Notes to Financial Statements

A. Description of the Plan

The following description of the Sciton, Inc. (company) 401(k) Plan (plan) provides only general information. Participants should refer to the plan agreement for more complete description of the plan's provisions.

1. *General*. The plan is a defined contribution plan covering all full-time employees of the company who have completed 1 year of service and are age 18 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

2. *Contributions*. Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contribution into various investment options offered by the plan. The plan currently offers various mutual funds as investment options for participants. Discretionary matching or nonelective employer contributions may be contributed at the option of the company. Contributions are subject to certain limitations.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions and allocation of (a) the company's contributions, and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting*. Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the company's contribution portion of their account is based on years of continuous service. A participant is 100% vested after five years of credited service

5. *Notes receivable from participants.* Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and currently bear interest at rates that range from 4.25 percent to 5.25 percent. Principal and interest is paid ratably through payroll deductions.

6. *Participants' accounts and benefits*. Individual accounts are maintained for each plan participant to reflect the participant's contributions and related matching and nonelective contributions, if applicable. Allocations are based on participants earnings or account balances, as defined. Participants withdrawing from the plan receive their balance by (i) a transfer to another qualified plan, (ii) a transfer to an individual retirement account, or (iii) a lump sum distribution that is subject to a 20-percent income tax withholding.

Sciton, Inc. 401(k) Plan

Notes to Financial Statements

B. Summary of Accounting Policies

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. *Fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Operating expenses

Certain expenses of maintaining the plan are paid directly by the company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The plan has evaluated subsequent events through September 29, 2014, the date the financial statements were available to be issued.

Notes receivable from participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Sciton, Inc. 401(k) Plan

Notes to Financial Statements

C. Investments

The following table presents investments that exceeded 5 percent of the plan's net assets available for benefits at December 31, 2013, and 2012:

	2013	Unaudited 2012
Mutual funds:		
Fidelity Advisor Freedom 2020 A	$ 1,715,163	$ 1,408,914
Fidelity Advisor Freedom 2030 A	752,088	664,893
Fidelity Advisor Freedom 2015 A	840,606	672,474
Fidelity Advisor Freedom 2025 A	1,212,558	652,765

During 2013, the plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $446,033.

D. Information Certified by the Plan's Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2013, and the supplemental schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

E. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- Level 2 inputs to the valuation methodology include following:

  — Quoted prices for similar assets or liabilities in active markets
  — Quoted prices for identical or similar assets or liabilities in inactive markets
  — Inputs other than quoted prices that are observable for the asset or liability
  — Inputs that are derived principally from or corroborated by observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Sciton, Inc. 401(k) Plan

Notes to Financial Statements

E. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Mutual funds*. Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2013, and 2012:

Assets at Fair Value as of December 31, 2013

	Level 1	*Total*
Mutual funds

Other funds	1,212,224	1,212,224
Total assets at fair value	$ 7,064,609	$ 7,064,609

(Unaudited)

Other funds	763,639	763,639
Total assets at fair value	$ 5,351,857	$ 5,351,857

F. Plan Termination

The Company has reserved the right to terminate the plan or reduce or cease contributions at the discretion of the board of directors or to amend the plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the plan of any vested right.

G. Related Party Transactions

Certain plan investments are shares of mutual managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the plan, and qualifies as a party-in-interest.

Sciton, Inc. 401(k) Plan

Notes to Financial Statements

H. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Tax Status

On March 31, 2008, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and believes that the plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500:
