Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Wayne Automatic Fire Sprinklers, Inc. 401(k) Plan and Trust (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With the DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Wayne Automatic Fire Sprinklers, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all full-time employees of Wayne Automatic Fire Sprinklers, Inc. (the Company) who have three months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

Contributions – Each year, participants may contribute from 1% up to 50% of pretax annual compensation, as defined in the Plan. Unless the participant elects otherwise, an automatic deferral of 3% will apply. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their account into various investment options offered by the Plan. The Company may make discretionary matching and/or profit sharing contributions. During 2013 and 2012, the Company matched 45% and 50%, respectively, of employee deferrals up to 6% of compensation as well as made a discretionary profit sharing contribution to all eligible employees. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participants who do not have at least 1,000 hours of service during the plan year or who are not employed on the last working day of the plan year are not eligible for an allocation of Company contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remaining portion of their account is based on years of continuous service. A participant does not begin to vest until year two (20%) and increases ratably until fully vested in year six.

Hardship Withdrawals – Hardship withdrawals are available if the participant meets certain criteria. Participant loans are not permitted.

NOTE 1 DESCRIPTION OF PLAN – Continued

Payment of Benefits – Upon termination of service due to retirement, death, or permanent disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a specified period of time. Upon termination of service for any other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's elective deferrals in his or her account or installment payments over a specified period of time. Vested employer contributions are subject to various distribution requirements based on the amount of vested employer contributions in a participant's account at the date of termination. For accounts with vested employer contributions less than $1,000, the participant will automatically receive a distribution as soon as administratively practical. For accounts with vested employer contributions greater than $1,000 but less than $5,000, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a specified period of time beginning as soon as administratively practicable. For accounts with vested employer contributions greater than $5,000, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a specified period of time beginning as soon as administratively practicable on the first distribution date of the fourth plan year beginning after the participant's termination of employment.

Forfeited Accounts – Forfeitures are allocated to participant accounts based on eligible compensation. At December 31, 2013 and 2012, unallocated forfeitures totaled approximately $92,000 and $72,000, respectively. For the year ended December 31, 2013, the Company allocated forfeitures of approximately $72,000 to participant accounts prior to plan year end.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value (NAV) of the fund as reported by the investment advisor. The Statements of Net Assets Available for Benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates – The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The investment in the segregated accounts consists of a certain non-liquid investment held for two participants. At December 31, 2013 and 2012, the investment in the segregated accounts consists of vacant land. The fair value of the land is estimated at $1,540,000 and $1,150,000 at December 31, 2013 and 2012, respectively, based on a recent appraisal and management's estimates.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain administrative expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 01, 2014, the date which the financial statements were available to be issued.

NOTE 3 CERTIFIED INVESTMENTS

Other than the fair value of the common/collective trust and the related adjustment from fair value to contract value for fully benefit responsive investment contracts, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal), the trustee of the Plan. The contract value of the guaranteed investment contract was certified by the trustee.

NOTE 4 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	2013	2012
Principal Stable Value Preferred Fund*	$ 4,855,985	$ 4,420,940

* These amounts represent contract value for this investment.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/collective trusts	$ 2,705
Mutual funds	2,827,632
Land	390,000
	$ 3,220,337

NOTE 5 NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan offers as one of its investments, the Wayne Custom Balanced Fund. This Fund invests in a common/collective trust and various mutual funds as determined by the Investment Committee. Information about the net assets and significant components of the changes in net assets relating to this nonparticipant-directed investment is as follows:

	2013	2012
Net Assets:		
Common/collective trusts	$ 534,882	$ 174,768
Mutual funds	6,159,993	5,699,651

Transfers from participant-directed investments	719,062	
	$ 820,456	

NOTE 6 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in an active market; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 6 FAIR VALUE MEASUREMENTS – Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Land: The land is valued based on a recent appraisal performed by an unrelated third party and management's estimates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

NOTE 6 FAIR VALUE MEASUREMENTS – Continued

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Land
Balance - beginning of year	$ 1,150,000
Unrealized gain	390,000
Balance - end of year	$ 1,540,000

Unrealized gains included in changes in net assets for the period above are reported in net appreciation of fair value of investments in the statement of changes in net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Land	$ 1,540,000	Independent appraisal	Direct sales comparison approach	Price per square foot $4.26 - $12.97/sq. ft.	$8.01/sq. ft.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013 and 2012:

Investment Type	Fair Value 2013	Fair Value 2012	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Principal Stable Value Preferred Fund	$ 4,885,556	$ 4,524,850	$ -	Daily	Daily

The objective of the Principal Stable Value Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicted on underlying fixed income securities), as well as cash and cash equivalents. However, there is no assurance that this objective can be achieved.

NOTE 7 RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The mutual funds and the common/collective trusts are managed by Principal, the trustee as defined by the Plan and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the plan's operations.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the company contribution portion of their account.

NOTE 9 TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 2, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:
