Independent Auditor's Report

To the trustees of the Pacific Rim Mechanical Contractors, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Pacific Rim Mechanical Contractors, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of investments held as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Summary of Accounting Policies

Basis of Accounting

The Pacific Rim Mechanical Contractors, Inc. 401(k) Plan (the "Plan") financial statements are prepared using the accrual basis of accounting in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the asset custodians. See Note 4 for a further discussion of fair value measurements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the principal balance is reduced and a benefit payment is recorded.

Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Plan administration expenses paid by the Employer were $26,500 and $40,820 for the years ended December 31, 2013 and 2012, respectively. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in realized and unrealized gains.

Subsequent Events

The Plan has evaluated subsequent events through August 14, 2014 (the date the financial statements were available to be issued), for items which might require recognition or disclosure in the financial statements.

2. Plan Description

The following description of the Plan provides only general information. The plan agreement provides a complete description of the Plan. Participants should refer to the plan agreement for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Pacific Rim Mechanical Contractors, Inc. (the "Employer") The Plan is subject to the provisions of ERISA.

Eligibility

Prior to March 1, 2014, employees became eligible to participate in the Plan upon the attainment of 18 years of age and the completion of two months of service. Subsequent to March 1, 2014, employees become eligible to participate in the Plan upon the attainment of 18 years of age and the completion of one month of service.

Contributions

Participants may elect to contribute a portion of their compensation each year, subject to certain statutory limitations. Participants who have not made an affirmative contribution election are deemed to have elected to contribute 4% of their compensation. The Employer may elect to make matching contributions, prevailing wage contributions and other discretionary contributions. The Plan provides for classification based matching contribution rates.

For the years ended December 31, 2013 and 2012, the Employer made matching contributions equal to 50% of the participants' contributions based on up to 4% of the participants' compensation. For the years ended December 31, 2013 and 2012, the Employer made prevailing wage contributions of $906,824 and $794,247, respectively. For the years ended December 31, 2013 and 2012, the Employer made no other discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, Employer prevailing wage contributions, other Employer discretionary contributions and Plan earnings. Allocations of other Employer discretionary contributions are based on compensation, as defined. Allocations of Plan earnings or losses are based upon account balances, as defined. Participants may direct transfers of amounts in their account between various investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in the portion of their accounts related to employee contributions and Employer prevailing wage contributions (including earnings thereon). Participants vest in the portion of their accounts related to Employer matching contributions and other Employer discretionary contributions (including earnings thereon) based on years of service as follows:

Years of Service	Percentage Vested
1	25
2	50
3	75
4	100

Notes Receivable From Participants

Participants may borrow from their accounts an amount not to exceed the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. Notes receivable from participants outstanding at December 31, 2013, bear interest at 4.25% and mature at various dates through November 2027. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon attaining age 59.5, or on termination of service due to death, disability or retirement, participants may elect to receive a distribution of the vested interest in their account balance. Participants may elect to receive either a lump-sum amount, or installments over a period of time not to exceed the participant's life expectancy or the life expectancy of the participant's spouse.

Forfeited Accounts

The portion of a participant's account that is not vested as of the date of the participant's termination of employment is forfeited. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $5,567 and $3,401, respectively. Forfeitures may be used to pay Plan expenses or may be used to reduce future Employer contributions. Forfeitures of $25,681 and $29,287 were applied against Employer contributions for the years ended December 31, 2013 and 2012, respectively.

3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at either December 31, 2013 or 2012:

	December 31, 2013	December 31, 2012
Participant-Directed Investments in Registered Investment Companies		
Maxim Aggressive Profile II	$ 4,193,557	$ 3,139,305
Maxim Moderate Profile II	6,711,268	5,499,283
Participant-Directed Investments in Group Annuity Contract	3,417,049	2,686,101

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Presented below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Investments in registered investment companies are valued at the daily closing price as reported by the fund.

Investments in group annuity contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2013 and 2012:

	Level 1	Level 2	Level 3	Total
Assets at Fair Value as of December 31, 2013				
Registered investment companies	$ 22,700,328	$ -	$ -	$ 22,700,328
Group annuity contract	-	3,417,049	-	3,417,049
	$ 22,700,328	$ 3,417,049	$ -	$ 26,117,377
Assets at Fair Value as of December 31, 2012				
Registered investment companies	$ 18,175,138	$ -	$ -	$ 18,175,138
Group annuity contract	-	2,686,101	-	2,686,101
	$ 18,175,138	$ 2,686,101	$ -	$ 20,861,239

5. Investment in Group Annuity Contract

The investment in the group annuity contract represents a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (the "Insurance Company"). The Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. The contract is presented on the face of the Statement of Net Assets Available for Benefits at fair value, which is equal to contract value as reported by the Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the Insurance Company or otherwise. The fair value of the contract at December 31, 2013 and 2012, was $3,417,049 and $2,686,101, respectively. The crediting interest rate is based on a formula agreed upon with the Insurance Company. The crediting interest rate is reset quarterly. The crediting interest rate may not be less than zero.

Certain events, such as termination of the contract or termination of the Plan, limit the ability of the Plan to transact at contract value with the Insurance Company. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The contract does not permit the Insurance Company to terminate the contract at any amount less than contract value.

The average yield earned on the contract was 1.26% and 1.45% as of December 31, 2013 and 2012, respectively.

6. Net Assets Available for Benefits

Net assets available for benefits as of December 31, 2013 and 2012, includes $3,586,761 and $2,572,973, respectively, of account balances for terminated participants.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become fully vested in the Employer contribution portion of their accounts.

8. Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated July 8, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax audits for years ended on or before December 31, 2009.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
