Independent Auditor's Report

To the Plan Administrator
Kentucky Trailer 401(k) Retirement Plan

We were engaged to audit the accompanying financial statements of the Kentucky Trailer 401(k) Retirement Plan ("the Plan") which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note C, which was certified by The Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012 and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Kentucky Trailer 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2013 and 2012

Note A - Description of Plan

The following brief description of the Kentucky Trailer 401(k) Retirement Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

1. General: The Plan is a defined contribution plan established by R.C. Tway Company, dba Kentucky Trailer ("the Company" and "the Plan Sponsor"). The Plan covers all employees of Kentucky Trailer who are not covered by a collective bargaining agreement, are age twenty-one or older, and have three months of service. Entry dates are monthly after eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions: Each year, participants may contribute pretax annual compensation, up to the maximum allowable amount by regulation. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Plan provides for an employer safe-harbor matching contribution equal to 100% of the first 3% of compensation contributed by the participant plus an additional 50% of compensation contributed between 3% and 5% of compensation. The Company may also make additional discretionary contributions to the Plan. There were no additional discretionary contributions for the 2013 or 2012 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans.
3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution(s) and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions and Company safe-harbor matching contributions plus actual earnings thereon. For other Company contributions, vesting is based on years of continuous service and participants are 100% vested after five years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments not exceeding the participant's life expectancy. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.
7. Forfeited Accounts: Based upon Plan provisions, forfeited nonvested accounts are used to reduce employer contributions or Plan expenses. There were forfeited account balances at December 31, 2013 and 2012 of \$0 and \$1,281, respectively. During the Plan year ended December 31, 2013 and 2012, employer matching contributions were reduced by \$1,302 and \$1,032 from forfeited nonvested accounts, respectively.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan offers a common/collective trust option, the Union Bond and Trust Company Principal Stable Value Fund ("the Fund"). The Fund is designed to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. The Fund seeks to achieve this objective by investing in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. Participant directed redemptions for benefit payments and transfers are made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to approval. Withdrawals other than benefit payments and transfers are made one year after notification is received from the participating plan. The Statements of Net Assets Available for Benefits at December 31, 2013 and 2012 present the fair value of the Fund as well as the adjustment of the Fund from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

4. Administrative Expenses: Administrative expenses of the Plan are paid by the Plan Sponsor or Plan participants, as defined in the Plan agreement.
5. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.
6. Payment of Benefits: Benefits are recorded when paid.
7. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date that the financial statements were available to be issued.

Note C - Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Principal Life Insurance Company ("The Principal"), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012, the Schedule of Assets (Held at End of Year) at December 31, 2013 and the related investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012.

Note D - Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits:

Note E - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2013 and 2012, respectively. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemptions rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the registered investment companies and, consequently, the fair value of the Plan's investments. There are currently no unfunded commitments on these investments.

Common/Collective Trust Fund: Valued at the NAV of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- a) Large Cap - primarily seeks long-term growth of capital by investing in common stocks of companies with large market capitalizations.
- b) Mid Cap - primarily seeks long-term growth of capital by investing in equity securities of companies with medium market capitalizations similar to companies in the Russell Midcap Growth Index.
- c) Small Cap - primarily seeks long-term growth of capital by investing in equity securities of companies with small market capitalizations similar to companies in the Russell 200 Value Index.
- d) Balanced - primarily seeks current income and, as a secondary objective, capital appreciation.

Kentucky Trailer 401(k) Retirement Plan
Notes to Financial Statements (Continued)
December 31, 2013 and 2012

Note E - Fair Value Measurements (Continued)

- e) International - primarily seeks long-term growth of capital by investing the majority of assets in companies in at least three different countries.
- f) Lifecycle - model portfolios designed to provide a balance of growth, income and capital conservation through a mix of equity and fixed-income exposures based on a participant's age and projected retirement date, adjusting asset allocations and associated risk levels with the objective of becoming more conservative as the target date approaches.
- g) Fixed income - primarily seeks safety of principal by investing in intermediate-term, fixed-income investments.

Note F - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

Certain Plan investments are units of pooled separate accounts and a common/collective trust fund managed by The Principal. The Principal is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid fees to The Principal totaling \$1,308 and \$362 during the Plan years ended December 31, 2013 and 2012, respectively.

Note G - Income Tax Status

The Plan has adopted a Non-standardized Prototype Document sponsored by Principal Financial Group that has received its latest determination letter on March 31, 2008 from the Internal Revenue Service, indicating that the Prototype Document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is designed and currently being operated in accordance with the IRC. Therefore no provision for income tax taxes has been recognized in the financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
