We have conducted a DOL limited-scope audit of the financial statements of the IntegraColor, Ltd. Retirement Savings Plan for the year ended December 31, 2013 and have issued our report thereon dated June 23, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 15, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by IntegraColor, Ltd. Retirement Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Plan Management's estimate of the fair value of investments in Note 5 to the financial statements. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure that we did not perform any auditing procedures with respect to the information summarized in Note 4 to the financial statements, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

No other material findings were noted during the course of our audit.

Other Matters

The supplemental schedule that accompany the financial statements, which is composed of the Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and was presented for the purpose of additional analysis and is not a required part of the financial statements. Because of your election to report under 29 CFR 2520.103-8, we did not express an opinion on this supplemental schedule.

This information is intended solely for the use of the plan administrator and management of IntegraColor, Ltd. Retirement Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Cornwell Jackson, PLLC

Report of Independent Auditors

The Plan Administrator and Participants
IntegraColor, Ltd. Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the IntegraColor, Ltd. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, which is composed of the Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

1. Description of Plan

The following description of the IntegraColor, Ltd. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of the plan sponsor, IntegraColor, Ltd. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

An employee is eligible to contribute to the Plan if the employee has completed three months of service within a twelve-month period and attained the age of 18. Employees must complete six months of service and be employed on the last day of the Plan year to be eligible to receive any discretionary employer contributions.

Contributions

Employees may elect to defer up to 92 percent of their annual pretax compensation to the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company, at the discretion of its Board of Directors, may elect to make matching contributions. The allocation of Company matching contributions is based on the proportion an individual participant’s elective deferral contributions bear to the total elective deferral contributions of all participants employed by the Company for the plan year. No such contributions were made for the years ended December 31, 2013 and 2012.

The Company, at the discretion of its Board of Directors, may also make discretionary profit sharing contributions to the Plan. The allocation of discretionary profit sharing contributions is based on the proportion an individual participant’s compensation bears to the compensation of all eligible participants employed by the Company for the plan year. No such contributions were made for the years ended December 31, 2013 and 2012.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the participant’s allocation of any Company contributions. Earnings and losses are credited to each participant account based on the performance of the underlying investments. Contributions and earnings are allocated among investment options, which include a guaranteed investment contract and various pooled separate accounts, as selected by the participant.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012

1. Description of Plan (continued)

Vesting

Participants are always fully vested in their deferral contributions and any earnings thereon. Participants vest in Company contributions over five years at a rate of 20% each year. Forfeited balances of terminated participants' nonvested accounts are used first to pay administrative expenses incurred by the Plan. Any remaining forfeitures are then used to offset employer contributions made.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% at the time of inception. The loans are repaid ratably through payroll deductions over a period of five years or less, unless such loan is for the purchase of a participant's primary residence. Participants may not have more than one loan outstanding at a time.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment payments or a direct rollover distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions.

Forfeited Accounts

Participant forfeitures during the years ended December 31, 2013 and 2012 totaled \$632 and \$516, respectively. In addition, the Plan utilized \$9,725 and \$6,275 in forfeited amounts to reduce Plan expenses during the years Ended December 31, 2013 and 2012, respectively. As of December 31, 2013 and 2012, the amounts of unallocated forfeitures available for future use were \$16,233 and \$24,716, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value, however, is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits present the fair value of the fully benefit responsive investment contract as well as the adjustment of the fully benefit responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus an accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded directly to participant's accounts and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through the date of the Report of Independent Auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

3. Investments

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 are summarized as follows:

	2013	2012
ING Solution 2015 Portfolio - Advisor Class	\$ 861,802	\$ 673,280
ING Solution 2025 Portfolio - Advisor Class	2,655,579	2,559,082
ING Solution 2035 Portfolio - Advisor Class	1,634,238	1,695,358
ING Solution Income Portfolio - Advisor Class	22,224*	744,548
ING Fixed Account	2,311,121	2,156,066

* Amount represents less than 5% of net assets available for benefits and was presented for comparative purposes.

4. Information Certified by the Plan's Asset Custodian (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information as of December 31, 2013 and 2012, included in the accompanying financial statements and supplemental schedule has been certified by ING Life Insurance and Annuity Company as complete and accurate:

As of December 31,	2013	2012
Participant-directed investments, at fair value	\$ 11,763,508	\$ 10,986,807
Adjustment from fair value to contract value	(71,051)	(123,815)
Participant-directed investments, at contract value	11,692,457	10,862,992
Notes receivable from participants	477,822	355,480
For the year ended December 31,		2013
Net appreciation in fair value of pooled separate accounts		\$ 1,526,748
Interest and dividend income		69,921
Interest income on notes receivable from participants		19,192

As permitted under such election, the Plan's independent auditor did not perform auditing procedures with respect to the information certified to by the Plan's asset custodian except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

5. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the net asset value (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2013.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

5. Fair Value Measurements (continued)

ING Fixed Account: The fund is valued utilizing inputs and a formula provided by ING to determine the fair value, including the credited rate, account balance and any market value adjustments or surrender charges. Determining the fair value may require significant judgment and the use of information that may not be observable to market participants. These investments are classified as Level 3 in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Bonds (1)	\$ -	\$ 641,162	\$ -	\$ 641,162
Target date (2)	-	5,291,511	-	5,291,511

Total investments at fair value	\$ -	\$ 9,452,387	\$ 2,311,121	\$ 11,763,508

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Bonds (1)	\$ -	\$ 570,876	\$ -	\$ 570,876
Target date (2)	-	5,247,522	-	5,247,522
Large cap value (3)	-	267,112	-	267,112
Large cap growth (4)	-	214,336	-	214,336
Small/mid/specialty (5)	-	606,550	-	606,550
Global/international (6)	-	534,745	-	534,745
Asset allocation (7)	-	1,389,600	-	1,389,600
Total pooled separate accounts	-	8,830,741	-	8,830,741
Guaranteed investment contract	-	-	2,156,066	2,156,066
Total investments at fair value	\$ -	\$ 8,830,741	\$ 2,156,066	\$ 10,986,807

- (1) Bonds funds invest primarily in fixed-income securities.
- (2) Target date funds invest in a combination of funds that invest in U.S. stock, international stocks, U.S. bonds and other fixed-income investments. Target date funds' asset allocation mix typically provides exposure to return seeking assets, such as equities, in early years when risk capacity is higher, and becomes increasingly conservative as time progresses with exposure switched towards capital preservation assets, such as bonds and fixed income assets, as the target date (usually retirement) approaches.
- (3) Large cap value funds invest primarily in common stock and other equity securities of large size U.S. companies that pay or are expected to pay dividends.
- (4) Large cap growth funds invest primarily in common stock of large size U.S. companies with the potential for growth.
- (5) Small/mid/specialty funds invest primarily in common stock of small or midsize U.S. companies or the common stock of specialized U.S. companies.
- (6) Global/international funds invest primarily in common stocks of issuers in Europe and the Pacific Basin.
- (7) Asset allocation funds invest primarily in a combination of funds that invest in U.S. stocks, international stocks, U.S. bonds and other fixed-income investments using asset allocation strategies based on a conservative, moderate or target date allocation methodology.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

5. Fair Value Measurements (continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013.

	2013
Beginning Balance	\$ 2,156,066
Realized gains	69,930
Unrealized gains	(52,765)
Purchases	302,818
Sales	(164,928)
Ending Balance	<u>\$ 2,311,121</u>

Unrealized gains and losses from the guaranteed investment contract are not included in the Statement of Changes in Net Assets Available for Benefits as the contract is recorded at contract value for the purposes of the net assets available for benefits.

6. ING Fixed Account

The Plan invests in a guaranteed investment contract, ING Fixed Account, with ING. ING maintains the contributions governed by this contract in a general account that is managed by ING. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. ING may impose restrictions on the ability to move Plan assets into or out of this investment option or among investment options in general under the contract. Under the guaranteed investment contract, ING is contractually obligated to repay to the Plan the principal and a specified interest rate.

As described in Note 2, the guaranteed investment contract is presented on the statement of net assets available for benefits, at fair value and then adjusted to contract value. Contract value, as reported by ING, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Certain events limit the ability of the Plan to transact at contract value with the issuer.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract determined in accordance with the foregoing at December 31, 2013 was \$2,311,121. The ING Fixed Account guarantees principal and a minimum guaranteed interest rate for the life of the contract as well as featuring two declared interest rates; a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period, currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate that applies for the life of the contract. ING's determination of credited interest rates reflects a number of factors, including mortality and expense risk, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the plan sponsor.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

6. ING Fixed Account (continued)

The average yields based on actual earnings for the contract for the years ended December 31, 2013 and 2012 was 3.03% and 2.34%, respectively. The crediting interest rate to participants for the contract as of December 31, 2013 was 3.00%. The guaranteed minimum floor rate for the year ended December 31, 2013 was 3.00%. ING makes this guarantee, and although ING may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 3.00%.

Certain events limit the ability to the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is not probable.

7. Related-Party and Party In Interest Transactions

The Plan invests in a group annuity contract and pooled separate accounts issued by ING Life Insurance and Annuity Company. ING is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

9. Tax Status

The Plan uses a volume submitter profit sharing plan document. The sponsor of the volume submitter profit sharing plan document received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

9. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. Risks and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2013	2012
Net assets available per the financial statements	\$ 12,170,279	\$ 11,254,069
Less: employee contribution receivable	-	(35,597)
Net assets available per the Form 5500	\$ 12,170,279	\$ 11,218,472

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31, 2013:

	2013
Net increase per the financial statements	\$ 916,210
Add: prior year employee contribution receivable	35,597
Net increase per the Form 5500	\$ 951,807
