NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The Plan is a defined contribution profit-sharing plan covering eligible employees of Davidson Group, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements are reported using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Contributions receivable at year end are valued at cost, and represent contributions for the Plan years ended, which were received subsequent to the year end. Therefore, no allowance for doubtful accounts is deemed necessary.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are recorded at unpaid principal balance at year end plus any unpaid accrued interest. The Plan considers the notes receivable from participants fully collectible at year end; accordingly, no allowance for doubtful accounts is required. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 DESCRIPTION OF PLAN

The following brief description of Davidson Group, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions

Employees become eligible to participate in the Plan upon attaining the age of 18. Financing of the Plan comes from employer and participant contributions and investment income. Rollover contributions by participants are permitted. Employer contributions, other than matching contributions, are allocated using a nonintegrated (prorata) allocation formula. In no event will the employer plus employee elective deferral contributions exceed the maximum amount permitted by law. The Board of Trustees of Davidson Chevrolet, Inc. determines annually, at its discretion, the total amount of employer matching and non-elective contributions to be made to the Plan.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Participants may contribute up to 50% of eligible pre-tax compensation as defined in the Plan, subject to maximum annual additions allowed by law. Participant's contributions of up to 2% of eligible pre-tax compensation qualify for an employer discretionary matching contribution, determined annually by the Board of Trustees. For 2013 and 2012, the employer matched 100% of up to 2% of the eligible pre-tax compensation. There were no non-elective employer contributions made to the Plan for 2013 and 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of any employer non-elective contributions and Plan earnings. All investments are directed by the Plan participants.

Vesting

Participants are immediately 100 percent vested in employee contributions. The Company has a vesting period related to its employer contributions as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures

The non-vested portion of a terminated participant's account is forfeited when they receive a distribution of their entire vested account or after they have incurred five consecutive one year breaks in service. Forfeitures can be used to offset administrative expenses of the Plan and/or employer contributions to the Plan. Forfeitures available to offset future administrative expenses and/or future employer contributions totaled $9,199 and $9,512 at December 31, 2013 and 2012, respectively. Forfeitures of $2,604 were used to reduce employer contributions in 2013 and forfeitures of $10,550 were used to reduce administrative expenses in 2012.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Benefit payments are made upon normal retirement, death, disability or termination of service. The benefits are paid in a lump-sum payment or distributed in installments in accordance with the Plan document. The Plan also allows hardship withdrawals. The Plan has a mandatory cash out provision if the participant terminates employment and his vested account balance does not exceed $5,000.

Notes Receivable from Participants

The Plan allows for participant loans. Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans shall be for a fixed term of not more than five years, except a loan which shall be used to acquire any dwelling. If within a reasonable time the dwelling is to be used as the principal residence of the borrower, a longer repayment term may be allowed. The loans are collateralized by no more than 50% of the vested balance in the participant's account and bear interest at a rate determined reasonable based on interest rates charged for similar types of loans by other lenders. Only one loan is permitted at a time.

Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 3 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Collective Investment Trust: Valued at net asset value of shares held by the Plan at year end as determined by its sponsors.

All assets have been valued using a market approach.

NOTE 3 FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2013 and 2012:

		2013 Fair Value Measurements at Reporting Date Using the Above Criteria

NOTES TO FINANCIAL STATEMENTS

NOTE 5 TAX STATUS

The Plan is an adoption of a prototype plan of its recordkeeper, EPIC Advisors, Inc. Prior to December 2012, the Plan was an adoption of a prototype plan of its previous recordkeeper, Benefit Plans Administrators. The Internal Revenue Service has determined and informed the recordkeepers that the Plan is qualified, and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code.

The prototype plans obtained their latest determination letters on March 31, 2008, in which the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plans have been amended since receiving the determination letters. However, the plan administrator and the plan's tax counsel believe that the plans are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements. The Plan's Federal informational returns for the years prior to 2010 are no longer subject to examination by the respective taxing authorities.

NOTE 6 SUMMARY OF INFORMATION CERTIFIED BY PLAN CUSTODIAN

The total value of investments held in trust was $5,455,646 and $4,475,984 at December 31, 2013 and 2012, respectively. The total amount of uninvested cash held in trust was $485 and $25,955 at December 31, 2013 and 2012, respectively.

The trustee, NBT Bank, N.A., has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012 and the statements of changes in net assets available for benefits for the year ended December 31, 2013 and the period December 17, 2012 through December 31, 2012. The trustee, Hand Benefits & Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment and notes receivable from participant assets, transactions, and income presented in the accompanying statements of changes in net assets available for benefits for the period January 1, 2012 through December 16, 2012.

NOTE 7 RELATED-PARTY TRANSACTIONS

NBT Bank, N.A., the Plan's trustee, also performs various administrative and recordkeeping functions for the Plan. Fees paid by the Plan to NBT Bank, N.A. were $20,399 during 2013. Hand Benefits & Trust Company, the Plan's prior custodian, from January 1, 2012 through December 16, 2012 was a related entity to Benefit Plans Administrators, the Plan recordkeeper for the same period. Benefit Plans Administrators performed various administrative functions for which they were paid by the Plan. Fees paid by the Plan to Benefit Plans Administrators were $5,459 during 2012.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 1, 2014, the date on which the financial statements were available to be issued.
