1. Description of Plan

The following brief description of the Sharel Ventures, LLC 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. It covers substantially all employees of Sharel Ventures, LLC (Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Employees are eligible to participate in the Plan upon attaining the age of 21 and the completion of one year of service.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make each year is subject to federal limits.

The Company may, at its discretion, make a match based on each participant's elective deferral. For the years ended December 31, 2013 and 2012, the Company's match was 50% of the first 5% of the participant's compensation. Effective August 4, 2013, the Company's match was changed to 20% of the first 5% of the participant's compensation. The Company's matching contribution was $45,168 and $57,959 in 2013 and 2012, respectively.

The Company may also contribute an amount which it designates as a qualified discretionary contribution (qualified non-elective contribution). This contribution may be included in the actual deferral percentage test or the actual contribution percentage test. Qualified discretionary contributions shall be allocated only to non-highly compensated employees in proportion to his or her compensation as a percentage of the compensation of all eligible employees for the plan year. During 2013 and 2012, the Company made no qualified discretionary contributions.

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution the participant must be employed on the last day of the plan year. Discretionary profit sharing contributions may vary annually and are determined by the Board of Directors of the Company. During 2013 and 2012, the Company made no discretionary profit sharing contributions.

1. **Description of Plan** (Continued)

Contributions (Continued)

In addition, participants may transfer funds from other qualified plans, with the consent of the plan administrator.

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions and Plan earnings. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals plus actual earnings thereon. The Plan provides for the vesting of employer contributions at the following rate:

Years of Service (1,000 or More Hours of Service in a Plan Year)	Percent of Account Vested
< Two Years	0%
Two Years	20%
Three Years	40%
Four Years	60%
Five Years	80%
Six Years	100%

Forfeitures

Forfeitures arising under the Plan are used to reduce administrative fees incurred by the Plan or used to reduce employer's contributions. Forfeitures activity during 2013 and 2012 consisted of the following:

	2013	2012
Forfeitures available for use, beginning of year	$ 3,579	$ 3,244
Forfeitures generated in current year	781	347
Loss on forfeitures	(16)	(12)
Forfeitures available for use, ending of year	$ 4,344	$ 3,579

Payment of benefits

Upon retirement, death or disability the entire vested account balance will be distributed in the form of a lump sum. In addition, lump-sum distributions may be made, with participant consent, upon separation from service.

1. **Description of Plan** (Continued)

Loans

The Plan does not allow participants to borrow funds from their elective deferrals.

Administrative expenses

For 2013 and 2012, unreimbursed administrative expenses generally included investment management expenses and distribution fees, which are paid by the individual participant, and consisted of the following:

	2013	2012
Total administrative expenses	$ 19,240	$ 14,825
Less: Expenses paid by the plan sponsor	(8,250)	(8,250)
Total plan administrative expenses	$ 10,990	$ 6,575

2. **Summary of Significant Accounting Policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets.

Cash and cash equivalents

The Company considers all highly liquid investments, with a maturity of three months or less, to be cash equivalents.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Reclassification

Certain prior year amounts have been reclassified to conform to current year presentation.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at the end of the year.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent fiscal year and October 2, 2014, the date the financial statements were available to be issued.

3. **Information Certified by the Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, MG Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes, and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. **Investments**

The following presents investments at December 31, 2013 and 2012 that represent 5 percent or more of the Plan's net assets:

	2013		2012	
	Number of Shares	Fair Value	Number of Shares	Fair Value

4. Investments (Continued)

The Plan's investments, including investments bought, sold, and held during the year, appreciated as follows:

	2013	2012
Registered investment companies	$ 169,860	$ 85,759

The fair value of investments determined to be level 1 assets as of December 31, 2013 and 2012 consisted of:

	2013	2012
Cash and cash equivalents	$ 108,819	$ 159,462
Mutual funds	1,335,551	955,632
	$1,444,370	$1,115,094

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Plan's prototype document obtained its latest determination letter on July 1, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The document has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.
