Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
NACCO Materials Handling Group, Inc.
Defined Benefit Plan for Union Employees
Mayfield Heights, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NACCO Materials Handling Group, Inc. Defined Benefit Plan for Union Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2012, and the statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2013 and 2012 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended December 31, 2013 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the NACCO Materials Handling Group, Inc. Defined Benefit Plan for Union Employees (the "Plan") provides only general information. Reference should be made to the Plan document for a more complete description of the Plan's provisions.

General: The Plan (as amended and restated as of September 1, 2010), is sponsored by NACCO Materials Handling Group, Inc. (the "Company") and is a defined benefit pension plan within the provisions of the Employee Retirement Security Act of 1974 ("ERISA") (as amended).

Prior to October 1, 2012, the assets of the Plan were invested in the NACCO Industries, Inc. Defined Benefit Master Trust (the "Master Trust"). The Company was a wholly-owned subsidiary of NACCO Industries, Inc. (the "Former Parent Company") until September 28, 2012, when the Company's immediate Parent Company was spun off to form a separate publicly traded company. The Former Parent Company is the sponsor of the Master Trust. Effective as of October 1, 2012, the Plan's assets were transferred to a separate trust. Subsequent to this transfer, it was determined that excess assets of \$208,764 were transferred out of the Master Trust and were transferred back to the Master Trust.

The Plan is frozen for purposes of eligibility and benefit accruals.

Plan Administration: The Company is the Plan sponsor and Plan administrator. Vanguard Fiduciary Trust Company ("Trustee") is the trustee of the Plan. Investment decisions are made by the NACCO Materials Handling Group, Inc. Retirement Funds Investment Committee.

Vesting: Plan participants are 100% vested in their benefits under the Plan.

Contributions: The Company intends to contribute, at a minimum, amounts necessary to provide the Plan with sufficient assets to meet or exceed the minimum funding requirements under ERISA. Company contributions, if any, made for the 2013 and 2012 plan years met or exceeded the ERISA minimum funding requirements.

Benefits: Under the Plan, participants are eligible for benefits upon reaching age 65, or beginning at age 55 with at least 15 years of service, as defined. Certain Danville employees are eligible for a special early retirement pension upon completion of 30 years of service. In general, benefits are computed on the basis of a fixed amount per month for each year of service during which the participant was an active participant of the Plan.

Various disability pre-retirement and post-retirement benefits are payable under the Plan. In general, benefits are distributed in the form of monthly payments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are presented on the accrual basis of accounting.

Allocation of Contributions, Investment Income, Gains and Losses in the Master Trust: The trust assets attributable to each of the plans participating in the Master Trust are maintained by the Trustee. Employer contributions received and benefits paid to participants are maintained on a specific plan basis in the Master Trust. Investment income, gains, and losses of the Master Trust are allocated to the individual plans based on the beginning of the month plan balances. The Plan ceased participating in the Master Trust on September 30, 2012.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses: Certain expenses of administering the Plan, principally actuarial fees, accounting fees and some investment management fees are paid by the Plan. These costs are reflected on the accompanying financial statements. Other administrative expenses, such as legal fees and miscellaneous costs, are paid by the Company and are not reflected in the accompanying financial statements. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Therefore, it is reasonably possible that a significant change may occur in the near term for the estimate of actuarial present value of accumulated plan benefits.

Benefit Payments: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fair value of the Plan's interest in the Master Trust for periods prior to October 1, 2012 is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and expenses. The underlying investments of the Master Trust are stated at fair value.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions are of the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Registered Investment Companies: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2013 Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurements at December 31, 2012 Using Quoted Prices in Active Markets for Identical Assets (Level 1)

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present eligible employees or their beneficiaries. The accumulated plan benefits for active employees are based on the years of service ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, full and permanent disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by actuaries from Towers Watson, the Plan's actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, full and permanent disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The more significant actuarial assumptions used by the Plan's actuaries to arrive at the valuations of the Plan as of December 31, 2012, are as follows:

Assumed rate of return – December 31, 2012	7.75%
Mortality basis – December 31, 2012	IRS 2013 prescribed
Retirement age	Rates varying by age, with an average expected retirement age of 67

The increase accumulated plan benefits of \$1,225,393 for the year ended December 31, 2012 is due to a decrease in the assumed rate of return from 8.25% to 7.75% as well as the use of updated mortality assumptions from the IRS 2012 prescribed table to the IRS 2013 prescribed table.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - INVESTMENTS (UNAUDITED INFORMATION)

Vanguard Fiduciary Trust Company, the Trustee of the Plan and Master Trust, holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan's investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

The following table presents the fair value of investments. Investments that represent 5% or more of the Plan's net assets as of December 31 are separately identified.

NOTE 4 - INVESTMENTS (UNAUDITED) (Continued)

For the period prior to the spin-off from the Master Trust during 2012, the Plan's net investment gain in the Master Trust (including gains and losses on investments bought and sold, as well as held during the year and interest and dividend income) was \$3,870,387.

For the year ended December 31, 2013 and subsequent to the spin-off from the Master Trust in 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated in value by \$5,029,606 and \$15,642, respectively, and earned dividend and interest income of \$924,894 and 361,526, respectively.

NOTE 5 - MASTER TRUST (UNAUDITED)

Prior to October 1, 2012, the investments of the Plan, along with other defined benefit plans sponsored by the Former Parent Company and its subsidiaries were invested in the total assets of the Master Trust. Each participating plan had an undivided interest in the Master Trust.

A summary of the Master Trust's investment income allocated to the participating plans for the year ended December 31, 2012 was as follows:

	<u>2012</u>
Interest and dividend income	\$ 6,191,845
Net appreciation in common stock	1,596,375
Net appreciation in shares of registered investment companies	<u>20,645,844</u>
	<u>\$ 28,434,064</u>

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Certain investments held by the Plan at December 31, 2013 and 2012 are shares of registered investment companies managed by Vanguard Group, Inc. Vanguard Fiduciary Trust Company is a wholly owned subsidiary of the Vanguard Group, Inc. Vanguard Fiduciary Trust Company is the Trustee, as defined by the Plan; therefore, these investments and investment transactions qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest included fees for investment management, actuarial, audit and trustee services. However, these investments and transactions are not considered prohibited transactions.

NOTE 7 - PLAN TERMINATION

The Company has the right to terminate the Plan at any time within the constraints of ERISA and the Internal Revenue Code. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed in the Plan document and by ERISA and its related regulations. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. However, benefit improvements attributable to Plan amendments may not be fully guaranteed by the PBGC. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 8 - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated March 23, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("the Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to federal income tax examinations for years prior to 2010.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 1, 2014 which is the date the financial statements were available to be issued.

NOTE 10 – DECEMBER 31, 2013 ACTUARIAL VALUATION (UNAUDITED)

The December 31, 2013 actuarial valuation was completed prior to the release of the financial statements. A summary of the actuarial valuation information provided by the Plan's actuary, which has not been audited by independent accountants, is provided below for informational purposes.

The actuarial present value of accumulated plan benefits as of December 31, 2013 is as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:	
Participants currently receiving payments	\$ 23,979,841
Other participants	6,383,209
Nonvested benefits	<u>1,381</u>

Total actuarial present value of accumulated plan benefits	<u>\$ 30,364,431</u>
---	-----------------------------

The change in actuarial present value of accumulated plan benefits for the year ended December 31, 2013 consists of the following:

Actuarial present value of plan benefits at beginning of year	\$ 30,872,117
Net actuarial (gains)/losses	(54,318)
Increase due to decrease in the discount period	2,285,977
Benefits paid	(2,803,595)
Assumption changes	<u>64,250</u>
Actuarial present value of plan benefits at end of the year	<u>\$ 30,364,431</u>

The \$64,250 increase due to assumption changes is attributable to mortality rates being updated to include an additional year of projected improvements.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month.

Methods	
Valuation date	January 1.
Funding target	Present value of accrued benefits.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from the trust (based on actual expenses of \$181,850 paid in previous year).
Actuarial value of assets	Average of the fair value of assets on the valuation date and the five immediately preceding months, adjusted for contributions, benefit/expense payments and expected investment returns, including contributions receivable. The plan asset value must be within 10% of fair market value on the valuation date, including contributions receivable. The method of computing the actuarial value of assets complies with rules governing the calculation of such values under PPA. These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a bias to produce an actuarial value of assets that is below the market value of assets.
Funding policy	NMHG's funding policy has historically been to contribute the minimum required contribution under ERISA. NMHG may increase its contribution above the minimum, if appropriate to its tax and cash position and the plan's funded status.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued except for disability benefits. Towers Watson has reviewed the plan provisions with NMHG and, based on that review, is not aware of any significant benefits required to be valued that were not.
Change in assumptions and methods since prior valuation	The interest rates used to calculate the funding target were updated from the segment rates as of October 2011 to the segment rates as of October 2012 (both reflecting the interest rate corridors of MAP-21). The required healthy mortality tables used to calculate the funding target were updated to include one additional year of projected mortality improvements. Assumed plan-related expenses of \$181,850 were added to the target normal cost (as compared to \$193,462 for plan year 2012).
Data Sources	Towers Watson used asset data supplied by the trustee. NMHG furnished participant data as of January 1, 2013. Data were reviewed for reasonableness and consistency, but no audit was performed. Assumptions or estimates were made by the Towers Watson actuaries when data were not available. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
