Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Participants and Administrator of the
Clark Equipment Company Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Clark Equipment Company Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2012, and the related statement of changes in accumulated plan benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial Methods****Asset Methods**

The asset valuation method is the fair market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of Major Plan Provisions**

Status of the plan	The plan is closed to new entrants hired on or after January 1, 1997 (or February 14, 1997 for Clark-Hurth Components not covered by another plan).

• Pensionable earnings	January 1 base pay.
• Final average earnings	Highest 5 consecutive years of Pensionable Earnings out of the last 10, expressed as a monthly rate.
• Primary Social Security benefit	Estimated age 65 PIA benefit assuming constant future earnings, except assuming attainment of age 65 on disability retirement date.
• Accrued benefit	Greater of (i) and (ii), minus (iii), but not less than the December 31, 1984 pre ESOP accrued benefit: i. FAE times (2.4% times first 15 years of CCS at 65 plus 1.4% times next 10 years of CCS at 65 plus 1.0% times the next 10 years of CCS at 65) reduced by 50% the Social Security Benefit and multiplied by the ratio of CCS at termination to CCS at age 65. ii. CPCS times the greater of \$13 or CPCS times \$5 plus 1% times FAE. iii. Life annuity equivalent of ESOP account balance.
Normal retirement	
• Eligibility	The first day of the month following the later of attainment of age 65 or completion of 5 years of CCS.
• Benefit	Accrued benefit at normal retirement date.
Early retirement	
• Eligibility	The first day of the month following the earlier of completion of 30 years of CPCS or attainment of age 55 and completion of 10 years of CCS.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	<p>Normal retirement benefit reduced 4% per year for commencement prior to age 62, with no reduction on the part (ii) benefit for employees with 30 or more years of CCS.</p> <p>A supplemental benefit is paid at one level before age 62 and another level between ages 62 to 65 if the early retirement benefit is otherwise below a certain amount. The benefit amount varies based on CCS.</p>
Late retirement	
• Eligibility	First of any month after the participant's normal retirement date.
• Benefit	Same as normal retirement considering service and earnings to actual retirement date.
Deferred vested	
• Eligibility	Termination for reasons other than death or retirement after completing 5 years of service.
• Benefit	Normal retirement benefit reduced by 1/15th per year for the first 5 years and by 1/30th per year for the next 5 years that the commencement date precedes age 65.
Disability	
• Eligibility	Employees with at least 10 years of CCS becoming totally and permanently disabled for a period of 6 months or longer prior to January 1, 2004.
• Benefit	<p>Part (ii) of the normal retirement benefit up to age 65 and part (i) after 65, with both benefits based on service and compensation as of disability retirement date.</p> <p>A bridge benefit of \$9.50 for each year of CCS prior to 62 and \$2.25 for each year of CCS from 62 to 65 is also payable for a maximum of 25 years.</p>
Pre-retirement death	
• Eligibility	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse.
• Benefit prior to early retirement	<p>Surviving spouses of deceased married vested participants are eligible to receive a death benefit. If the employee would otherwise have been eligible for early retirement, the benefit paid is the greater of (i), (ii), or (iii) after offsetting the value of LESOP balance:</p> <ol style="list-style-type: none"> i. 57% times \$13 time CPCS. ii. Life annuity equivalent of 2 times participant's pensionable earnings on date of death converted using 8% and UP84 setback 4 years. iii. 60% of the normal retirement benefits assuming immediate commencement under the QJSA option. <p>If not early retirement eligible, the benefit is 60% of the normal retirement benefit payable at the later of death or earliest retirement date.</p>

Schedule SB, Part V — Summary of Plan Provisions

Form of benefits	
• Automatic form for unmarried participants	A single life annuity
• Automatic form for married participants	A 60% joint and survivor annuity
• Optional forms	A 66-2/3% joint and survivor annuity, a 75% contingent annuity, a 5-year certain and continuous annuity, and a 10-year certain and continuous annuity.
• Optional form conversion factors	Optional forms conversion factors are defined in the plan document.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2013, the limit is \$255,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is \$205,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through January 1, 2009, are included in this valuation.

- **Most recent plan amendments included:** The third plan amendment effective January 1, 2013.
- **Plan amendments excluded:** None
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
 - Unpredictable contingent event benefits: This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - Plan amendments: See above.

Schedule SB, Part V — Summary of Plan Provisions

- Prohibited payments: Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
- Benefit accruals: The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum compensation amounts and maximum benefit amounts under IRS rules were updated from 2012 to 2013.

Schedule SB, Line 24 — Change in Actuarial Assumptions

- Interest discounts and mortality rates were updated from 2012 to 2013 in accordance with PPA and to reflect the new rates under the Highway and Transportation Funding Act of 2014.
- The expense component of normal cost increased from \$466,260 to \$491,937 to reflect our expectations for the current plan year.
- The Social Security wage base decreased from 3.75% to 3.25%.
- The assumed rate of inflation, which is used to project future social security cost of living adjustments, was decreased from 3.00% to 2.50%.
- The benefit commencement age for vested deferred participants, form of payment elections, salary increase assumption, retirement decrements, and withdrawal decrements have all been updated as a result of our most recent experience study.

Independent Auditors' Report

To the Participants and Administrator of the
Clark Equipment Company Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Clark Equipment Company Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2012, and the related statement of changes in accumulated plan benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Clark Equipment Company Retirement Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Description of the Plan

The following brief description of the Clark Equipment Company Retirement Plan (the “Plan”) is provided for general information purposes. Participants should refer to the plan document for more complete information.

History

On November 30, 2007, Doosan Infracore International, Inc. (the “Company”) purchased from Ingersoll-Rand plc (“IR”) its Bobcat, Utility Equipment, and Attachment businesses. As defined in the purchase agreement, employees and former employees of these IR businesses became employees and former employees of the Company, and the related pension assets and obligations for these individuals were to be transferred to the Plan.

General

The Plan is a defined benefit noncontributory pension plan generally covering certain retired, terminated and laid-off employees of the Company and its subsidiaries and affiliates entitled to pension benefits under their previous plans that were merged into the Plan. Additionally, the Plan covers certain active employees who previously participated in the Clark Equipment Company Retirement Program for Salaried Employees (the “Salaried Plan”), which merged into the Plan in 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Except for the participants who previously participated in the Salaried Plan, the Plan covers only retired and other former employees of the Company and its subsidiaries. All future benefit accruals provided under the Plan relate to active participants of the Salaried Plan component. If a former employee, who was a participant in the Plan and not covered by the Salaried Plan component, resumes employment with the Company, benefits under the Plan shall be suspended, and any subsequent service with the Company shall be credited to the applicable active pension plan.

Transfers from Other Plans

Certain participants of the Plan are entitled to increased benefits in the Plan in lieu of the benefit they have earned under the Clark Employee Stock Ownership Plan (the “ESOP”), a defined-contribution plan also sponsored by the Company. The terms of this benefit increase dictate that a portion of the eligible participants’ accounts in the ESOP be transferred to the Plan. During 2013 and 2012, \$448,574 and \$0, respectively, were transferred from the ESOP to the Plan.

Pension Benefits

The normal retirement age is 65 with five years of vested service. The monthly pension benefit is based on annual compensation, Social Security benefit, and years of credited service. Variations of this formula apply to employees of specific subsidiaries of the Company. Eligibility for early retirement and surviving spouse benefits vary as defined by the Plan. Employees electing early retirement receive reduced pension benefits based on the commencement of pension payments and the applicable variations. Employees who become totally and permanently disabled are eligible for a disability benefit. Their monthly benefit is equal to the normal retirement benefit accumulated as of the date they become disabled, reduced by any worker’s compensation benefits payable to the employee.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the Clark Equipment Company Pension Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income or loss, less actual distributions and allocated and actual administrative expenses.

The Master Trust records purchases and sales of securities on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's proportionate share of the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Expenses

Substantially all expenses of the Plan, except the Pension Benefit Guaranty Corporation ("PBGC") premiums, are paid by the Master Trust and are allocated to the Plan as a reduction to its interest in the earnings of the Master Trust. PBGC premiums are paid by the Master Trust and are specific to the Plan.

Benefit Payments

Benefit payments are recorded when paid.

Actuarial Matters

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries and beneficiaries of employees who have died. Benefits payable under all circumstances are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits at January 1, 2013 and 2012 was determined by the consulting actuary. The actuarial present value results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Clark Equipment Company Retirement Plan

Notes to Financial Statements

December 31, 2013 and 2012

The significant actuarial assumptions used in the actuarial present value of accumulated plan benefits at January 1, 2013 and 2012 were as follows:

Valuation method	– Projected Unit Credit Method
Life expectancy	– Healthy: RP-2000 Generational with Adjustments Disabled: RP-2000 Disabled with Adjustments
Discount rate	– 5.9%
Expected retirement age for active participants	– Various ages from 55 to 70
Form of benefits	– Various based on actual experience
Salary increase	– 3.75% in 2013, 4.0% in 2012

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated benefits at the date of the financial statements. Actual results could differ from those estimates.

Subsequent Events

In the fall of 2014, a one-time offer will be made to approximately 668 terminated vested Plan participants. The Plan will be amended to allow the lump sum settlement offer. The lump sum offer amounts will be calculated using the formula required by law (using a corporate bond basis) mandated by the Pension Protection Act of 2006. The terminated vested participants will receive an offer package which will include three choices: 1) To cash out their benefit early in the form of a one-time lump sum to be paid in late 2014, 2) to elect an annuity payment which will commence upon their election, and 3) to do nothing and remain as a terminated vested participant with a deferred benefit. No participant will be negatively impacted since it is each participant’s decision regarding whether or not to elect and receive the accelerated benefit.

The Plan has evaluated subsequent events through September 30, 2014, the date the financial statements were available to be issued.

3. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

Clark Equipment Company Retirement Plan

Notes to Financial Statements

December 31, 2013 and 2012

or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2013 and 2012, all of the Plan's investments are held in the Master Trust. The assets in the Master Trust are recorded at fair value.

Following is a description of the valuation methodologies used for the underlying assets in the Master Trust measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Commingled funds: Valued at the current unit value of the fund at the end of the year as determined by the administrator of the fund. The current unit value is the value of the fund assets based on the closing prices on an active market less fund liabilities divided by the number of shares outstanding. The current unit value is a reasonable exit price, but it is not quoted in an active market. These investments are classified as Level 2.

Short-term investment fund: The fund invests in various high quality short-term debt securities, some of which may not have a quoted market price. The fund manager has valued the fund with a \$1 unit price. These investments are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (d) Represents investment in common collective trust funds, whose investment objective is to provide long-term capital appreciation by using a multi-manager, multi-style approach. Through its sub-advisors, the funds are invested in small to mid-sized companies in the U.S. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

The fair values of the funds in the Master Trust shown above reflect the proceeds anticipated should the funds be sold. There are no restrictions on the redemption of the funds, nor are there any unfunded commitments related to these investments.

4. Funding Policy

It is the Company's policy to make annual contributions to the Plan in amounts ranging from the minimum necessary to satisfy the funding requirements of ERISA to the maximum tax deductible contributions allowed by the Internal Revenue Code ("IRC"). In accordance with ERISA, minimum funding requirements have been met for the years presented.

5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations.

Certain benefits under the Plan are insured by the PBGC if the Plan is terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan be terminated will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

6. Investment in Master Trust

At December 31, 2013 and 2012, the assets of three of the Company's separate defined benefit pension plans are included in the Master Trust, for which the trustee is JPMorgan Chase Bank N.A. (the "Trustee"). The Trustee maintains separate accounting of all contributions, benefit payments and expenses and allocates income received by the Master Trust on the basis of the adjusted value of each plan at year end. Each pension plan has an undivided interest in the assets of the Master Trust. At December 31, 2013 and 2012, the Plan's interest in the Master Trust was approximately 70.45% and 73.89%, respectively.

The following investments and receivables and the net appreciation in fair value of investments, interest, and dividend income of the Master Trust are certified by the Trustee to be complete and accurate. The Trustee has also certified the Plan's proportionate share of such items to be complete and accurate.

Assets held by the Master Trust as of December 31 were as follows:

	2013	2012
Investments, at fair value		
Commingled funds	\$303,405,424	\$ 308,998,131
Short term investment fund	3,810,374	3,260,601

Net assets available for benefits	<u>\$307,228,526</u>	<u>\$ 312,289,921</u>

Net investment income for the Master Trust for the years ended December 31 was as follows:

	2013	2012
Investment income:		
Net appreciation in fair value of investments		
Commingled funds	<u>\$ 11,356,114</u>	<u>\$ 32,110,115</u>
Total investment income	<u>\$ 11,356,114</u>	<u>\$ 32,110,115</u>

The Master Trust's financial statements are prepared on the modified cash basis of accounting while the Plan's financial statements are prepared on the accrual basis of accounting.

7. Party-in-interest Transactions

Through the Master Trust, certain investments are managed by JPMorgan Chase Bank N.A. JPMorgan Chase Bank N.A. is the trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions, but are not deemed prohibited transactions. Through the Master Trust certain investments are managed by Mercer Global Investments, Inc. ("MGI"). MGI is related to the Plan's actuary, Mercer, by common ownership, therefore these transactions are party-in-interest transactions but are not deemed prohibited transactions.

8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 31, 2012, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
