To the Plan Administrator and trustees
Benchmark Group 401(k) Plan
Amherst, New York

We have conducted a DOL limited-scope audit of the financial statements of Benchmark Group 401(k) Plan for the year ended December 31, 2013, and have issued our report thereon dated October 2, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent for the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 9, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate made by management affecting the financial statements was the fair value of investments. We evaluated the key factors and assumptions used to develop the amount of these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of investments in Notes 3 and 4 to the financial statements is significant due to the overall materiality of the investments balance within the financial statements. The investments balance represents the assets of those employees who are participating in the Plan.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements identified.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 2, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. We noted the following during audit procedures:

<u>Participant Contributions:</u>
During our audit testing of participant deferrals, we noted that two Site B participants had excess deferrals due to manual payroll changes that were deemed to be errors. As outlined in Rev. Proc. 2013-12, the Internal Revenue Service requires the Plan to distribute the excess amounts related to employee deferrals to the affected participants plus earnings. Additionally, the employer match contributions that were also overfunded are considered excess employer contributions and should be transferred to a forfeiture account, plus earnings. We recommend that the Plan distribute the excess amounts related to participant deferrals to the affected participants, and for the employer to transfer the two amounts related to the overfunding of employer match from the participants' accounts to the Plan's forfeiture account.

Additionally, during our audit testing of participant deferrals, we noted one Site B participant that was underfunded due to an erroneous manual payroll change. As outlined in Appendix B of Rev. Proc. 2013-12, the Internal Revenue Service requires employers to make corrective contributions called Qualified Non-Elective Contributions ("QNEC") which represents the missed or lost opportunity cost to the improperly excluded participant deferrals. The QNEC is equal to 50% of the excluded deferrals plus 100% of the missed employer matching contribution plus a calculation for lost earnings. In order to avoid the potential of the Plan losing their tax exempt status, we recommend the Plan Sponsor recalculate participant deferrals and corresponding employer match contributions for all Site B participants and make the necessary corrections based on the instructions in the

previous paragraphs. The corrections are necessary in order to prevent future operational plan failure and eventual loss of tax exempt status due to Site B participants being both over and underfunded.

Manual Payroll Corrections:
During our audit procedures, it was noted for multiple Site B participants that manual corrections were being made to payroll which resulted in variances between weekly payroll registers and the amount remitted to the trustee, leading to errors in calculating participant deferrals and employer match contributions. We recommend that management work with the payroll provider to determine a solution so that accurate payroll reports are provided to the Plan trustee. Additionally, we recommend that management implement a control process in which each weekly payroll register is reconciled to the amount remitted to the trustee.

Forfeiture Account:
During our audit procedures, it was noted that the forfeiture accounts continues to hold accumulated amounts from prior years. Forfeitures must be used or allocated in the plan year incurred. The Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. Internal Revenue Service Revenue Ruling 80-155 states that a defined contribution plan will not be qualified unless all funds are allocated to participants' accounts. To comply with this Ruling, for those plans that use forfeitures to reduce plan expenses or employer contributions, there should be plan language and administrative procedures to ensure that current year forfeitures will be used promptly in the year in which they occurred or in appropriate situations no later than the immediately succeeding plan year.

Generally, this can be corrected by reallocating all forfeitures in the plan's forfeiture suspense account to all plan participants who should have received them had the forfeitures been allocated in a timely manner. We recommend the Plan Sponsor correct this by using the Employee Plans Compliance Resolution System as outlined in Revenue Procedure 2008-50.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Administrator, management and trustees of the Benchmark Group 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Benchmark Group 401(k) Plan
Amherst, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Benchmark Group 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Ascensus, Inc., the recordkeeper of the Plan as agent for Frontier Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the agent on behalf of the trustee, as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the agent for the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following is a brief description of the Benchmark Group 401(k) Plan (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is funded by employee and employer contributions and covers all employees of Benchmark Management Corporation and affiliated entities (the "Company") who have attained 18 years of age. The Plan's service requirement requires that employees achieve at least six months of service in order to participate. Employees covered by a collective bargaining agreement, nonresident aliens, and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to defer a specified percentage of compensation as well as make Roth contributions to the Plan, not to exceed 100% of pretax annual compensation, or IRC limitations. The Company matches 50% of the first 6% of the employee's elective deferral. In addition, the Company may make discretionary contributions to the Plan. Contributions are subject to certain limitations. No discretionary contributions were made for the year ended December 31, 2013.

Vesting – Participants are immediately vested in their voluntary contributions and earnings thereon. Employer matching and discretionary contributions and earnings thereon fully vest after three years of service. Regardless of years of service, participants are fully vested upon death or disability.

Notes Receivable from Participants – Participants may borrow from their accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years or up to thirty years for the purchase of a primary residence and are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates. Principal and interest are paid ratably through regular payroll deductions. At December 31, 2013, interest rates ranged from 4.25% to 9.25%, maturing through August 2020.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the employers' contributions and Plan earnings. Plan earnings are allocated to the participants' accounts based on the performance of the participants' investment selections.

Forfeitures – Participants not fully vested in employers' contributions upon separation from the Company, as defined in the Plan document, forfeit their non-vested balances. Forfeitures are allocated to offset the employers' matching contributions. During the year ended December 31, 2013, $12,662 of forfeitures was utilized to offset employer matching contributions. Forfeitures available to offset future employer matching contributions amounted to $14,387 and $26,365 as of December 31, 2013 and 2012, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall become 100% vested in their accounts at the date of such termination.

1. PLAN DESCRIPTION (continued)

Payment of Benefits – Employees are eligible for retirement at age 65. Benefits are determined by the final value of the participant's account at the time of payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and after the age of 59 1/2.

Participants may receive their accumulated benefits upon termination of employment or elect to keep their account in the Plan until the earlier of normal retirement age, death or disability if their account balance exceeds $5,000. If the participant elects to keep their account in the Plan, the account will continue to receive its respective allocation of plan earnings and expenses.

Administrative Expenses – Administrative expenses are primarily paid by the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within generally accepted accounting principles. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred, followed by Level 2, and Level 3 are to be used only where neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2013 and 2012:

Mutual funds: Valued based on quoted market prices, which represent the net asset values of the shares held by the Plan.

Common collective trusts: Are fully benefit-responsive; fair value of the fund is based on the net asset values of the shares held by the Plan at year-end with an adjustment to contract value. Contract value represents contributions made under the contract, adjusted for dividend earnings, transfers, loan activity, and distributions. The Plan's investment in these fully benefit-responsive investment funds yielded an investment gain of 0.79% for the year ended December 31, 2013.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recognized on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Plan Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events – Management has evaluated the effects of all subsequent events through October 2, 2014, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

Reclassifications – Certain reclassifications have been made to the 2012 financial statements to conform with the 2013 presentation.

3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets available for benefits are as follows at December 31:

	2013	2012
Invesco Stable Value Retirement Fund Class 5, at contract value	$ 1,667,850	$ 1,494,688
BlackRock S&P 500 Stock Institutional Fund	1,643,525	1,273,241

Oppenheimer Global Opportunities Fund A	741,208	435,036*
Invesco Comstock Fund A	595,563	473,080

* Indicates investments that did not meet the 5% threshold for the year, but are shown for comparative purposes.

3. INVESTMENTS (continued)

During the year ended December 31, 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,838,727.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. For additional information on how the Plan measures fair value, refer to Note 2 – Summary of Accounting Policies. The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31:

	2013	2012
Level 1:		
Mutual funds:		
Large cap funds	$ 4,276,741	$ 3,181,272
International funds	1,475,899	1,084,720

5. SUMMARY OF TRUSTEE INFORMATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013 included in the Plan's financial statements and supplemental schedule. The information was prepared by Ascensus, Inc. the recordkeeper of the Plan, as agent for Frontier Trust Company, the trustee of the Plan, and furnished to the Plan Sponsor. The agent for the trustee has certified that the following information is complete and accurate:

a. Current value of assets held by trustee at December 31:

	2013	2012
Cash and cash equivalents	$ -	$ 32,435
Mutual funds	9,436,421	7,247,051
Common collective trusts, contract value	2,038,179	1,647,320
Notes receivable from participants	387,283	415,210

5. SUMMARY OF TRUSTEE INFORMATION (continued)

b. Additions to net assets available for plan benefits for the year ended December 31, 2013:

Net appreciation of investments	$ 1,838,727
Interest and dividends	115,067
Interest on notes receivable from participants	18,374

c. Schedule of Assets (Held at End of Year) See supplemental schedule - page 10

6. INCOME TAX STATUS

The Plan is using a prototype plan developed by Ascensus Inc., which received a favorable determination letter from the Internal Revenue Service stating the Plan is qualified under applicable sections of the IRC, and; therefore, the related trust's net investment income is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust's net investment income is tax exempt.
