PAK-A-SAK, INC.
EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Pak-A-Sak, Inc. Employees Retirement Plan (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the current Plan documents.

General

The Plan is a defined contribution retirement plan which provides for the participation of the employees of Pak-A-Sak, Inc., who have completed one year of service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code (IRC). Under the Plan, each participant has an account for his/her salary deferral contributions, any rollover contributions and for Company matching contributions.

Great-West Life and Annuity Insurance Company serves as the Plan's investment custodian and is responsible for executing all investment transactions.

Contributions

Participants may make salary deferral contributions through payroll deductions of up to 100% of their compensation, as defined in the Plan documents (limited to certain amounts under the IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, the Company makes a matching contribution which is applied to active participants who made salary deferral contributions to the Plan. The Company matches 50% of each employee's contribution up to a maximum of 6% of compensation, as defined. The employer matching percentage is subject to change each year at management's discretion. Participant and Company contributions are subject to the provisions of the IRC and related regulations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions, if any, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $-0- and $1,792, respectively. Forfeited balances of terminated participants' non-vested accounts are first applied to administrative expenses of the Plan, then reallocated as additional employer contributions, or used to reduce employer match contributions. Forfeitures of $1,792 were allocated to eligible participants during 2013.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Vesting
Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's matching contribution and any discretionary contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

Years of service	Vesting percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits
On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or periodic payments over the life of the participant and a designated beneficiary, or a period not extending beyond the life expectancy of the participant and designated beneficiary.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Fees
Third party investment management fees are elective by the participant and are charged directly to the participants' account. All other costs of the Plan are paid by the Plan's sponsor and are not reflected in these financial statements. Administrative expenses other than the elective investment management fees, are included in net appreciation of fair value in investments.

Subsequent Events
The Plan Administrator has evaluated subsequent events through October 2, 2014, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition
Investments are stated at fair value, as determined by the investment custodians. The value of the Guaranteed investment account is determined as the value of contributions to the account plus accrued interest, less distributions. Investments in insurance company shares of registered investment companies are reported at fair value of each account's underlying assets. In accordance with stating investments at fair value, net unrealized appreciation or depreciation is reflected for the year on the Statement of Changes in Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)
Gains or losses on security transactions are recorded as the difference between proceeds received and the carrying value of the investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Investment dividends and interest received are reinvested in the corresponding accounts.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits
Benefit payments are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY INVESTMENT CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	2013	2012
Investments at fair value:		
Pooled separate accounts	$ 3,060,550	$ 2,403,687
Guaranteed investment account	$ 111,237	$ 91,653

Great-West Life and Annuity Insurance Company also certified to the completeness and accuracy of $518,058 of net appreciation in fair value of investments and $1,303 of interest related to the aforementioned plan assets for the year ended December 31, 2013.

NOTE 4 - INVESTMENTS

Participants must direct their salary deferral and Company contributions to selected investments as made available and determined by the Administrative Committee. Participants may change their investment options any time throughout the year via direct phone and internet access to Great-West Life and Annuity Insurance Company.

Investments representing 5% or more of the Plan's net assets consist of the following as of December 31:

	2013	2012
Pooled separate accounts:		
American Funds Fundamental Investments R3	482,620	365,703
T Rowe Price Midcap Growth Fund I	451,183	334,313
Fidelity Advisor Small Cap T	353,883	231,325
American Funds Amcap Fund – R3	329,043	239,365
Great-West Moderate Conservative Profile II Fund I	281,068	247,996
Oakmark International II	271,643	184,294

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts and the Plan assets will be distributed in a manner approved by the Internal Revenue Service.

NOTE 6 - TAX STATUS

The Plan has not received a determination letter on their adoption of the non-standardized prototype plan. In accordance with Revenue Procedure 2003-6, the Plan administrator has chosen to rely on the opinion letter, dated March 31, 2008, that has been issued to the prototype plan document sponsor. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (the Code) to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

At December 31, 2013, the Plan held investments in pooled separate accounts and a guaranteed investment account with a current value of $3,171,787 which are managed by Great-West Life and Annuity Insurance Company. Thus, transactions within these investment funds qualify as party-in-interest transactions as defined by ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

NOTE 9 - FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts: Valued at the net asset value (NAV) per share based on quotes market prices of underlying assets as certified by the Plan's investment custodian.

Guaranteed investment account: Total contributions to the account, plus all interest credited to the account, less any amounts transferred or distributed, less fees and expenses.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are subject to fair value measurement. The following table summarizes the financial assets and liabilities measured at fair value on a recurring basis at December 31:

	Fair Value Measurements Using 2013			
	Level 1	**Level 2**	**Level 3**	**Total**

NOTE 9 - FAIR VALUE MEASUREMENTS (continued)

Changes in Fair Value and Related Gains and Losses
During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $519,361.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2013 and 2012:

	2013
