NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

1. PLAN DESCRIPTION:

The following description of the Wright Business Forms, Inc. (Company) Employees' Qualified Savings and Investment Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General Descriptions and Contributions

The Plan is a qualified savings and investment plan (defined contribution) under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended. The Plan became effective on April 1, 1986, and was amended and restated January 1, 2009. The plan entry dates are the first day of each month. Contributions to the Plan consist of:

- 1) Participants may contribute a minimum of 1% of eligible pre-tax compensation (as defined in the Plan), not to exceed statutory limitations. Effective October 1, 2013, the Plan was amended to include a Roth 401(k) contribution option.
- 2) Employer nondiscretionary matching contributions of 50% of each participant's eligible contributions with a maximum matching contribution of 3% of the participant's eligible compensation.
- 3) Discretionary non-elective contributions (profit sharing) up to 2% of eligible compensation by employer.

Eligible compensation is defined by the plan document and generally includes all wages paid, including elective deferrals and excludes taxable fringe benefits and severance pay.

Participants may also contribute amounts representing distributions from other qualified plans (Rollovers). The plan is subject to provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended.

B. Participant Accounts

All participant accounts are self directed for investment purposes. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

C. Eligibility and Vesting

An eligible employee is defined as "an employee who is not included in a unit of employees covered by a collective bargaining agreement with the employer pursuant to which retirement benefits were the subject of good faith bargaining." An employee is eligible to participate in the Plan if he/she meets the following requirements:

- 1) is at least 21 years old, and
- 2) has been an employee for at least six consecutive months

Employees who meet eligibility requirements are automatically enrolled in the plan with a 3% deferral to an age appropriate Target Retirement Fund. A participant may opt-out of this automatic deferral.

All participants are 100% vested in employee elective deferrals and rollovers. Participants are also 100% vested upon death, disability or attainment of age 65. Participants eligible for the plan prior to October 1, 2013 are 100% vested in their matching contributions. Participants becoming eligible for the plan subsequent to September 30, 2013 are subject to the same vesting schedule as the profit sharing contributions. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

D. Notes Receivable from Participants

The Plan allows participants to borrow from their accounts for the purchase of a primary residence or upon demonstration of immediate and heavy financial need. The minimum loan amount is \$1,000 and the maximum for all loans in aggregate is the lesser of \$50,000 or 50% of the present value of the participant's vested account balance. Loans to participants are treated as a transfer from the investment fund to the loan fund. Repayments are treated as a transfer from the loan fund to the investment fund. Loans are repayable through payroll deduction over a period of 120 months if related to the purchase of a primary residence and 60 months for any other loan. Loans are secured by the vested interest in the participant's account. The interest rate is set at the prime lending rate and fixed over the life of each of the respective loans. The interest rate on all participant loans at December 31, 2013 is 3.25%. Prior to October 1, 2013, participants also had the option of borrowing up to \$5,000 for any purpose, subject to the same overall limits, interest rates and repayment terms.

E. Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest or annual installments over life expectancy. Lump sum distributions will be made for vested interests of less than \$5,000.

Distributions are allowed in the event of:

- Termination of employment
- Disability
- Death
- Retirement
- Age 59½

Distributions are recorded when paid.

F. Forfeitures

Forfeitures, if any, shall be first used to reduce Employer contributions; second, any remaining forfeitures shall be used to offset the Employer's Plan administration costs; and third, any remaining forfeitures shall be allocated to participants. At December 31, 2013 and 2012, forfeited nonvested amounts totaled \$14,578 and \$6,746, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of Accounting

The Plan uses the accrual method of accounting with an adjustment to market value for listed securities.

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes to Financial Statements - continued

E. Payment of Benefits

Benefits are recorded when paid.

F. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. Date of Management's Review

Subsequent events were evaluated through September 26, 2014, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees:

	<u>2013</u>	<u>2012</u>
Mutual fund investments in registered investment companies, at fair value (participant directed)	<u>\$ 11,813,157</u>	<u>\$ 11,287,720</u>
Common/Collective Trust Fund (participant directed), at fair value	<u>\$ 0</u>	<u>\$ 43,521</u>
Notes receivable from participants	<u>\$ 261,915</u>	<u>\$ 267,631</u>
Investment Income (Loss)	<u>\$ 1,635,857</u>	<u>\$ 1,177,861</u>
Interest Income Participant Notes Receivable	<u>\$ 8,385</u>	<u>\$ 9,365</u>

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets

Level 2

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Bank of America, NA and Fidelity Management Trust Company. Bank of America, NA through September 30, 2013 and thereafter Fidelity Management Trust Company, are the trustees as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrators of \$14,421 and \$6,829 for the years ended December 31, 2013 and 2012, respectively, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. TAX STATUS:

The Internal Revenue Service has informed Fidelity Management Trust Company by advisory letter that the Fidelity Volume Submitter Plan (as amended) is designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2013, Plan management does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
