Foliage, Inc. 401(k) Plan
Burlington, Massachusetts

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Foliage, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets (held at end of year), which is the responsibility of management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Plan Description

The following description of the Foliage, Inc. 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions is in the Plan Agreement.

1. General - The Plan is a defined contribution plan covering substantially all employees of Foliage, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Hartford Retirement Services, LLC was the plan administrator and recordkeeper for the year ended December 31, 2012. Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("MassMutual") acquired The Hartford's Retirement Plans Group. MassMutual was the plan administrator and recordkeeper for the year ended December 31, 2013.

2. Eligibility - Substantially all employees of the Company are eligible to participate in the Plan upon attaining age 21. Employees become a participant in the Plan on the earlier of January 1st, April 1st, July 1st, or October 1st after satisfying the age requirement.
3. Contributions - On July 1, 2011, the Plan added an automatic deferral provision. As such, all employees who become participants on or after the effective date will have pre-tax deferrals automatically taken out of the Participant's compensation, at a rate of 5% of compensation, subject to maximum limits set by the Internal Revenue Code ("IRC"). The Participant, however, does retain the option to select an alternative deferral amount, subject to maximum limits set by the IRC, or to elect not to defer under the Plan altogether.

Participants, who are not subject to the automatic deferral provision, may elect to defer a percentage of their pretax annual compensation as defined in the Plan, subject to maximum limits set by the Internal Revenue Code ("IRC"). Participants may also elect to make voluntary after-tax contributions to the Plan, subject to the provisions of the IRC.

Participants may also contribute distributions from other qualified retirement plans ("rollovers").

The Company's contributions to the Plan are determined by its Board of Directors but the amounts contributed cannot exceed the maximum amounts permissible under the provisions of the IRC. Employees' salary deferred contributions may be matched by the Company in accordance with the provisions of the Plan. In addition, the Company may make a discretionary contribution to the Plan. There were no discretionary contributions to the Plan for the years ended December 31, 2013 and 2012.

4. Participant accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) the Company's discretionary contribution, if any, and (c) Plan net investment earnings. Allocations are based on participant compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Plan Description (continued)

5. Vesting - Participants are fully vested in their own contributions and related earnings. Vesting of Company matching contributions and discretionary contribution, if any, and earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of continuous service as defined in the Plan, or upon permanent disability or death.
6. Payment of benefits - Upon retirement or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Terminated participants may elect to receive a lump-sum amount equal to the value of the vested account or may elect to leave such amount invested in the Plan. The Plan may also automatically distribute to terminated participants their entire vested account balance not exceeding \$1,000 (involuntary cash-out). Upon death, a lump sum amount or substantially equal installments is paid to the participant's beneficiary.
7. Notes receivable from participants - Participants may borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested interest in the Plan. Loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions.
8. Plan termination - Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the accrued benefits of participants become fully vested and non-forfeitable.
9. Forfeitures - At December 31, 2013 and 2012, forfeited non-vested accounts amounted to \$28,310 and \$19,911, respectively. These accounts may be used to pay administrative expenses, and then any remaining amount will be allocated to eligible participants, as defined. For the years ended December 31, 2013 and 2012, administrative expenses of \$6,500 and \$9,088, respectively, were paid from forfeited non-vested accounts.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared on the accrual basis.
2. Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Summary of Significant Accounting Policies (continued)

3. Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the collective trust is based on the fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

As described in U.S. GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. As required by U.S. GAAP, the statement of net assets available for plan benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
5. Benefits paid - Benefits are recorded when paid.
6. Administrative expenses - Administrative expenses relating to the Plan which are not paid by use of the forfeiture account are paid by the Company. However, certain expenses, including loan processing fees, are paid for by the individual participant.
7. Subsequent events - The Plan administrator has evaluated all subsequent events through October 1, 2014, the date the financial statements were available to be issued.

C. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including fair value of investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, and interest and dividend income for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, trustee of the Plan.

D. Common and Collective Trust

The Plan has a benefit-responsive investment contract with the MFS Fixed Fund (the “Fund”). The Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

On December 9, 2013, the Board of Directors of the Fund authorized the termination of the Fund. Underlying investments such as securities and wrapper contracts were liquidated and proceeds were either invested in money market investments held by the Fund or used to pay for certain operating expenses. The Fund intends to wind down and distribute all assets by June 30, 2014. As a result, the Fund changed its basis of accounting from the going concern basis to the liquidation basis where assets and liabilities are stated at their estimated settlement value and all costs of liquidations have been recognized. Subsequent to year end, the Plan liquidated all assets from the Fund and reinvested in a Stable Value Fund. No gains or losses occurred as a result of the liquidation of the funds and as a result, there was no adjustment to the value of the Fund as reported by the Trustee at December 31, 2013.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average yield representing annualized earnings of all investments was approximately 1.09% for 2012. The average crediting interest rate was approximately 1.72% for 2012. Upon termination of the wrapper contracts, a crediting rate was no longer calculated and therefore, there were no amounts recorded at December 31, 2013.

E. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in markets that are not considered to be active, and Level 3 inputs consist of prices or valuations that require significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available, and no Level 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

E. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds - Valued at the net asset value (NAV) of shares held by the Plan at year end. This includes registered investment companies and money market funds.

Common and Collective Trust - As of December 31, 2013, valued at liquidation value based on actuarial formula as defined under the terms of the contract. The liquidation value is the fair value of the fund at December 31, 2013. At December 31, 2012, valued at fair value of the common trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the common trust fund at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

G. Exempt Party-In-Interest Transactions

Plan investments are sponsored by Massachusetts Mutual Life Insurance Company, which has custody of the investment assets of the Plan, therefore, these transactions qualify as party-in-interest transactions.

H. Tax Status

The Plan has received a determination letter from the Internal Revenue Service, dated March 31, 2008, stating that the Plan, as then designed was in compliance with certain Section 401(a) requirements of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

The Plan identifies, recognizes, measures and discloses in its financial statements the effects of any uncertain tax positions that it has taken or expects to take. The Plan recognizes a liability when, despite the Plan's belief that its tax return positions are supportable, it is possible that certain positions may not be fully sustained upon review of tax authorities. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences impact income tax expense in the period in which such determination is made. Interest and penalties, if any, related to accrued liabilities for potential tax assessments are included in income tax expense.

The Plan administrator has analyzed the Plan's tax positions taken for all open federal tax years (2010-2013) and has concluded that no provision for uncertain tax position is required in the Plan's financial statements.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2013 - 12/31/2013 and indirect compensation is presented on a calendar year basis ending 12/31/2013.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$6,500.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: MassMutual Retirement Services, LLC EIN: 26-1589907

Service Codes: 15, 37, 38, 49, 59, 60, 62, 63, 64, 65, 72, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$0.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2013 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to MassMutual Retirement Services, LLC ("MMRS") are the net result of aggregating direct compensation after the effects of adjustments processed in 2013, some of which may have pertained to prior years.

Indirect Compensation

Float compensation Payor: Reliance Trust Company EIN: 58-1428634 **\$1.27**

This is an estimate based on the average annual rate of float compensation (0.01% for 2013) earned on certain processing bank accounts for the 2013 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to MassMutual cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2013 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Securities Distribution Company, Inc., received the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to MassMutual Retirement Services, LLC ("MMRS") or its affiliate.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Foliage, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets (held at end of year), which is the responsibility of management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Plan Description

The following description of the Foliage, Inc. 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions is in the Plan Agreement.

1. General - The Plan is a defined contribution plan covering substantially all employees of Foliage, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Hartford Retirement Services, LLC was the plan administrator and recordkeeper for the year ended December 31, 2012. Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("MassMutual") acquired The Hartford's Retirement Plans Group. MassMutual was the plan administrator and recordkeeper for the year ended December 31, 2013.

2. Eligibility - Substantially all employees of the Company are eligible to participate in the Plan upon attaining age 21. Employees become a participant in the Plan on the earlier of January 1st, April 1st, July 1st, or October 1st after satisfying the age requirement.
3. Contributions - On July 1, 2011, the Plan added an automatic deferral provision. As such, all employees who become participants on or after the effective date will have pre-tax deferrals automatically taken out of the Participant's compensation, at a rate of 5% of compensation, subject to maximum limits set by the Internal Revenue Code ("IRC"). The Participant, however, does retain the option to select an alternative deferral amount, subject to maximum limits set by the IRC, or to elect not to defer under the Plan altogether.

Participants, who are not subject to the automatic deferral provision, may elect to defer a percentage of their pretax annual compensation as defined in the Plan, subject to maximum limits set by the Internal Revenue Code ("IRC"). Participants may also elect to make voluntary after-tax contributions to the Plan, subject to the provisions of the IRC.

Participants may also contribute distributions from other qualified retirement plans ("rollovers").

The Company's contributions to the Plan are determined by its Board of Directors but the amounts contributed cannot exceed the maximum amounts permissible under the provisions of the IRC. Employees' salary deferred contributions may be matched by the Company in accordance with the provisions of the Plan. In addition, the Company may make a discretionary contribution to the Plan. There were no discretionary contributions to the Plan for the years ended December 31, 2013 and 2012.

4. Participant accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) the Company's discretionary contribution, if any, and (c) Plan net investment earnings. Allocations are based on participant compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Plan Description (continued)

5. Vesting - Participants are fully vested in their own contributions and related earnings. Vesting of Company matching contributions and discretionary contribution, if any, and earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of continuous service as defined in the Plan, or upon permanent disability or death.
6. Payment of benefits - Upon retirement or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Terminated participants may elect to receive a lump-sum amount equal to the value of the vested account or may elect to leave such amount invested in the Plan. The Plan may also automatically distribute to terminated participants their entire vested account balance not exceeding \$1,000 (involuntary cash-out). Upon death, a lump sum amount or substantially equal installments is paid to the participant's beneficiary.
7. Notes receivable from participants - Participants may borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested interest in the Plan. Loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions.
8. Plan termination - Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the accrued benefits of participants become fully vested and non-forfeitable.
9. Forfeitures - At December 31, 2013 and 2012, forfeited non-vested accounts amounted to \$28,310 and \$19,911, respectively. These accounts may be used to pay administrative expenses, and then any remaining amount will be allocated to eligible participants, as defined. For the years ended December 31, 2013 and 2012, administrative expenses of \$6,500 and \$9,088, respectively, were paid from forfeited non-vested accounts.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared on the accrual basis.
2. Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Summary of Significant Accounting Policies (continued)

3. Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the collective trust is based on the fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

As described in U.S. GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. As required by U.S. GAAP, the statement of net assets available for plan benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
5. Benefits paid - Benefits are recorded when paid.
6. Administrative expenses - Administrative expenses relating to the Plan which are not paid by use of the forfeiture account are paid by the Company. However, certain expenses, including loan processing fees, are paid for by the individual participant.
7. Subsequent events - The Plan administrator has evaluated all subsequent events through October 1, 2014, the date the financial statements were available to be issued.

C. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including fair value of investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, and interest and dividend income for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, trustee of the Plan.

	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 2,801,344	\$ 1,511,953
Common and collective trusts (CCT)	<u>6,282</u>	<u>11,022</u>
Net Appreciation	\$ <u><u>2,807,626</u></u>	\$ <u><u>1,522,975</u></u>

D. Common and Collective Trust

The Plan has a benefit-responsive investment contract with the MFS Fixed Fund (the “Fund”). The Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

On December 9, 2013, the Board of Directors of the Fund authorized the termination of the Fund. Underlying investments such as securities and wrapper contracts were liquidated and proceeds were either invested in money market investments held by the Fund or used to pay for certain operating expenses. The Fund intends to wind down and distribute all assets by June 30, 2014. As a result, the Fund changed its basis of accounting from the going concern basis to the liquidation basis where assets and liabilities are stated at their estimated settlement value and all costs of liquidations have been recognized. Subsequent to year end, the Plan liquidated all assets from the Fund and reinvested in a Stable Value Fund. No gains or losses occurred as a result of the liquidation of the funds and as a result, there was no adjustment to the value of the Fund as reported by the Trustee at December 31, 2013.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average yield representing annualized earnings of all investments was approximately 1.09% for 2012. The average crediting interest rate was approximately 1.72% for 2012. Upon termination of the wrapper contracts, a crediting rate was no longer calculated and therefore, there were no amounts recorded at December 31, 2013.

E. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in markets that are not considered to be active, and Level 3 inputs consist of prices or valuations that require significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available, and no Level 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

E. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds - Valued at the net asset value (NAV) of shares held by the Plan at year end. This includes registered investment companies and money market funds.

Common and Collective Trust - As of December 31, 2013, valued at liquidation value based on actuarial formula as defined under the terms of the contract. The liquidation value is the fair value of the fund at December 31, 2013. At December 31, 2012, valued at fair value of the common trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the common trust fund at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

G. Exempt Party-In-Interest Transactions

Plan investments are sponsored by Massachusetts Mutual Life Insurance Company, which has custody of the investment assets of the Plan, therefore, these transactions qualify as party-in-interest transactions.

H. Tax Status

The Plan has received a determination letter from the Internal Revenue Service, dated March 31, 2008, stating that the Plan, as then designed was in compliance with certain Section 401(a) requirements of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

The Plan identifies, recognizes, measures and discloses in its financial statements the effects of any uncertain tax positions that it has taken or expects to take. The Plan recognizes a liability when, despite the Plan's belief that its tax return positions are supportable, it is possible that certain positions may not be fully sustained upon review of tax authorities. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences impact income tax expense in the period in which such determination is made. Interest and penalties, if any, related to accrued liabilities for potential tax assessments are included in income tax expense.

The Plan administrator has analyzed the Plan's tax positions taken for all open federal tax years (2010-2013) and has concluded that no provision for uncertain tax position is required in the Plan's financial statements.

To the Trustee and Participants
Foliage, Inc. 401(k) Plan
Burlington, Massachusetts

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Foliage, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets (held at end of year), which is the responsibility of management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Plan Description

The following description of the Foliage, Inc. 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions is in the Plan Agreement.

1. General - The Plan is a defined contribution plan covering substantially all employees of Foliage, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Hartford Retirement Services, LLC was the plan administrator and recordkeeper for the year ended December 31, 2012. Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("MassMutual") acquired The Hartford's Retirement Plans Group. MassMutual was the plan administrator and recordkeeper for the year ended December 31, 2013.

2. Eligibility - Substantially all employees of the Company are eligible to participate in the Plan upon attaining age 21. Employees become a participant in the Plan on the earlier of January 1st, April 1st, July 1st, or October 1st after satisfying the age requirement.
3. Contributions - On July 1, 2011, the Plan added an automatic deferral provision. As such, all employees who become participants on or after the effective date will have pre-tax deferrals automatically taken out of the Participant's compensation, at a rate of 5% of compensation, subject to maximum limits set by the Internal Revenue Code ("IRC"). The Participant, however, does retain the option to select an alternative deferral amount, subject to maximum limits set by the IRC, or to elect not to defer under the Plan altogether.

Participants, who are not subject to the automatic deferral provision, may elect to defer a percentage of their pretax annual compensation as defined in the Plan, subject to maximum limits set by the Internal Revenue Code ("IRC"). Participants may also elect to make voluntary after-tax contributions to the Plan, subject to the provisions of the IRC.

Participants may also contribute distributions from other qualified retirement plans ("rollovers").

The Company's contributions to the Plan are determined by its Board of Directors but the amounts contributed cannot exceed the maximum amounts permissible under the provisions of the IRC. Employees' salary deferred contributions may be matched by the Company in accordance with the provisions of the Plan. In addition, the Company may make a discretionary contribution to the Plan. There were no discretionary contributions to the Plan for the years ended December 31, 2013 and 2012.

4. Participant accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) the Company's discretionary contribution, if any, and (c) Plan net investment earnings. Allocations are based on participant compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Plan Description (continued)

5. Vesting - Participants are fully vested in their own contributions and related earnings. Vesting of Company matching contributions and discretionary contribution, if any, and earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of continuous service as defined in the Plan, or upon permanent disability or death.
6. Payment of benefits - Upon retirement or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Terminated participants may elect to receive a lump-sum amount equal to the value of the vested account or may elect to leave such amount invested in the Plan. The Plan may also automatically distribute to terminated participants their entire vested account balance not exceeding \$1,000 (involuntary cash-out). Upon death, a lump sum amount or substantially equal installments is paid to the participant's beneficiary.
7. Notes receivable from participants - Participants may borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested interest in the Plan. Loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions.
8. Plan termination - Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the accrued benefits of participants become fully vested and non-forfeitable.
9. Forfeitures - At December 31, 2013 and 2012, forfeited non-vested accounts amounted to \$28,310 and \$19,911, respectively. These accounts may be used to pay administrative expenses, and then any remaining amount will be allocated to eligible participants, as defined. For the years ended December 31, 2013 and 2012, administrative expenses of \$6,500 and \$9,088, respectively, were paid from forfeited non-vested accounts.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared on the accrual basis.
2. Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Summary of Significant Accounting Policies (continued)

3. Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the collective trust is based on the fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

As described in U.S. GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. As required by U.S. GAAP, the statement of net assets available for plan benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
5. Benefits paid - Benefits are recorded when paid.
6. Administrative expenses - Administrative expenses relating to the Plan which are not paid by use of the forfeiture account are paid by the Company. However, certain expenses, including loan processing fees, are paid for by the individual participant.
7. Subsequent events - The Plan administrator has evaluated all subsequent events through October 1, 2014, the date the financial statements were available to be issued.

C. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including fair value of investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, and interest and dividend income for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, trustee of the Plan.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 2,801,344	\$ 1,511,953
Common and collective trusts (CCT)	<u>6,282</u>	<u>11,022</u>
Net Appreciation	\$ <u><u>2,807,626</u></u>	\$ <u><u>1,522,975</u></u>

D. Common and Collective Trust

The Plan has a benefit-responsive investment contract with the MFS Fixed Fund (the “Fund”). The Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

On December 9, 2013, the Board of Directors of the Fund authorized the termination of the Fund. Underlying investments such as securities and wrapper contracts were liquidated and proceeds were either invested in money market investments held by the Fund or used to pay for certain operating expenses. The Fund intends to wind down and distribute all assets by June 30, 2014. As a result, the Fund changed its basis of accounting from the going concern basis to the liquidation basis where assets and liabilities are stated at their estimated settlement value and all costs of liquidations have been recognized. Subsequent to year end, the Plan liquidated all assets from the Fund and reinvested in a Stable Value Fund. No gains or losses occurred as a result of the liquidation of the funds and as a result, there was no adjustment to the value of the Fund as reported by the Trustee at December 31, 2013.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average yield representing annualized earnings of all investments was approximately 1.09% for 2012. The average crediting interest rate was approximately 1.72% for 2012. Upon termination of the wrapper contracts, a crediting rate was no longer calculated and therefore, there were no amounts recorded at December 31, 2013.

E. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in markets that are not considered to be active, and Level 3 inputs consist of prices or valuations that require significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available, and no Level 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

E. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds - Valued at the net asset value (NAV) of shares held by the Plan at year end. This includes registered investment companies and money market funds.

Common and Collective Trust - As of December 31, 2013, valued at liquidation value based on actuarial formula as defined under the terms of the contract. The liquidation value is the fair value of the fund at December 31, 2013. At December 31, 2012, valued at fair value of the common trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the common trust fund at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

G. Exempt Party-In-Interest Transactions

Plan investments are sponsored by Massachusetts Mutual Life Insurance Company, which has custody of the investment assets of the Plan, therefore, these transactions qualify as party-in-interest transactions.

H. Tax Status

The Plan has received a determination letter from the Internal Revenue Service, dated March 31, 2008, stating that the Plan, as then designed was in compliance with certain Section 401(a) requirements of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

The Plan identifies, recognizes, measures and discloses in its financial statements the effects of any uncertain tax positions that it has taken or expects to take. The Plan recognizes a liability when, despite the Plan's belief that its tax return positions are supportable, it is possible that certain positions may not be fully sustained upon review of tax authorities. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences impact income tax expense in the period in which such determination is made. Interest and penalties, if any, related to accrued liabilities for potential tax assessments are included in income tax expense.

The Plan administrator has analyzed the Plan's tax positions taken for all open federal tax years (2010-2013) and has concluded that no provision for uncertain tax position is required in the Plan's financial statements.
