1. DESCRIPTION OF PLAN

The following description of the Lee Container Corporation, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of the sponsor, Lee Container Corporation, Inc. who have completed one year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees become eligible to participate in the Plan on the first day of the month following completion of a year of service, provided that they have attained age 21. For purposes of determining eligibility, the Plan specifically excludes employees covered under a collective bargaining agreement.

Contributions

Participants can elect to contribute up to 25 percent of annual compensation on a pre-tax basis. The Company matches Participants' deferrals made up to 10% of compensation on a discretionary basis determined by the Company on an annual basis. For the 2013 Plan year, the Company elected to match 50% of Participant deferrals up to 10% of compensation. The Company also made an additional discretionary profit sharing contribution of 25% on employee deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer's matching contribution and allocations of Plan earnings and any discretionary contributions made by the employers. Each participant's account may also be charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are vested 100 percent in their contributions and subsequent investment growth. Employer non-elective contributions and matching contributions are subject to the following vesting schedule:

Years of Service at Termination	Percentage of Account Balance Vested
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six or more	100%

In addition, the Plan provides for immediate vesting of the Participant's account in the event of death, disability or attainment of normal retirement age.

Benefit Payments

Upon termination of employment, death, disability or retirement, a Participant becomes eligible to receive the vested portion of his account balance in accordance with the provisions of the Plan. In addition, participants may receive a distribution while still employed in the event of a hardship, as defined in the Plan.

Forfeitures

Forfeitures arise when participants terminate employment before becoming entitled to receive their full Plan benefits. Forfeitures will be used to reduce the Company's contributions to the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan in preparing the financial statements.

General

John Hancock Retirement Plan Services, as custodian, and Donald Lee, as trustee, have responsibility for administration of the Plan's Trust Fund and management of the assets of the Trust Fund.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Quoted market prices are used to value investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Forfeited Accounts

The Plan provides that forfeitures will be used to reduce the Company's matching and discretionary contributions during the Plan year following the Plan year in which they occur.

Operating Expenses

All expenses of maintaining the Plan are paid by the employer, Lee Container Corporation, Inc.

Subsequent Events

Subsequent events have been evaluated through September 19, 2014, the date the audit report and financial statements were available to be issued.

3. INVESTMENTS

The following investments represented 5 percent or more of net assets available for plan benefits on each December 31:

	December 31, 2013		
	Crediting interest rate	Maturity date	Contract value
Insurance company investment funds, at contract value:			
Pooled Seperate Accounts	N/A	N/A	$ 6,240,320
Unallocated Contracts	N/A	N/A	$ 3,560

	December 31, 2012		
	Crediting interest rate	Maturity date	Contract value
Insurance company investment funds, at contract value:			
Pooled Seperate Accounts	N/A	N/A	$ 5,021,657
Unallocated Contracts	N/A	N/A	$ 9,499

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures* provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be ovservable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the plan at year end.

4. FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Fair Value Measurements at December, 31 2013			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Self-directed investment account:				
Pooled separate accounts	$ -	$ 6,240,320	$ -	$ 6,240,320
Unallocated contracts	-	3,560	-	3,560
Total	$ -	$ 6,243,880	$ -	$ 6,243,880

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Fair Value Measurements at December, 31 2012			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Self-directed investment account:				
Pooled separate accounts	$ -	$ 5,012,158	$ -	$ 5,012,158
Unallocated contracts	-	9,499	-	9,499
Total	$ -	$ 5,021,657	$ -	$ 5,021,657

5. INCOME TAX STATUS

The Plan obtained its latest determination letter dated October 29, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2010.

6. PLAN TERMINATION

Lee Container Corporation, Inc. expects the Plan to be continued indefinitely; however, Lee Container Corporation, Inc. has the right to terminate the Plan at any time. Upon termination, participants would become fully vested.

7. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Retirement Services, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules:
