Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pediatric Academic Association, Inc. 403(b) Tax-Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes C through F which were certified by Ameriprise Financial Services, Inc.; AXA Equitable; Fidelity Management Trust Company; ING Life Insurance and Annuity Company; Teachers Insurance and Annuity Association College Retirement Equities Fund; T. Rowe Price Trust Company; The Variable Annuity Life Insurance Company; and Vanguard Fiduciary Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As described in Note B, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of plan

The following description of the Pediatric Academic Association, Inc. 403(b) Tax-Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1982 by the Pediatric Academic Association, Inc. (the Association) as a tax-sheltered annuity meeting the requirements of Section 403(b) of the Code. The Plan was amended and restated effective January 1, 2009 to incorporate regulatory changes under Section 403(b) of the Code and provisions of the Pension Protection Act of 2006. All employees are eligible to participate in the salary reduction contribution on the first date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the IRS. A participant who is also an active employee may contribute to the Plan, as a rollover contribution, a distribution from another qualified retirement plan. During 2013 and 2012, rollover contributions totaled \$40,199 and \$1,439,639, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of plan earnings. The Plan's earnings are allocated based on the participant account balances as defined.

Vesting and forfeitures

Participants are immediately vested in their contributions plus actual earnings/losses thereon, thus, there would not be any forfeitures in relation to participant deferrals.

Investments

Under the terms of the agreement between the plan custodians and the Plan, the custodians manage the funds on behalf of the Plan. Plan participants may select how their accounts are invested from investments offered by each custodian. Effective October 1, 2012, Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF) became the only custodian approved to hold new participant contributions. Plan contributions made prior to October 1, 2012 were permitted to remain with the custodians previously approved to hold plan assets. See Note C for fair market value of investments.

Payment of benefits

On termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary may receive an annuity distribution or lump-sum amount equal to 100 percent of the participant's account balance. Normal retirement age is 65, with in-service withdrawals allowable at age 59 ½. For termination of service due to other reasons, a participant will receive the value of the vested interest as a lump-sum or an annuity distribution. Benefits are recorded when paid.

Administrative fees

All administrative expenses of maintaining the Plan are paid by the Association.

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are held in various investment vehicles and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. See Note C for discussion of fair value measurements.

In accordance with ASC 962-325, "Fully Benefit – Responsive Investment Contracts", the TIAA Traditional Benefit Responsive Annuity and TIAA Stable Value investment each hold deposit interests in TIAA-CREF which are fixed annuity contracts.

ASC 962-325 requires that investment contracts held by a defined-contribution plan be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles, the fully benefit-responsive investment contract is stated at contract value which approximates fair value.

Excluded contracts and accounts

The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with DOL FAB 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract is fully vested in the contract or account.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between January 1, 2014 and October 1, 2014, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

NOTE C - Fair value measurements

ASC 820-10, *Fair Value Measurements and Disclosures* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. ASC 820-10 does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Input to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

PEDIATRIC ACADEMIC ASSOCIATION, INC.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE C - Fair value measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: Valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing except for the Money Market Account holdings which are valued at amortized cost.

Guaranteed interest accounts: Valued at fair market value, using a guaranteed minimum crediting interest rate.

Fixed annuity contracts: Valued at contract value which approximates fair value, using a guaranteed minimum interest rate between 1% and 3%, plus additional interest if declared.

Pooled separate accounts: Valued at net asset values of such accounts which are provided by the custodian. The net asset value is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The accounts allow for daily redemptions and contributions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE D - Investment in fully benefit-responsive contract

The Plan contains a benefit-responsive investment contract with TIAA-CREF (TIAA Traditional Benefit Responsive Annuity and TIAA Stable Value). TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. At December 31, 2013 and 2012 fair value approximates the contract value of the Plan's investment.

The contract has no stated maturity date. At December 31, 2013 and 2012 there were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts were \$2,769,532 and \$2,286,083, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The minimum rates during 2013 and 2012 were 1.85% and 1.0%, respectively. Such interest rates are reviewed on a monthly basis for resetting.

The repayment of principal and interest credited to participants holding the investments is a financial obligation of TIAA-CREF. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of TIAA-CREF, the TIAA Traditional Benefit Responsive Annuity or TIAA Stable Value investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with TIAA-CREF and participants holding the investment is not probable.

Average yields for TIAA Traditional Benefit Responsive Annuity:		
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.00%	3.00%

	<u>\$ 4,376,635</u>	<u>\$ 2,177,595</u>

During 2013, \$11,141,025 of the total \$22,165,082, and during 2012, \$6,300,349 of the total \$15,554,252 investments that were certified by TIAA-CREF were certified on behalf of the custodian, JPMorgan Chase Bank, N.A. TIAA-CREF serves as the record-keeper of the Plan as agent for JPMorgan Chase Bank, N.A., the custodian of these investments.

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

NOTE G - Party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration and audit of the Plan are paid by the Association on behalf of the Plan.

The Plan invests in mutual funds, variable annuity contracts, guaranteed interest accounts, fixed annuity contracts, and pooled separate accounts sponsored by the Plan's custodians, as defined by the Plan, and therefore, these investments and all transactions with them qualify as party-in-interest transactions.

NOTE H - Plan termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE I - Tax status

Final regulations under Section 403(b) were published by the Internal Revenue Service (IRS) on July 26, 2007. Under the regulations, a 403(b) plan sponsor by December 31, 2009 must have adopted a written plan intended to satisfy the requirements of Section 403(b) and regulations effective as of January 1, 2009.

The IRS is in the process of establishing pre-approved and individually designed plan programs under which a plan sponsor can obtain assurance that the written form of its plan satisfies Section 403(b). Transition relief will be provided to 403(b) plan sponsors who have made appropriate efforts to comply with the written plan requirement in the final regulations. The plan sponsor adopted a written plan in 2009 which it believes satisfies the written plan requirement. The plan sponsor and its legal counsel also believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator and the Plan's tax counsel have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The open audit periods are 2010 through 2013.

To the Trustee and Pension Plan and Benefits Committee of
Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan
Columbus, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pediatric Academic Association, Inc. 403(b) Tax-Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes C through F which were certified by Ameriprise Financial Services, Inc.; AXA Equitable; Fidelity Management Trust Company; ING Life Insurance and Annuity Company; Teachers Insurance and Annuity Association College Retirement Equities Fund; T. Rowe Price Trust Company; The Variable Annuity Life Insurance Company; and Vanguard Fiduciary Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As described in Note B, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of plan

The following description of the Pediatric Academic Association, Inc. 403(b) Tax-Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1982 by the Pediatric Academic Association, Inc. (the Association) as a tax-sheltered annuity meeting the requirements of Section 403(b) of the Code. The Plan was amended and restated effective January 1, 2009 to incorporate regulatory changes under Section 403(b) of the Code and provisions of the Pension Protection Act of 2006. All employees are eligible to participate in the salary reduction contribution on the first date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the IRS. A participant who is also an active employee may contribute to the Plan, as a rollover contribution, a distribution from another qualified retirement plan. During 2013 and 2012, rollover contributions totaled \$40,199 and \$1,439,639, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of plan earnings. The Plan's earnings are allocated based on the participant account balances as defined.

Vesting and forfeitures

Participants are immediately vested in their contributions plus actual earnings/losses thereon, thus, there would not be any forfeitures in relation to participant deferrals.

Investments

Under the terms of the agreement between the plan custodians and the Plan, the custodians manage the funds on behalf of the Plan. Plan participants may select how their accounts are invested from investments offered by each custodian. Effective October 1, 2012, Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF) became the only custodian approved to hold new participant contributions. Plan contributions made prior to October 1, 2012 were permitted to remain with the custodians previously approved to hold plan assets. See Note C for fair market value of investments.

Payment of benefits

On termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary may receive an annuity distribution or lump-sum amount equal to 100 percent of the participant's account balance. Normal retirement age is 65, with in-service withdrawals allowable at age 59 ½. For termination of service due to other reasons, a participant will receive the value of the vested interest as a lump-sum or an annuity distribution. Benefits are recorded when paid.

Administrative fees

All administrative expenses of maintaining the Plan are paid by the Association.

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are held in various investment vehicles and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. See Note C for discussion of fair value measurements.

In accordance with ASC 962-325, "Fully Benefit – Responsive Investment Contracts", the TIAA Traditional Benefit Responsive Annuity and TIAA Stable Value investment each hold deposit interests in TIAA-CREF which are fixed annuity contracts.

ASC 962-325 requires that investment contracts held by a defined-contribution plan be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles, the fully benefit-responsive investment contract is stated at contract value which approximates fair value.

Excluded contracts and accounts

The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with DOL FAB 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract is fully vested in the contract or account.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

PEDIATRIC ACADEMIC ASSOCIATION, INC.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between January 1, 2014 and October 1, 2014, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

NOTE C - Fair value measurements

ASC 820-10, *Fair Value Measurements and Disclosures* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. ASC 820-10 does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Input to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

PEDIATRIC ACADEMIC ASSOCIATION, INC.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE C - Fair value measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: Valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing except for the Money Market Account holdings which are valued at amortized cost.

Guaranteed interest accounts: Valued at fair market value, using a guaranteed minimum crediting interest rate.

Fixed annuity contracts: Valued at contract value which approximates fair value, using a guaranteed minimum interest rate between 1% and 3%, plus additional interest if declared.

Pooled separate accounts: Valued at net asset values of such accounts which are provided by the custodian. The net asset value is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The accounts allow for daily redemptions and contributions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE D - Investment in fully benefit-responsive contract

The Plan contains a benefit-responsive investment contract with TIAA-CREF (TIAA Traditional Benefit Responsive Annuity and TIAA Stable Value). TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. At December 31, 2013 and 2012 fair value approximates the contract value of the Plan's investment.

The contract has no stated maturity date. At December 31, 2013 and 2012 there were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts were \$2,769,532 and \$2,286,083, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The minimum rates during 2013 and 2012 were 1.85% and 1.0%, respectively. Such interest rates are reviewed on a monthly basis for resetting.

The repayment of principal and interest credited to participants holding the investments is a financial obligation of TIAA-CREF. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of TIAA-CREF, the TIAA Traditional Benefit Responsive Annuity or TIAA Stable Value investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with TIAA-CREF and participants holding the investment is not probable.

TIAA-CREF serves as the record-keeper of the Plan as agent for JPMorgan Chase Bank, N.A., the custodian of these investments.

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

NOTE G - Party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration and audit of the Plan are paid by the Association on behalf of the Plan.

The Plan invests in mutual funds, variable annuity contracts, guaranteed interest accounts, fixed annuity contracts, and pooled separate accounts sponsored by the Plan's custodians, as defined by the Plan, and therefore, these investments and all transactions with them qualify as party-in-interest transactions.

NOTE H - Plan termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

PEDIATRIC ACADEMIC ASSOCIATION, INC.

403(b) TAX-SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE I - Tax status

Final regulations under Section 403(b) were published by the Internal Revenue Service (IRS) on July 26, 2007. Under the regulations, a 403(b) plan sponsor by December 31, 2009 must have adopted a written plan intended to satisfy the requirements of Section 403(b) and regulations effective as of January 1, 2009.

The IRS is in the process of establishing pre-approved and individually designed plan programs under which a plan sponsor can obtain assurance that the written form of its plan satisfies Section 403(b). Transition relief will be provided to 403(b) plan sponsors who have made appropriate efforts to comply with the written plan requirement in the final regulations. The plan sponsor adopted a written plan in 2009 which it believes satisfies the written plan requirement. The plan sponsor and its legal counsel also believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator and the Plan's tax counsel have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The open audit periods are 2010 through 2013.
