We were engaged to audit the financial statements of the Sam Leman I, LLC 401(k) Plan (formerly Sam Leman I, LLC NADART Salary Deferral 401(k) Plan) which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenances of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note B, which was certified by Cardinal Bank and Global Trust Company, (GTC), the trustee's of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee's as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

The supplemental schedule of assets, (held at end of year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

NOTE A – DESCRIPTION OF PLAN

General

The National Automobile Dealers Association (NADA) represents nearly 16,000 new car and truck dealers, both import and domestic, with more than 29,000 separate franchises. NADA membership is open to any new-automobile or new-truck dealership holding a new automobile or truck sales and service franchise. NADA Retirement Administrators Inc. dba NADART, an affiliate of NADA, provides and administers 401(k), pension and profit sharing plans for NADA members, non-members, and their employees. NADART sponsors a Master Plan, consisting of the basic plan document and the adoption agreement, which outlines the rules and provisions of the retirement plan adopted by the Employer. Employers establish the Plan by executing an adoption agreement (Plan Agreement).

The following description of the Sam Leman I, LLC 401(k) Plan (formerly Sam Leman I, LLC NADART Salary Deferral 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and/or the Summary Plan Description for a more complete description of the Plan's provisions.

The Sam Leman I, LLC 401(k) Plan (formerly Sam Leman I, LLC NADART Salary Deferral 401(k) Plan (the Plan) was established to provide retirement benefits for employees of Sam Leman I, LLC (the Company). Employees become eligible to participate in the Plan following 12 months of service and attainment of age 21, as defined in the Plan Agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2013, NADART elected to change the Plan's discretionary trustee from Cardinal Bank to Global Trust Company (GTC). GTC has engaged State Street Bank and Trust Company as the Plan's custodian, also effective March 1, 2013. Assets were transferred from Cardinal Bank to GTC on March 1, 2013.

Contributions

Participant contributions consist of pre-tax elective deferrals and Roth contributions. Participants may contribute pre-tax elective deferrals and Roth contributions up to the dollar limitation contained in section 402(g) of the Internal Revenue Code in effect at the beginning of the year. Employer contributions include matching contributions, discretionary contributions and discretionary matching contributions. Contributions are subject to certain limitations.

The Employer makes a matching contribution equal to 50% of the first 4% of compensation that the participant contributes. Employer discretionary contributions are allocated to participants employed on the last day of the Plan year. The allocation is based on a ratio of each participant's compensation to all participants' compensation as described in the Plan Agreement. Employer discretionary matching contributions made to the Plan are allocated as of the last day of the Plan year to the account of each participant who elects to have deferred cash contributions made under the Plan, and who is employed with the employer on the last day of the Plan year.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions and an allocation of the Plan's earnings, and charged with an allocation of investment expenses. The Plan's earnings and investment expenses are allocated according to participants' relative account balances in the investment options. Certain participant fees, if applicable, are also charged to participant accounts.

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participant's account attributable to Employer matching contributions and Employer discretionary contributions is fully vested after completion of six years of service. Vesting is accrued as outlined in the Plan Agreement. Participant accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan Agreement, or in the event of death or total disability.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments, or elected to defer receipt of their benefit to a later date. The accounts of these separated, vested and retired participants, which were previously referred to as Installment/Deferred accounts, are now referred to as Encore accounts in 2012. These participants share in the earnings and investment expenses of the investments.

Forfeitures

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $2,654 and $3,611, respectively. These funds are used to reduce future employer matching contributions. In 2013, employer matching contributions were reduced by $14,078 from forfeited nonvested accounts.

Distributions to Participants

Benefits are recorded when paid. Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum, in installments, or, if qualified, as an annuity. Distributions may be deferred until the participant reaches the age of 70 ½ if the value of the distribution is not less than $5,000. However, the Plan Agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½.

In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to pre-tax elective deferrals and may not include any earnings thereon. Participants can elect to withdraw after-tax contributions at any time.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. That portion of the participant's account attributable to employer contributions is fully vested after completion of six years of service. Vesting is accrued as outlined in the Plan Agreement. Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan Agreement, or in the event of death or total disability.

Participant Loans

Participant loans are not permitted by the Plan at this time.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting. All investment option funds consist of institutional share accounts and are collective investment trusts (CITs). As of December 31, 2013, the investment options available to Plan participants consisted of 29 collective investment trusts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The collective trusts are valued using the net asset value (NAV) provided by Cardinal Bank, the Trustee of the Plan. The NAV for most CCTs is quoted on a private market that is not active; however, the unit price is based on quoted market prices of the underlying investments which are traded on an active market.

The Income fund CIT is the only CIT that contains synthetic guaranteed investment contracts (GIC). The fair value of a synthetic GIC is calculated by valuing each component of the structure separately. The fixed income securities component in the underlying account are valued at quoted market prices. The value of the wrapper contract component is determined by the issuer using a standard discounted replacement cost methodology, using the duration and period end yields of the issuer's comparable sector credit curve as valuation inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Trustee has certified as to the completeness and accuracy of all investment balances and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012, all of the investment activity reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013, and all investment information in the supplemental schedule, which is summarized as follows:

	2013	2012
Investments, at fair value	$ 8,507,727	$ 7,472,647
Adjustments to contract value for Income Fund	(80,043)	(202,642)
Interest and dividends	992,442	(71)
Net appreciation in fair value of investments	2	575,503

Net Appreciation

For the year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Fair value as determined by quoted market prices, or by the Trustee:	
Collective investment trusts	$ 992,442

Significant Investments

The following investments represented more than 5% of the Plan's net assets as of December 31, 2013 and 2012:

	2013	2012
Income Fund CIT, at contract value	$ 1,997,572	$ 2,423,314
NADART Fund CIT	2,922,043	1,872,274
S&P 400 Mid Cap Fund CIT	482,702	*
SSgA 2040 Strategy CIT	*	719,131
PIMCO Total Return Fund CIT	*	477,763

* Represents less than 5% of net assets at this date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adjustment to Contract Value for Income Fund

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Income Fund CIT investment held by the Plan contains underlying fully benefit-responsive investment contracts. The Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012 present the fair value of the Income Fund CIT as well as the adjustment of the Income Fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan reports its investments at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value of assets as of December 31, 2013 is as follows:

	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total

Total	$ -	$ 7,472,647	$ 7,472,647

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The investment objective of the international and stock funds is the long term growth of capital. Income funds seek to maximize the return on investment. Balanced and target date funds seek a mix of growth of capital and reinvestment of income.

Investments in all CITs can be redeemed immediately at the current NAV based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2013 and December 31, 2012.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the respective participant's interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the Master Plan.

NOTE E – TAX STATUS

The NADART master prototype documents were amended to comply with the statutory requirements of the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) of 2001 and received favorable opinion letters from the Internal Revenue Service on March 31, 2008. Each plan adopting a NADART master prototype plan document has been restated to reflect the EGTRRA plan changes. In accordance with Revenue Procedure 2002-6, the Plan administrator has chosen to rely on the current opinion letter that has been issued to the prototype plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan administrator evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE F – EXCESS CONTRIBUTIONS

NADART distributes excess contributions in accordance with IRS Code 401(m) and 401(k).

NOTE G – INVESTMENTS AND ADMINISTRATIVE EXPENSES

Investment management fees are charged to participants based on their investment elections. In addition, all collective investment trusts return a fee for recordkeeping services to NADART, calculated based on invested assets, as outlined in the service agreement between the Employer and NADART. These fees are reflected in the net appreciation in fair value of investments in the accompanying financial statements.

Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Employer. Certain Plan investments consist of investments managed by Global Trust Company. Global Trust Company is the discretionary trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE I – RECONCILIATION TO FORM 5500

Management has evaluated subsequent events for disclosure in these financial statements through September 26, 2014, which is the date the financial statements were available to be issued.

Effective January 1, 2014, the Employer elected to add a Qualified Automatic Contribution Arrangement Safe Harbor feature. In addition, the Plan was amended to include the following provisions: (1) the matching contribution formula changed to 100% of the first 1% of compensation that each participant contributes on a pre-tax basis, plus 50% of the next 5% of compensation that each participant contributes on a pre-tax basis; (2) an automatic enrollment feature was adopted by which any employee who becomes eligible to participate in the Plan, in the absence of an affirmative election to contribute or not to contribute to the Plan will be automatically enrolled at a deferral rate of 3%; (3) the portion of the participant's account attributable to Employer matching contributions and Employer discretionary contributions is fully vested after completion of two and 6 years of service, respectively.
