(1) Plan Description

General

Leighton Group, Inc. (the “Company”), established and adopted the Leighton Group, Inc. 401(K) Savings and Investment Plan (the “Plan”) effective August 1, 1983. The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). On October 12, 2011, the Plan was amended to adopt required legislative changes.

The following brief description of the Plan is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Contributions

Participants who are full-time employees of the Company, and are 21 years of age or older, may elect to have the Company contribute on their behalf to the Plan a portion of their compensation for the Plan year. Such salary reduction contributions (“elective deferrals”) on a pre-tax basis shall not exceed 20% of each participant’s annual base salary to a maximum of \$17,500 in 2013 and \$17,000 in 2012. Participants who are 50 years of age or older could elect to contribute an additional \$5,500 in 2013 and 2012. Additionally, participants may elect to transfer funds into the Plan from other qualified retirement plans.

The Company may make discretionary matching contributions to the Plan, which are allocated to participants based on their elective deferrals. No matching contributions were made to the Plan in 2013 or 2012.

The Company may also make profit sharing contributions at the discretion of the Company’s board of directors. No such profit sharing contributions were made to the Plan in 2013 or 2012.

Participants' Accounts

Each participant's account is credited with their contributions (elective, matching and profit sharing) and for investment earnings. Each participant's account is charged with the amounts they withdraw from the Plan and for their share of investment expenses and losses. Accounts are credited and charged daily for transactions and participants receive reports on their accounts each calendar quarter.

Investments

Each participant has the option to direct investment of the funds in their account into one or more of the investment funds administered by Great-West Trust Company, LLC, the "Trustee". During 2013, participants could elect to invest their account balances among the following mutual fund investments designated by the Company:

Mutual Fund Stock Investments - The primary objective of these funds is to produce long-term capital appreciation through investments in the common stocks of domestic or foreign companies. These funds include Blackrock Flexible Equity Fund; Fidelity Advisor Equity Growth Fund; Great-West S&P 500 Index Fund; Loomis Sayles Mid-Cap Growth Fund; Oakmark Select II Fund; Oppenheimer International Growth Fund; and Oppenheimer Main Street Small & Mid-Cap Fund.

Mutual Fund Blended Investments – The primary investment objective of this group of mutual funds is to obtain a mixture of current income and capital appreciation consistent with the retirement planning of investors. Each fund accomplishes this objective by using an allocation strategy to invest in a combination of equity, fixed-income and money market funds. These funds include American Century Income & Growth Fund; American Century Strategic Allocation Conservative Fund; American Century Strategic Allocation Aggressive Fund; American Century Strategic Allocation Moderate Fund; Great-West Lifetime 2015 Fund; Great-West Lifetime 2025 Fund; Great-West Lifetime 2035 Fund; Great-West Lifetime 2045 Fund; Great-West Lifetime 2055 Fund; and Janus Balanced Fund.

Mutual Fund Bond Investments – The primary investment objectives of these funds are preservation of capital and maximum total return by investing mainly in fixed-income securities of varying maturities, issued by various U.S. and non-U.S. public- or private-sector entities. These funds include Nationwide

Bond Index Fund; Oppenheimer Global Strategic Income Fund; and American Funds Money Market Fund.

Vesting

Participants are immediately vested in their elective deferral and matching contributions plus actual earnings thereon.

Administrative Expenses

Most expenses related to the administration and record keeping of the Plan are paid for by the Plan from Plan assets. The Company is not obligated to pay expenses on behalf of the Plan, but may, at its discretion choose to do so.

Termination of the Plan

The Company has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits for each year presented. The financial statements are prepared in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Valuation of Investments

The Plan investments are stated at fair value, in accordance with generally accepted accounting principles.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Federal Income Taxes

The Plan qualifies under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan adopted the Great-West Trust Company, LLC prototype non-standardized plan agreement. This prototype agreement was issued a determination letter by the IRS effective March 31, 2008 confirming that the Plan qualifies under Section 401(a) of the Code.

The Plan's management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, management believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2013 under Sections 401(a) and 401(k) of the Code and is exempt from taxation under provisions of Section 501(a). Accordingly, no provision is made for Federal income tax in the financial statements.

Cash Equivalents

The Plan considers short-term highly liquid investments to be cash equivalents. There were no cash equivalents at December 31, 2013.

Payment of Benefits

Benefits are recorded when paid for financial statement purposes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities

LEIGHTON GROUP, INC.
401(K) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

(3) Administration of the Plan

The trustee of the Plan is Great-West Trust Company, LLC. Record keeping services are provided by Great-West Life & Annuity Insurance Company, an affiliate of the trustee, under an agreement with the Plan.

(4) Investments

The Plan's investments are participant directed and have been certified by the Plan's trustee. Investments held at December 31, 2013 and 2012 are summarized as follows:

	<u>2013</u>	<u>2012</u>

(5) Fair Value Measurements

Applicable accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

December 31, 2013 and 2012

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Notes to Financial Statements
December 31, 2013 and 2012

(6) Participant Loans

A participant employed by the Company may borrow from the Plan the lesser of \$50,000 or 50% of the value of their vested account balance. Loans are repaid in installments not to exceed 60 months and bear interest at fixed interest rates set by the trustee (loans bear interest at rates ranging from 4.25% to 5.75% in 2013).

During 2013, loans in the aggregate amount of \$43,915 were made to participants. Also, during 2013 loan repayments (including deemed distributions) amounting to \$115,826 were made by participants. Interest charged on outstanding loans amounted to \$10,227 in 2013. As of December 31, 2013 and 2012, the principal balances outstanding on participant loans were \$193,644 and \$265,555, respectively.

(7) Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Great-West Financial. Great-West Trust Company, LLC is the trustee of the Plan and Great-West Life & Annuity Insurance Company is the record keeper. Therefore, these investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. In 2013, a direct payment in the amount of \$1,737 was made by the Plan to Great-West Life & Annuity Insurance Company for record keeping services. Additionally, \$6,000 was paid by the Plan to Thoerner & Toma, CPAs for auditing services. Other fees related to the Plan's operations were paid by the Company in 2013.

See Item 4(i) – Schedule of Assets Held for Investment Purposes for additional information related to the Plan's party-in-interest investments.

(8) Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 2, 2014, the date the financial statements were available to be issued. Effective January 1, 2014, the Company elected to commence making matching contributions equal to 25% of the first 4% of each participant's contribution.
