SSW HOLDING COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF THE PLAN

General — The following description of SSW Holding Company Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more information about the Plan.

SSW Holding Company, Inc., is the Plan administrator. The Plan is available to qualifying employees of Straits Steel and Wire Company; Southern Steel & Wire Co.; Collis Inc.; Alabama Wire Products, Inc.; American Appliance Products, Inc.; and Premier Manufacturing Corporation (collectively, the “Company”). The Plan is subject to the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

J.P. Morgan Chase Bank, N.A. (“the Bank”), serves as trustee of the Plan for accounts record kept by J.P. Morgan Retirement Plan Services LLC (“J.P. Morgan”) through its contractual relationship with FASCore, LLC (“FASCore”). FASCore and J.P. Morgan are parties to a Schedule effective May 31, 2012, attached to a Master Agreement for Professional Services entered into as of April 15, 2005, and amended as of May 31, 2012 (“Agreement”). Under the terms of the Agreement, FASCore provides recordkeeping and administrative services, on J.P. Morgan’s behalf, with respect to employee benefit plans maintained by plan sponsors who have retained J.P. Morgan to provide such recordkeeping and administrative services. The Company has retained J.P. Morgan to provide such recordkeeping and administrative services.

The Plan is a defined contribution retirement plan established effective January 1, 1997. Eligibility to participate in the Plan and to receive Company contributions varies by entity within the Company, as well as the union and nonunion status of the employee.

Contributions and Earnings Allocations — Participants may contribute to the Plan an amount not to exceed 80% of their annual compensation, subject to certain limitations and collective bargaining agreements. The Company matches a portion of participant contributions. This match also varies by entity and collective bargaining agreement. Participants should refer to the Plan document for Company match percentages. The Plan also provides for an additional annual employer discretionary contribution that is determined by the board of directors and applicable collective bargaining agreements. Additional amounts may be contributed at the discretion of the Company’s board of directors. No such additional discretionary contributions were made for the year ended December 31, 2013.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contribution, the Company’s matching contributions, as well as Plan earnings. The participant accounts are also charged with withdrawals and an allocation of Plan losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment of Plan Assets — Participants direct the investment of their contributions and any Company contributions into various investment options offered by the Plan. The Plan currently offers 23 mutual fund investment options, a stable value fund option, and a self-directed brokerage account option.

Vesting — Participants are immediately vested in their account balances maintained under the Plan.

Participant Loans — The Plan provides for loans to participants, limited to the greater of \$50,000 or 50% of the amount of the respective participants' vested accounts, with a minimum loan amount of \$1,000. A loan to a participant is secured by the balance in the participant's account and bears interest at rate equal to 1% over the prime lending rate published in *The Wall Street Journal* on the date of the loan. Loans are repaid through payroll deductions over a period of five years or less.

Distributions and Withdrawals — A participant is eligible to receive a distribution from the Plan of his or her total vested account balance when one of the following events occurs: (1) death, (2) total disability, (3) termination of employment, (4) in-service withdrawal at age 59 1/2, (5) attainment of the age of 70 1/2, or (6) hardship withdrawals as defined in the Plan document. Most participants receive a single lump-sum payment; however, certain participants may elect to receive the benefit in installment payments.

Forfeited Accounts — As of December 31, 2013 and 2012, forfeited nonvested accounts totaled \$52,491 and \$51,798, respectively. These amounts resulted from the excess employer contributions, above the Internal Revenue Code (IRC) limit, from the prior year. These accounts will be used to reduce future employer contributions and to pay Plan administrative expenses. The forfeiture accounts were used to reduce the employers contributions during the 2014 Plan year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate fluctuations, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Mutual fund investments, are stated at fair value, which is measured by quoted market prices in active markets. The Plan also offers a self-directed brokerage account, which is composed of a common stock and a money market fund. The common stock is valued at the daily closing price that is reported on the active market and the money market fund is considered a cash equivalent and reported at cost plus accrued interest.

The J.P. Morgan Stable Value Fund (the "Fund") is a collective trust fund sponsored by JP Morgan. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV) of \$1 per unit. Distributions to the Fund's unit holders are declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit; although there is no guarantee that the Fund will be able to maintain this value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. The operating expenses for the self-directed brokerage account are charged directly to the participant accounts on a quarterly basis, and are shown separately.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan, unless the Company chooses to pay such administrative expenses. The Plan sponsor paid the administrative expenses for the Plan during the 2013 Plan year.

Payment of Benefits — Benefits are recorded upon distribution. As of December 31, 2013 and 2012, there were no account balances pertaining to persons who had elected to withdraw from the Plan, but had not yet been paid.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of IRC limits. There were no excess contributions payable as of December 31, 2013 and 2012.

Applicable Accounting Standard — There are no recent accounting pronouncements that are expected to have a material impact on us for the years ended December 31, 2013 or 2012.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation methodologies used by the Plan maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Mutual Funds — Mutual funds are valued at their daily closing prices, as reported by each fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund — The Fund is valued at the NAV of the units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Fund, less its liabilities.

Self-Directed Brokerage Account — The Plan offers a self-directed brokerage account for Plan participants. As of December 31, 2013 and 2012, the underlying investments in the account are composed of a publicly traded common stock, and a money market fund. The common stock is valued at the daily closing price that is reported on an active market. The money market fund is considered a cash equivalent and reported at cost plus accrued interest. At December 31, 2013, the following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis:

Fair Value Measurements at December 31, 2013, Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Balanced funds	1,755,268			1,755,268
Fixed-income funds	1,644,695			1,644,695

Total	<u>\$10,953,902</u>	<u>\$2,522,301</u>	<u>\$ -</u>	<u>\$13,476,203</u>

At December 31, 2012, the following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis:

Fair Value Measurements at December 31, 2012, Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Domestic stock funds	\$4,880,451	\$ -	\$ -	\$ 4,880,451
Balanced funds	1,850,052			1,850,052
Fixed-income funds	1,456,422			1,456,422
International funds	58,482			58,482
Self-directed brokerage account		11,667		11,667
Stable value fund		3,294,729		3,294,729
Total	<u>\$8,245,408</u>	<u>\$3,306,396</u>	<u>\$ -</u>	<u>\$11,551,803</u>

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments with the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2013 and 2012, there were no transfers between levels.

4. STABLE VALUE FUND

The Fund is a comingled pension trust fund sponsored by J.P. Morgan. The beneficial interest of each participant is represented by units. The stable value fund's primary goal is to seek current income, while maintaining stability of the invested principal.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the stable value fund, plus earnings, less participant withdrawals and administrative expenses. The Fund has no restrictions or notice periods with respect to redemptions and no unfunded commitments. The stable value fund itself may be subject to circumstances that affect its ability to transact at contract value, such as a complete or partial termination of the Plan or its merger with another plan or a failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the stable value fund to transact at less than contract value is not probable.

The Fund is required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive stable value funds. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of such investments, as well as the adjustment of the investments that are fully benefit responsive from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis.

The Fund invests in synthetic guaranteed investment contracts, U.S. Treasury and agency securities, and cash and cash equivalents. All investment contracts purchased by the Fund are benefit responsive. The Fund also invests in other commingled trust funds managed by JP Morgan.

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 24, 2012 (the "determination letter"), that the Plan and related trust were designed in accordance with the applicable regulations of the "IRC". The Plan has been amended since receiving the determination letter. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by FASCore, acting as an agent for the Bank, the trustee of the Plan as of December 31, 2013, and for the year ended December 31, 2013, and by the Bank, the trustee of the Plan as of December 31, 2012, and furnished to the Plan administrator. 7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by J.P. Morgan Trust Company. J.P. Morgan Trust Company is an affiliate of the Bank, the trustee for the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a deduction of the return earned on each fund.
