NOTE 1 - DESCRIPTION OF THE PLAN

The following is a description of the Sotheby's, Inc. Retirement Savings Plan (the "Plan") and is provided for general information purposes only. Participants should refer to the Plan Document, as amended and restated effective January 1, 2012, as amended, and to the Summary Plan Description, both as amended from time to time, for more complete information.

General

The Plan is a defined contribution plan established December 1, 1985 sponsored by Sotheby's, Inc. (the "Company" or "Plan Sponsor"). The Retirement Savings Administrative Committee of the Company (the "Committee") controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company ("Trustee" or "Vanguard") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to comply with ERISA section 404(c).

Eligibility

Salaried employees of the Company, or another domestic subsidiary of Sotheby's who have reached age 21 and who have completed three months of consecutive service are eligible to participate in the Plan on the first day of the month coincident with or following three months of consecutive service. Union employees are eligible to participate in the Plan only if their respective collective bargaining agreement expressly provides for their participation in the Plan.

Contributions

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the option of contributing an amount between 2% and 6% of their eligible compensation, as defined in the Plan document, to the Plan on a Before-Tax basis (the "Basic Contribution"). Each participant who has designated a 6% Basic Contribution percentage may make supplemental pre-tax contributions not greater than 14% (the "Supplemental Contribution"), for a total contribution of up to 20% of their eligible compensation. After-Tax Contributions have not been permitted since May 1, 1996.

Prior to May 1, 2009, the Company made matching contributions equal to the participant's Basic Contribution ("Employer Matching Contribution"). Effective May 1, 2009, the Company amended the Plan, whereby the Employer Matching Contribution is 50% of the Basic Contribution.

Effective January 1, 2005, the Company added a provision to make an annual discretionary profit sharing contribution, based on the Company's financial performance (the "Employer Profit Sharing Contribution"). The Employer Profit Sharing Contribution is allocated to the accounts of those Participants who are actively employed and eligible to participate in the Plan on the last day of the Plan year for which the Employer Profit Sharing Contribution is made and is based on eligible compensation. A Participant who is actively employed but not eligible to participate in the Plan on the last day of the Plan year because he has been transferred to a non-domestic affiliate during the Plan year is credited with an Employer Profit Sharing Contribution with respect to his compensation earned for the portion of the Plan year in which he was eligible to participate in the Plan. For the Plan year ended December 31, 2013, the Company made an Employer Profit Sharing Contribution of $1,229,119, which was equal to 2% of eligible wages.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Effective January 1, 2006, newly hired employees who have reached age 21 and who have completed three months of consecutive service are automatically enrolled in the Plan. Such employees are deemed to have elected to make Basic Contributions to the Plan in an amount equal to 3% of the employee's eligible compensation subject to Plan limitations. Beginning April 1, 2011, participants who are automatically enrolled in the Plan and have been enrolled in the Plan for 12 months are subject to an automatic 1% annual increase in their Basic Contribution percentage, each April. The automatic increase feature will cease once the participant's Basic Contribution percentage reaches 6%. Additionally, on April 1, 2011, on a one-time only basis, any participants who, as of February 11, 2011, were not making Basic Contributions to the Plan were automatically enrolled in the Plan at a Basic Contribution rate of 3% and subject to the annual increases noted above. Further, on April 1, 2011, on a one-time only basis, any participants who, as of February 11, 2011, were making Basic Contributions between 2% and 5% became subject to the annual increases noted above. The above provisions do not apply to participants who have opted out, made a previous voluntary automatic increase election or were suspended from contributing due to a hardship withdrawal. Participants may opt out of any of the above features or select different deferral rates at any time, subject to Plan procedures.

Participants who have participated in a qualified plan other than this Plan are permitted to make a rollover contribution to a Rollover Contribution account in the Plan of an amount received by the participant that is attributable to participation in such other qualified plan. Such rollover contributions must comply with certain provisions of the Internal Revenue Code ("IRC").

Participants may not invest their Basic, Supplemental or Rollover Contributions in the Company common stock fund (the "Sotheby's Stock Fund"); only Employer Matching Contributions, Employer Profit Sharing Contributions, and Sotheby's Pension Transfer Accounts are eligible for investment in the Sotheby's Stock Fund. Effective January 1, 2006, no more than 35% of a participant's total account balance may be invested in the Sotheby's Stock Fund at any time, and a participant is not permitted to direct the investment of more than 15% of his future Employer Matching Contribution and future Employer Profit Sharing Contribution into the Sotheby's Stock Fund. Participants subject to Section 16(b) of the Securities and Exchange Act of 1934 are not permitted to invest in the Sotheby's Stock Fund at any time.

Participant contributions are subject to certain Internal Revenue Service ("IRS") limitations. The aggregate total of participant and employer contributions in 2013 is limited to the lesser of: (a) 100% of a participant's total eligible annual compensation or (b) $51,000. In addition, there are other limitations set forth in the IRC which the Plan must satisfy. In the event that these requirements are not met, participant contributions exceeding such limitations will be returned to the participant. All contributions are made on a semi-monthly basis, except for the annual discretionary Employer Profit Sharing Contribution, which is made in February of the year following any Plan Year for which there is an Employer Profit Sharing Contribution.

Effective January 1, 2002, employees who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions (the "Catch-up Contribution"). Catch-up Contributions in the amount of $5,500 were permitted for 2013.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each account is credited with participant and employer contributions, as well as the participant's share of investment earnings. Each participant's individual account is charged with withdrawals from the account, the participant's share of investment losses, an allocation of administrative expenses based on participant earnings, and for participants with loans, loan administrative expenses. Fees for accounts of terminated participants or for participants who partake in the Managed Account Program, which is a participant advisory program, are allocated as a reduction to their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Investments

As of December 31, 2013, the Plan offered a variety of mutual funds, one collective trust fund (the "Retirement Savings Trust") and the Sotheby's Stock Fund as investment options for participants. Investment elections in the Sotheby's Stock Fund are limited as described above.

Vesting

Participant contributions plus actual earnings thereon vest immediately. For employees hired on or after January 1, 2005, employer contributions vest 40 percent after completion of two full years of vesting service and 20 percent per year in each of the subsequent three years and are 100% vested after five years of continuous service. All contributions automatically fully vest if the participant dies while employed by the Company or while on military leave, or if the participant becomes totally and permanently disabled or reaches Normal Retirement Age while still employed.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions pursuant to the Plan document. Accordingly, for the year ended December 31, 2013, employer contributions were reduced by $182,405 from previously forfeited nonvested accounts. At December 31, 2013 and 2012, there were $114,261 and $143,627 in forfeited nonvested accounts available to offset future Company contributions to the Plan.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum of the lesser of: (a) $50,000 or (b) 50% of the participant's vested account balance. All such loans from the Plan must be repaid within five years, except that a loan to acquire a principal residence may be repaid over 15 years. Upon a participant's termination of employment or death, the total amount of any outstanding loans is deducted from the participant's account prior to any distribution of benefits. Loans are secured by the balance in the participant's account and bear interest at a rate of 2% over the Prime lending rate as reported by Reuters. Principal and interest on outstanding loans are repaid through payroll deductions.

Payment of Benefits

In general, participant and employer contributions and earnings must remain in the Plan until attainment of age 59½, retirement, disability, death or termination of employment. Benefits are paid to participants as follows:

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

In-Service Withdrawals

A participant may receive in-service withdrawals in the order of and according to the rules provided below:

a) **After-Tax and Rollover Contributions**. A participant is permitted to withdraw one time during a six month period for any reason all or any portion of the total amount credited to his After-Tax Contribution account or Rollover Contribution account. After-Tax Contributions must be withdrawn first, then Rollover Contributions.

b) **Employer Matching Contributions**. Next, a participant may withdraw (1) the vested amount of his Employer Matching Contribution account which has been in the Plan for at least twenty four months; or (2) the total amount of his Employer Matching Contribution account if the participant has completed five years of service.

c) **Employer Profit Sharing Contributions and amounts transferred from a prior Sotheby's pension plan ("Sotheby's Pension Transfer account")**.

i. Employer Profit Sharing Contributions. A Participant who is age 50 or older can withdraw (a) all or any portion of his vested Employer Profit Sharing Contribution Account which has been in the Plan for at least twenty-four (24) months; or (b) all or any portion of his vested Employer Profit Sharing Contribution Account if the Participant has completed five (5) Years of Service.

A Participant who is age 59 ½ or older can withdraw all or any portion of his vested Employer Profit Sharing Contribution Account at any time.

ii. Sotheby's Pension Transfer Account. A Participant may withdraw all or any portion of his Sotheby's Pension Transfer Account only after the Participant attains age 59 ½.

d) **Before-Tax Contributions**. A participant may withdraw Before-Tax Contributions if he is at least age 59 ½ only after he has withdrawn other available funds under paragraphs (a), (b) and (c) above.

e) **Early Reservist Distributions**. A participant who is ordered or called to active duty after September 11, 2001 may receive a distribution of his Basic and Supplemental Contribution accounts on or after the date of the order or call to active duty.

Hardship Withdrawals

A participant may take a hardship withdrawal from his Before-Tax, After-Tax and Rollover accounts, as well as from his Employer Matching and Profit Sharing accounts if he is 100% vested in those accounts. In order to receive a hardship withdrawal, a participant must satisfy the financial need requirements provided in the Plan and his pre-tax contributions will be suspended for 6 months from the date of the withdrawal.

Participant Retires or Becomes Disabled

A participant is entitled to receive all amounts credited to his accounts under the Plan if he becomes totally and permanently disabled while employed, or if the participant's employment is terminated on or after Normal Retirement Age.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Terminates Employment

A participant is entitled to receive his vested account balances in any one of the payment options outlined in the Plan document upon termination of employment. In the event that a participant has a Sotheby's Pension Transfer account, such payments may be required to be distributed in the form of a Qualified Joint and Survivor Annuity pursuant to IRC regulations.

Participant Dies While Employed

If a participant dies while employed, the participant's designated beneficiary is entitled to receive all undistributed amounts credited to the participant's account under the Plan (net of outstanding loan balances). This is generally distributed in a lump sum payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties

The Plan holds various investment instruments, including mutual funds, a collective trust fund and the Sotheby's Stock Fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Security transactions are recorded on a trade-date basis. Gains or losses from the sale of investments are determined on the average cost basis. Realized and unrealized gains and losses on investments bought and sold as well as held during the year are included in net appreciation in fair value of investments in the accompanying statement of changes in assets available for benefits. Interest income is recorded on an accrual basis. Dividends are recognized on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the Plan funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of income from the Plan and are considered party-in-interest transactions.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by participant account balances.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2013 and 2012.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided in the Plan document. For the year ended December 31, 2013, the Company paid all administrative expenses except loan administrative expenses, fees for terminated participant accounts and fees deducted from the income of the Plan. Loan administrative expenses are allocated to the borrower's account, as provided in the Summary Plan Description. Fees for accounts of terminated participants or for participants who partake in the Managed Account Program, an optional participant advisory program, are allocated as a reduction to their accounts.

Fully Benefit-Responsive Investment Contracts

While Plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in a fully benefit-responsive contract through its investment in the Retirement Savings Trust.

Valuation of Other Financial Instruments

Fair value of employee and employer contribution receivables approximates carrying value, as the receivables are short term, fully collectible receivables.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by a hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value, whenever possible. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1

Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2

Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3

Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds

The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Company common stock fund

The fair value of Sotheby's common stock held in the Sotheby's Stock Fund is determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

Collective trust fund

The fair value of participation units held in the Retirement Savings Trust, are based on their net asset values, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The collective trust fund seeks to provide a relatively predicable return from current income, with no change in principal value. The collective trust fund invests solely in the Vanguard Retirement Savings Trust Master Trust (the "Master Trust").

The underlying investments of the Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The Plan earned interest and dividend income on investments of $4,134,408 for the year ended December 31, 2013.

NOTE 5 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated May 30, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds managed by Vanguard Group and a collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is a wholly owned subsidiary of Vanguard Group, Inc. Vanguard Fiduciary Trust Company is the trustee as designated by the Plan, and therefore, these investments and investment transactions qualify as party-in-interest transactions. As of December 31, 2013 and 2012, the fair value of these mutual funds and collective trust fund amounted to $141,692,493 and $117,112,384, respectively. Notes receivable from participants are also considered party-in-interest transactions and totaled $1,097,206 and $1,154,979 as of December 31, 2013 and 2012, respectively. Fees paid by the Plan for various administrative services totaled $49,361 for the year ended December 31, 2013.

At December 31, 2013 and 2012, the Plan held 33,123 and 31,531 shares, respectively, of common stock of Sotheby's. For the year ended December 31, 2013, the Plan recorded dividend income of $6,566 as a result of its holdings of shares of common stock of Sotheby's.

Additionally, certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

NOTE 7 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.
