1. DESCRIPTION OF PLAN

The following description of the Cumming Corporation 401(k) Plan-II (the "Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are over age 20½ and employed by Cumming Construction Management, Inc., Construction Controls Group, Inc. and Southern Management Group, Inc. (collectively referred to as the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the trustee of the Plan.

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan's agreement and subject to certain limitations. Participants may also elect to have between 0% and 100% of employer bonuses deferred. At the participant's irrevocable designation, contributions may be deemed after tax or pretax contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Investment Options

Upon enrollment in the Plan, participants direct their contributions into various investment options offered by the Plan. Participants may change their investment options or transfer funds at any time based upon policies established by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan's agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their elective deferral contributions into various investment options offered by the Plan and may change their investment options on a daily basis.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions plus actual earnings thereon is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
< 2	0%
2	67%
3 +	100%

1. DESCRIPTION OF PLAN (continued)

Participant Accounts (continued)

Effective March 20, 2009, Construction Controls Group, Inc. 401(k) Retirement Savings Plan ("CCG Plan") was merged into the Plan. Effective August 2, 2010, Southern Management Group, Inc. 401(k) Plan ("SMG Plan") was merged into the Plan. The CCG Plan's and SMG Plan's sponsor is a related party under common control of the Company.

Participants of the former CCG Plan vest in their prior employer matching contributions plus actual earnings thereon according to the following schedule:

Years of Service	Vesting Percentage
0 - 1	0%
1	33%
2	66%
3 +	100%

Participants of the former SMG Plan vest in their prior employer matching contributions plus actual earnings thereon according to the following:

Years of Service	Vesting Percentage
< 3	0%
3 +	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount of 50% of their vested account balance subject to certain Department of Labor and Internal Revenue Service requirements. The notes are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service a participant may elect to have the value of his or her vested interest disbursed through a lump-sum distribution or transferred to another qualified plan. If the vested value of the participant's account is less than $1,000, the Plan's administrator will direct the Trustee to distribute it to the participant as a lump sum distribution without his/her consent.

1. DESCRIPTION OF PLAN (continued)

Forfeitures

Participant forfeitures of employer contributions are used to first pay administrative expenses under the Plan's agreement. After administrative expenses that forfeitures are not used to reduce administrative expenses under the Plan, forfeitures may be used to reduce employer contributions. For the year ended December 31, 2013, no forfeitures were used to reduce employer contributions.

Administrative and Investment Expenses

Loan origination fees associated with notes receivable from participants and other service fees charged to participant balances are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment income reported by the Plan (Note 6). All other expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan's agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their employer contributions and earnings thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes realized investment gains and losses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' vested account balances. Notes receivable from participants bear interest ranging from 5.5% to 8.25% at December 31, 2013.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Risks and Uncertainties

The Plan holds various investment securities, which are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and such changes could materially affect participants' account balances.

3. UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments at fair value and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan's administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by the independent accountants.

4. INVESTMENTS

The following information, which was derived from investment information certified by the Fidelity Management Trust Company, presents investments that represent five percent or more of the Plan's net assets available for benefits as of the beginning of the year for the years ended December 31, 2013 and 2012.

	2013	2012
Fidelity Retire Money Market Fund	$ *	$ 1,192,431
Fidelity Freedom 2035 Fund	1,119,187	861,991
Fidelity Freedom 2020 Fund	1,077,349	823,196
Fidelity Growth Company Fund	884,135	*
Mid CL 1	1,056,991	*
Fidelity Total Bond Fund	*	715,637
Fidelity Freedom 2030 Fund	711,550	592,062

* *Investment was less than 5% of net assets available for benefits at applicable year-end*

During 2013, the Plan's mutual fund investments (including realized gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,674,236.

5. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities and gives the lowest priority to unobservable inputs. The three levels within this fair value hierarchy are defined as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

5. FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Mutual Funds

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

As of December 31, 2013 and 2012, the Plan did not hold any Level 2 or 3 investments. There have been no changes in the methodologies used to measure fair value at December 31, 2013 and 2012.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds (continued)

All investments were measured at fair value on a recurring basis using quoted prices in active markets for identical assets as of December 31, 2013 and 2012 and were considered Level 1 in the fair value hierarchy.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds mutual fund investments managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees to Fidelity Management Trust

6. PARTY-IN-INTEREST TRANSACTIONS (continued)

Company qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest for investment management and administrative services qualify as permitted party-in-interest transactions. Notes receivable from participants held by the Plan are also considered permitted party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, the Plan's management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

8. SUBSEQUENT EVENT

The Plan's management has evaluated subsequent events for recognition and disclosure through August 20, 2014, which is the date the financial statements were available to be issued.
