Independent Auditor's Report

We have audited the accompanying financial statements of White Castle Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2013, and reportable transactions for the year then ended, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules of mutual fund investments and real estate as of December 31, 2013 are also presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WHITE CASTLE PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Plan Description

The following brief description of the White Castle Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. Copies of this document are available from the plan administrator.

General

The Plan is a non-contributory defined contribution plan covering substantially all employees of White Castle System, Inc. and Subsidiaries (the Corporation and Plan Sponsor), who meet certain eligibility requirements set forth in the plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

The Corporation's contribution to the Plan is determined annually by the Board of Directors of the Corporation on a discretionary basis. The contributions of the Corporation are made in cash. The plan agreement provides for contributions to each participant's account in proportion to each participant's compensation for the plan year and provides certain benefits based on the accumulated value of the participant's account at retirement or termination. Contributions are invested by the Plan for the benefit of its participants.

Participant Accounts

Each participant's account is credited with the allocations of (a) the Company's contributions and forfeited balances of terminated participants' non-vested accounts and (b) plan earnings, net of administrative expenses.

Vesting

A participant's interest in his or her account generally vests based upon years of service and is subject to the following vesting percentage provisions:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes to Financial Statements

Plan Description (continued)

Notes Receivable from Participants

The plan agreement allows participants to borrow funds from the Plan up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Loans must be repaid within five years unless the loan is granted to allow the participant to purchase his or her principal residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates and range from 4.25% to 11.55%. Principal and interest are paid ratably primarily through payroll deductions.

Payment of Benefits

Upon termination of employment for any reason, including death or disability, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant is also eligible to receive a distribution from their account upon reaching normal or early retirement age, which is 65 or 55 years of age, respectively. Other forms of benefit payments, such as installment payments may also be requested. The Plan also provides for in-service distributions if certain financial hardship conditions are met or upon reaching age 70½ while employed by the Company.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include discounted notes purchased from United States Government agencies with a remaining term of less than three months at the date of purchase. The Plan maintains its cash and cash equivalents at financial institutions, and, at times, balances may exceed federally insured limits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowances for credit losses have been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

All investments are recorded at fair value. Mutual funds are valued at the quoted prices of their respective markets. Investments in real estate are valued based upon capitalization of annual rental income derived therefrom. The capitalization rates used in 2013 and 2012 were 7.5% and 8.0%, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contingent rental income is recorded once it has been determined that sales for the specific location have exceeded the contractual threshold amount.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All costs and expenses incurred with regard to the purchase, sale or transfer of investments and other assets in connection with the operation of the Plan and certain professional fees are borne by the Plan. Expenses such as those related to the creation and the continuing existence of the Plan, amending and revising the Plan, and liability insurance premiums are borne by the Corporation.

Real Estate and Other Transactions with Parties-in-Interest

The Plan owns certain real property (land) which it leases to the Corporation. The lease terms average 15 to 20 years and the initial rentals provided are based upon current rates of rental return at the time the lease is negotiated with provisions for additional contingent rentals based upon a percentage of restaurant sales.

Total rental income for all leases amounted to:

	2013	2012
Minimum rentals	\$ 2,172,831	\$ 2,168,754
Contingent rentals	<u>552,928</u>	<u>587,746</u>
Total	<u>\$ 2,725,759</u>	<u>\$ 2,756,500</u>

WHITE CASTLE PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Real Estate and Other Transactions with Parties-in-Interest (continued)

The future minimum rentals as of December 31, 2013 for all leases are as follows:

2014	\$ 2,146,393
2015	2,012,570
2016	1,864,183
2017	1,738,549
2018	1,552,303
Thereafter	<u>10,162,497</u>
Total	<u>\$ 19,476,495</u>

The majority of the leases have renewal options ranging from 5 to 10 years and experience has shown that practically all leases have been renewed.

The plan agreement has been amended to comply with ERISA and permits holdings of sponsoring employer real property not to exceed 50 percent of plan assets. The Plan did not exceed this limit during 2013 or 2012.

Investments

The Plan's mutual fund investments are held by UBS Financial Services, Inc. All investments of the Plan are non-participant directed.

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits is as follows at December 31:

	2013	2012
<i>Mutual Funds:</i>		
Artisan Funds – Mid Cap Value Fund	\$ 12,628,147	\$ 11,117,935
Royce Funds – Opportunity Fund	12,685,849	12,317,402
Royce Funds – Premier Fund	13,233,069	11,899,990

Vanguard – Short-Term Bond Index Fund	14,435,143	11,906,248
Vanguard – Total Bond Market Index Fund	11,760,610	12,017,247

* The fair value of this investment did not represent 5% or more of the Plan's net assets as of the specified date.

Investments (continued)

During 2013 and 2012, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in fair value as follows:

	2013	2012
Mutual funds	\$ 24,731,237	\$ 14,112,333
Real estate	<u>1,784,987</u>	<u>104,991</u>
Total	<u>\$ 26,516,224</u>	<u>\$ 14,217,324</u>

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the asset or liability.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

WHITE CASTLE PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Fair Value Measurements (continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

<i>Mutual Funds:</i>	Valued at quoted market prices for the number of shares held by the Plan at year-end.
<i>Real Estate:</i>	Valued at the estimated market value of real estate holdings, based upon the capitalization of annual rental income using a capitalization rate applied to current annual rental income using the greater of minimum rentals under non-cancellable lease agreements or actual contingent rental earned during the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

Level 3 Gains and Losses

The following table provides a reconciliation of the Plan's investments at fair value on a recurring basis, which uses Level 3 or significant unobservable inputs for the years ended December 31:

	2013	2012
Balance – Beginning of Year	\$ 34,711,739	\$ 34,611,366
Sale of real estate, net proceeds	(777,410)	(4,618)
Unrealized gains relating to investments still held at reporting date	<u>1,784,987</u>	<u>104,991</u>
Balance – End of Year	<u>\$ 35,719,316</u>	<u>\$ 34,711,739</u>

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

Real estate investments are valued using the direct capitalization of income approach. The significant unobservable input used in the fair value measurement of the Plan's real estate investments is the selection of the terminal capitalization rate. Significant increases (decreases) in the input would result in significantly lower (higher) fair value measurements, respectively. The capitalization rate used in 2013 and 2012 were 7.5% and 8.0%, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in the termination of the Plan, the plan agreement provides that participants acquire non-forfeitable interests for amounts contributed to the date of termination.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 9, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Notes to Financial Statements

December 31, 2013 and 2012

Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Party-in-Interest Transactions

Fees paid by the Plan to UBS Financial Services, Inc. for investment advisory services, which qualify as party-in-interest, were \$35,000 in 2013 and 2012. Fees paid by the Plan to Buchanan Ingersoll & Rooney, PC for legal services, which qualify as party-in-interest, were \$21,021 and \$21,000 in 2013 and 2012, respectively. Fees paid by the Plan to GBQ Partners LLC for audit services, which qualify as party-in-interest, were \$15,000 in 2013. Fees paid by the Plan to Ernst & Young LLP for audit services, which qualify as party-in-interest, were \$20,000 in 2012.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2013 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
