Inc., National Maintenance Contractors, Paradise Building Services, LLC, Caretakers Building Maintenance, LLC, Palen/Kimball, LLC, Haynes Building Services, LLC, Marsden Services, LLC, Final Touch Services, LLC, NMC Franchising, LLC, and Dependable Facility Services, LLC.

Forfeitures

Forfeitures of nonvested accounts are first used to reduce Plan expenses and to reduce future Employer matching contributions and then any remaining forfeitures are reallocated as an additional Employer match contribution to eligible participants. Forfeitures are reallocated subsequent to year-end based on the prior Plan year Employer contributions. The forfeiture balance at December 31, 2013 and 2012 was \$1,517 and \$737, respectively. Forfeitures of \$672 and \$2,519 were used to reduce Employer match contributions during the years ended December 31, 2013 and 2012, respectively. There were no forfeitures used to pay Plan expenses during the years ended December 31, 2013 and 2012. Forfeitures of \$859 and \$392 were reallocated as an additional Employer match contribution during the years ended December 31, 2013 and 2012, respectively.

**MARSDEN RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 1% over the prime rate. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are charged to the participant's account. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance will be deemed taxable to the participant. The note balance will be reduced and a benefit payment will be recorded at the time the participant incurs a distributable event.

Administrative Expense

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2014, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of notes receivable from participants and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012 (except for the adjustment from fair value to contract value for fully benefit-responsive investment contracts), the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

NOTE 5 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**MARSDEN RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

The stable value collective funds objective is to protect principal while providing a higher rate of return than other conservative investments, such as money market funds. To achieve this, the Fund invests in instruments which are not expected to experience price fluctuation in most economic or interest rate environments.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TAX STATUS

The Company adopted a Wells Fargo Bank, N.A. Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since relying on the prototype opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
