Report of Independent Auditors

To the Plan Sponsor and Participants of the
ACR Electronics, Inc. 401(k) Retirement Savings Plan
Ft. Lauderdale, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ACR Electronics, Inc. 401(k) Retirement Savings Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Insurance Company of America, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental

schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ACR Electronics, Inc.
401(k) Retirement Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the ACR Electronics, Inc. 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of ACR Electronics, Inc. (the "Plan Sponsor"). Employees must be at least 21 years of age in order to become a participant in the Plan and begin making elective deferrals. Employees covered by a collective bargaining agreement which includes retirement benefits are excluded from eligibility.

The Plan was established effective July 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants are automatically enrolled in the Plan at a 3% deferral rate on the first of the month following their date of hire, unless otherwise elected. The participants may elect to contribute between 1% and 85% of their annual compensation, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers). Rollover contributions totaled $70,857 and $19,348 for the years ended December 31, 2013 and 2012, respectively.

In accordance with the Plan document, the Plan Sponsor can make a contribution equal to a discretionary percentage of each contributing participant's elective deferrals. During 2013 and 2012, the Plan Sponsor matched 30% of the first 6% of compensation contributed to the Plan by each participant. In order to receive matching contributions, participants must be actively employed by the Plan Sponsor or an affiliated company on the last day of the Plan year.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Participants vest in Plan Sponsor contributions at the rate of 20% per year of service and become fully vested after five years.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances or upon the occurrence of five consecutive one-year breaks in service. Forfeitures are reallocated as additional discretionary matching contributions. Forfeitures totaled $14,502 and $7,004 during the years ended December 31, 2013 and 2012, respectively.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence in which case the note must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar notes. Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2008 in which the Internal Revenue Service (the "IRS") stated that the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"). Adopting employers may rely upon that letter with respect to qualification of its plan under Section 401(a) of the Code. The Plan has been amended subsequent to this letter. However, the Plan administrator believes that the Plan is operating in compliance with the requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

1. Description of the Plan (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits should present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. Fully benefit-responsive investments within the Plan have been shown at fair value on the accompanying Statements of Net Assets Available for Benefits as contract value approximates fair value.

Valuation of Investments – The Plan's investments are stated at fair value, as determined by Prudential Insurance Company of America (the "Trustee"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The Plan's investment in a guaranteed interest account is reported at fair value, which approximates contract value, and represents the value paid if the funds were withdrawn prior to their maturity. Interest is credited on contract balances using a single interest crediting rate applied to all contributions made regardless of the timing of the contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains and the unrealized appreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds managed by the Trustee. Prudential Insurance Company of America is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan administrator has evaluated subsequent events, for recognition or disclosure, through August 25, 2014, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Trustees (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate. Individual investment securities that exceeded 5% of the Plan's net assets available for benefits at December 31, 2013 or 2012, respectively, have been separately identified.

	2013	2012
American Funds Growth Funds of America R-3	$ 529,572	$ 393,532
Jennison Value Fund	458,976	317,947
Goldman Sachs Mid Cap Value Fund	389,493	221,899
Prudential Guaranteed Interest Account	1,537,647	1,780,300
Delaware Corporate Bond Fund	183,479	287,642
Other	3,313,352	2,342,268
	6,412,519	5,343,588
Notes receivable from participants	144,116	159,662
	$ 6,556,635	$ 5,503,250

Additionally, the Trustee has certified interest and dividends earned totaling $92,554 and $94,385 and the net appreciation totaling $756,751 and $377,304 from mutual funds for the years ended December 31, 2013 and 2012, respectively.

4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with Prudential Insurance. Prudential Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at fair value which approximates contract value at December 31, 2013 and 2012. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Investment Contract with Insurance Company (continued)

The guaranteed investment contract does not allow the issuer to terminate the contract, which would require the Plan to settle at an amount different than contract value. Additionally, there are no events that could limit the ability of the Plan to transact at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract.

The average yield earned by the Plan and average yield credited to participants for these investments was 1.90% and 2.25% for the years ended December 31, 2013 and 2012, respectively.

5. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

- Level 2 Inputs – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- Level 3 Inputs – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2013 or 2012.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	2013	2012
Level 1:		
Mutual funds	$ 4,874,872	$ 3,563,288
Level 2		
Guaranteed interest account	1,537,647	1,780,300

Report of Independent Auditors

To the Plan Sponsor and Participants of the
ACR Electronics, Inc. 401(k) Retirement Savings Plan
Ft. Lauderdale, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ACR Electronics, Inc. 401(k) Retirement Savings Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Insurance Company of America, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental

schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits should present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. Fully benefit-responsive investments within the Plan have been shown at fair value on the accompanying Statements of Net Assets Available for Benefits as contract value approximates fair value.

Valuation of Investments – The Plan's investments are stated at fair value, as determined by Prudential Insurance Company of America (the "Trustee"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The Plan's investment in a guaranteed interest account is reported at fair value, which approximates contract value, and represents the value paid if the funds were withdrawn prior to their maturity. Interest is credited on contract balances using a single interest crediting rate applied to all contributions made regardless of the timing of the contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains and the unrealized appreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds managed by the Trustee. Prudential Insurance Company of America is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan administrator has evaluated subsequent events, for recognition or disclosure, through August 25, 2014, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Trustees (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate. Individual investment securities that exceeded 5% of the Plan's net assets available for benefits at December 31, 2013 or 2012, respectively, have been separately identified.

	2013	2012
American Funds Growth Funds of America R-3	$ 529,572	$ 393,532
Jennison Value Fund	458,976	317,947
Goldman Sachs Mid Cap Value Fund	389,493	221,899
Prudential Guaranteed Interest Account	1,537,647	1,780,300
Delaware Corporate Bond Fund	183,479	287,642
Other	3,313,352	2,342,268
	6,412,519	5,343,588
Notes receivable from participants	144,116	159,662
	$ 6,556,635	$ 5,503,250

Additionally, the Trustee has certified interest and dividends earned totaling $92,554 and $94,385 and the net appreciation totaling $756,751 and $377,304 from mutual funds for the years ended December 31, 2013 and 2012, respectively.

4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with Prudential Insurance. Prudential Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at fair value which approximates contract value at December 31, 2013 and 2012. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Investment Contract with Insurance Company (continued)

The guaranteed investment contract does not allow the issuer to terminate the contract, which would require the Plan to settle at an amount different than contract value. Additionally, there are no events that could limit the ability of the Plan to transact at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract.

The average yield earned by the Plan and average yield credited to participants for these investments was 1.90% and 2.25% for the years ended December 31, 2013 and 2012, respectively.

5. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

- Level 2 Inputs – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- Level 3 Inputs – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2013 or 2012.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	2013	2012
Level 1:		
Mutual funds	$ 4,874,872	$ 3,563,288

Report of Independent Auditors

To the Plan Sponsor and Participants of the
ACR Electronics, Inc. 401(k) Retirement Savings Plan
Ft. Lauderdale, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ACR Electronics, Inc. 401(k) Retirement Savings Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Insurance Company of America, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental

schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ACR Electronics, Inc.
401(k) Retirement Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the ACR Electronics, Inc. 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of ACR Electronics, Inc. (the "Plan Sponsor"). Employees must be at least 21 years of age in order to become a participant in the Plan and begin making elective deferrals. Employees covered by a collective bargaining agreement which includes retirement benefits are excluded from eligibility.

The Plan was established effective July 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants are automatically enrolled in the Plan at a 3% deferral rate on the first of the month following their date of hire, unless otherwise elected. The participants may elect to contribute between 1% and 85% of their annual compensation, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers). Rollover contributions totaled $70,857 and $19,348 for the years ended December 31, 2013 and 2012, respectively.

In accordance with the Plan document, the Plan Sponsor can make a contribution equal to a discretionary percentage of each contributing participant's elective deferrals. During 2013 and 2012, the Plan Sponsor matched 30% of the first 6% of compensation contributed to the Plan by each participant. In order to receive matching contributions, participants must be actively employed by the Plan Sponsor or an affiliated company on the last day of the Plan year.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Participants vest in Plan Sponsor contributions at the rate of 20% per year of service and become fully vested after five years.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances or upon the occurrence of five consecutive one-year breaks in service. Forfeitures are reallocated as additional discretionary matching contributions. Forfeitures totaled $14,502 and $7,004 during the years ended December 31, 2013 and 2012, respectively.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence in which case the note must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar notes. Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2008 in which the Internal Revenue Service (the "IRS") stated that the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"). Adopting employers may rely upon that letter with respect to qualification of its plan under Section 401(a) of the Code. The Plan has been amended subsequent to this letter. However, the Plan administrator believes that the Plan is operating in compliance with the requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

1. Description of the Plan (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds managed by the Trustee. Prudential Insurance Company of America is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.
