INDEPENDENT AUDITORS' REPORT

Trustee Committee
Coleman Cable 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying 2013 financial statements of the Coleman Cable 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company as of December 31, 2013 and for the year then ended that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) - Form 5500 - Schedule H, Part IV, Line 4(i) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company. Their report, dated October 10, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the 2012 financial statements and (b) the form and content of the information included in the 2012 financial statements other than that derived from the information certified by Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations 2013

The form and content of the information included in the Plan's 2013 financial statements and supplemental schedule, other than that derived from the information certified by Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COLEMAN CABLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN

The following description of the Coleman Cable 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all salaried, nonunion (unless included in a union-bargained contract), and hourly non-union employees of Coleman Cable, Inc., CCI Enterprises, Inc., Oswego Wire, Inc., Copperfield, LLC, DJR Logistics, Inc., and Technology Research Corporation (hereinafter collectively referred to as the "Employer", "Plan administrator," or "Company"), who have been employed for two months of service and are at least 18 years of age. Eligible employees enter the Plan on the first day of the month after they have met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Transfers from the Coleman Cable Union 401(k) Plan

When the employment status of a participant changes from a collective bargaining unit employee to a nonunion employee not covered by a collective bargaining agreement, eligibility for participation shifts between this Plan and the Coleman Cable Union 401(k) Plan. When employment status changes, the account balance of the participant is transferred to the corresponding plan. There were no amounts transferred between the Coleman Cable Union 401(k) Plan and the Plan for the year ended December 31, 2013.

C. Contributions - Employees

Each year participants may contribute up to 100% of their gross wages, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective January 1, 2009, new employees are automatically enrolled in the Plan upon satisfying its eligibility requirements and, unless they decline participation or elect a different percentage, are deemed to have consented to an initial participant contribution of 3% of eligible compensation, increased 1% on an annual basis up to a maximum of 6%.

Participants elect the way in which contributions are invested among the various investment funds permitted by the Plan. The investment election will apply to both employee and employer contributions.

YEARS ENDED DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN (Continued)

D. Contributions - Employer

The Employer makes a matching contribution of 100% of the first 1% of the participants' base compensation and 50% of the next 2% to 6% of the participants' base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2013.

E. Participant Accounts

Separate accounts are maintained for each participant and reflect his or her contributions, allocations of Plan earnings, transfers, employer contributions, and administrative expenses. Allocations are based on participant earnings or account balances, as detailed in the Plan document. The benefit available to each participant is the participant's vested balance.

F. Vesting

A participant is immediately vested in his or her contributions plus earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service. Participants vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
One	50%
Two or more	100%

A participant will become fully vested if termination occurs as a result of retirement, death, or disability.

G. Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments, or systematic installments as the participant elects. Upon attaining age 59½ years of age, a participant has the option to take an in-service distribution for any reason. The Plan allows participants to take hardship withdrawals in accordance with the Plan document.

1. DESCRIPTION OF PLAN (Continued)

H. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms are for a period not exceeding five years. The notes are secured by the balance in the participant's account and bear interest at prime plus 1% as published in *The Wall Street Journal* on the first working day of the month in which the note was issued. Principal and interest is paid ratably through payroll deductions; however, lump-sum repayments are permitted.

I. Administrative Expenses

Certain expenses of maintaining the Plan, including audit fees, are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative expenses in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative accounting principles generally accepted in the United State of America (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

B. Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with U.S. GAAP.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents cost plus contributions made under the contracts plus interest at the contract rates less withdrawals and administrative expenses. Any material difference between the fair value of the Plan's direct investments in fully benefit-responsive investment contracts and their contract value is presented as an adjustment in the statement of net assets available for benefits.

Management has determined that the estimated fair value of the Plan's investment in the fully benefit-responsive contract within the guaranteed investment contract as of December 31, 2013 and 2012 approximated contract value. Accordingly, the statements of net assets available for benefits reflect no adjustment from fair value to contract value.

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Payment of Benefits

Benefits are recorded when paid.

F. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

G. Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to benefit payments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. FINANCIAL INFORMATION CERTIFIED (Unaudited)

Great-West Trust Company, LLC and Great West Life & Annuity Insurance Company (GWL&A) hold the assets of the Plan. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Great-West Trust Company, LLC and GWL&A, including the fair value and contract value of investments and notes receivable from participants held as of December 31, 2013 and 2012, and the net appreciation in fair value of investments, dividends and interest, and interest on notes receivable from participants for the year ended December 31, 2013, except for comparing such information certified by Great-West Trust Company, LLC and GWL&A to information included in the Plan's financial statements and supplemental schedule.

4. FINANCIAL INFORMATION CERTIFIED (Unaudited) (Continued)

The following table is a summary of investments, at fair value, that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Mutual funds:		
T. Rowe Price Equity Income	\$ 3,529,419	\$ 2,702,983
Wells Fargo Advantage Growth	4,294,037	3,183,064
American Funds Fundamental Investors	2,513,236	1,685,407*
PIMCO Total Return	3,450,304	3,932,651
Guaranteed investment contract:		
Key Guaranteed Portfolio	8,600,938	7,938,555

*Amount did not exceed 5% of the Plan's net assets, but is included for comparison purposes.

For the year ended December 31, 2013, the Plan's investments in mutual funds appreciated in fair value by \$5,024,203.

5. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Great-West Trust Company, LLC and GWL&A. The framework for measuring fair value under authoritative guidance issued by the FASB provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

COLEMAN CABLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2013 AND 2012

5. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

Guaranteed investment contract: Management reviews the contract value and fair value reporting received from GWL&A (the contract issuer), the current terms of the contract, and GWL&A's credit ratings in determining the fair value estimate for the Plan's investment in the group annuity contract. The fair value of the Plan's guaranteed investment contract has been determined to approximate contract values, as the terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions prior to contract termination at contract value, frequent resetting of contractual interest rates based upon market conditions, no significant liquidity restrictions, and no defined maturities. Generally, there are no events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value. In addition, management has determined that no adjustment from contract value is required for credit quality considerations.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (Continued)

There were no transfers between Level 1 and Level 2, or into or out of Level 3 investments, during the years ended December 31, 2013 and 2012, except for the transfer of the guaranteed investment contract from Level 3 to Level 2 based upon a reassessment of the appropriate classification.

6. RELATED PARTY TRANSACTIONS

Great-West Trust Company, LLC and GWL&A perform services for the Plan, sell products to the Plan, and manage and maintain investments for the Plan for which fees are charged to the Plan. Such transactions, while considered parties-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

7. FORFEITURES

At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$11,507 and \$43,383, respectively. These accounts are available to reduce future employer contributions or future administrative expenses or to reinstate the account balance of former participants re-employed before five consecutive 1-year breaks in service who repay to the Plan any distributions previously taken. During the year ended December 31, 2013, employer contributions were reduced by \$68,245 and administrative expenses were reduced by \$66,262 from forfeited non-vested accounts.

8. TAX STATUS

The underlying prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

COLEMAN CABLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2013 AND 2012

8. TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with GWL&A ("the Issuer"). GWL&A maintains the contributions in its general account. The Plan's contract investment balance is credited with earnings based upon contractually determined crediting interest rates and charged for plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The contract is included in the financial statements at estimated fair value, which approximates contract value, as reported to the Plan by GWL&A.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination or merger; premature contract termination initiated by the Company; the establishment of another plan or program to which participants contribute; and a spin-off, sale or merger of any business unit of the Employer or Plan Administrator causing a group of participants to be excluded from eligibility.

The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances that would allow the Issuer to terminate the contract include the Plan's termination, loss of its qualified status, addition of a competing investment option to the Plan, or breaches of the contract responsibilities. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2013 AND 2012

9. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The crediting interest rate of the contract is based on an agreed-upon formula with the Issuer, as defined in the contract agreements, but cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers, and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract. The average yields for 2013 and 2012 were as follows:

	<u>2013</u>	<u>2012</u>
Average yields:		
Based on annualized earnings ⁽¹⁾	1.26%	1.45%
Based on interest rate credited to participants ⁽²⁾	1.26%	1.45%

⁽¹⁾ Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investment on the same date.

⁽²⁾ Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investment on the same date.

Deductions from net assets per Form 5500	<u>\$ 3,086,847</u>

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 16, 2014, which is the date the financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2013 have been incorporated into these financial statements.

On February 11, 2014, the Company was acquired by Southwire Company. As a result of such transactions, the Plan was amended to fully vest all participant balances as of the acquisition date.
